Chapter 1809

Selena went to the courtyard where Celia and the women lived.

When she pushed the door open to barge in, she scared the people inside.

After seeing it was Selena, they began to surround her.

“Selena!”

“Selena, sit down!”

“Selena, you’re just in time. I ran into some problems during cultivation, but Master is busy, so I can only come to you.”

“I also have questions for you.”

Everyone started speaking over one another, outdoing one another.

“Please put your problems aside first. Come inside with me. I need to tell you all something,” Selena said seriously.

After that, she walked into the house.

Celia and the women looked at each other.

They did not understand what was going on.

Selena would come here almost every day, but this never happened.

‘What happened?’

They all had curious looks in their eyes.

“Come, let’s go in and find out.”

Celia walked over after she said that.

The rest of the women also followed her.

When everyone was inside, Selena closed the door and looked at everyone. She had an unpleasant look on her face.

“Selena, what’s wrong? Do you feel unwell?”

Celia asked worriedly.

Selena shook her head and her eyes turned red. Tears started to well in her eyes as well.

When she was out there, she could not stop herself from looking at the portrait of the warrant.

Selena would never forget that face.

After just one look, she could be sure that the David on the warrant was in fact the David they were waiting for. They were the same person.

This meant that David was being pursued by a big family and it was unknown whether he was still alive.

Plus, this big family even issued a warrant to ask everyone in Star Kingdom to find David. Now, David was in a life-or-death crisis while they were living peacefully over here. While Selena was worried for David, she also felt horrible.

She would rather stay with David and face the danger together. At most, they would just die together.

She would rather go through that than live a good life by herself.

She believed Celia and the others would feel the same way as her.

Selena's actions caused everyone to panic.

They did not know what happened, but they vaguely felt that something was wrong.

This had never happened to Selena back then.

One must know that Selena was the leader among them, and she was also the strongest.

If she was acting like this, then something horrible must have happened.

'Did something happen to David?'

Everyone was shocked on the inside.

At the same time, they had looks of panic in their eyes.

David was their hope, and he was omnipotent to them.

The reason they were cultivating so hard was to become Eternals so that they could stay longer with David.

If something happened to David, what was the purpose of cultivation? “S-Selena, did something happen to David?” Celia asked worriedly.
