Novel Married at First Sight Chapter 1681 -After Liberty left the hospital, she returned to her breakfast shop.

“Boss, you’re back.” Seeing Liberty’s return, the two shop assistants greeted her, then looked at her hesitantly.

Liberty was absent-minded and didn’t notice this.

The business in the store was also busy, so the two shop assistants would work first, and then talked to the boss after thinking about it.

But looking at the boss’s absent-minded look, the two shop assistants guessed about the hot search.

The boss’s younger sister was also the eldest wife of the richest man’s family, so the source of news was much faster than them.

Liberty sat down in front of the cash register, what Duncan said was still echoing in her mind.

He had a car accident, and she was also worried about him, but he blamed her on her head. Did she tell him to come to her? It’s not her name.

“Sister.”

A familiar voice was heard.

Liberty looked up and saw her younger sister sitting down in front of her. She was so absent-minded that she didn’t even notice that her younger sister was coming.

Liberty: “Serenity, don’t you need to go back to the store?”

Serenity: “Jasmine is there. I will go to our company with Elisa later. Jasmine is pregnant and it is not suitable for her to run back and forth, so she stays in the bookstore to look after the store.”

Josh didn’t want Jasmine to go to work, but Jasmine said that if he didn’t even let her go back to the bookstore, she would follow Serenity back and forth to the vegetable market.

Josh had no choice but to agree that she would go back to the bookstore to look around every day.

It's not tiring to guard the bookstore. When she needed to move the goods, there were bodyguards.

"Elisa hasn't come yet?" Liberty looked behind her sister, but she didn't see her cousin, so she asked.

"I called her just now, and she hasn't woken up yet, so I told her to wait for her at my sister's place."

Serenity looked at the dark circles under her sister's eyes, and asked with concern: "Sister, didn't you sleep well last night? This morning you went out so early."

When Serenity and Zachary got up, Liberty was not at home. Serenity asked butler, and the butler said that Liberty had left the house early.

Serenity guessed that Liberty went to the hospital to visit Duncan.

Although Liberty didn't love Duncan, she had known him for nearly a year, and Duncan had helped a lot and Liberty regarded Duncan as a friend.

"It's a bit of insomnia. I couldn't sleep, so I got up. I went to the hospital to visit Mr. Lewis, Mr. Lewis... He thought it was because of me that he had a car accident, let me go, and told Mrs. Lewis that I will never appear in front of him again in the future." Liberty said in a low voice, "Is this my fault? Being liked is also a mistake?"

"Sister!" Serenity reached out and held Liberty's hand, and said softly: "Sister, don't think about it, Mr. Lewis always knew the truth about his injury, and it was hard to accept it for a while, so he did this. Not only did he not want to see you, but he also didn't want to see me."

"Zachary and I also went to see him. He didn't see me, and didn't let Zachary enter the ward, he notified his bodyguards to come over, and stood guard at the door of the ward, and people he didn't want to see couldn't enter his ward at all."

Liberty was a little surprised, she said, "Mr. Lewis and Zachary are gone?"

Serenity nodded and said, "He may think that we will sympathize with him. He doesn't want our sympathy. We don't sympathize with him, but we care about him."

When he knew the injury, he was worried that he would be disabled and would be in a wheelchair for the rest of his life. He would not be able to accept it. He thought that all of us sympathized with him."

Liberty sighed, "What Mr. Lewis said to me, I think he is the same."

Those hurtful words that Duncan said were not his sincere words.

Liberty was very hurt when she heard it at the time, but after calming down and thinking about it now, she decided that it was not Duncan's truth.

Novel Married at First Sight Chapter 1682 -"It's not sincere, don't take it to heart."

Serenity went to the hospital, and Duncan's father told the couple everything.

She felt that this was not Duncan's sincerity.

Duncan was just worried that he would be disabled and would be in a wheelchair for the rest of his life, and he didn't want everyone to sympathize with him.

After a moment of silence, Liberty said, "I hope Mr. Lewis will not give up on himself, and he can continue to do rehabilitation after he is discharged from the hospital, so that he can recover soon."

"Yes." Serenity looked at Liberty.

Liberty: "Is there anything else you want to talk to me?"

Serenity: "The matter of Mr. Lewis's car accident was on the hot search in Wiltspoon. Those people made wild guesses and involved my sister."

Liberty was stunned, took out her phone, opened it. After reading the local news, seeing the head of the Lewis & Co.'s car accident was on the top searches, she clicked it to see.

Serenity: "Zachary made people suppress the ranking of the hot search, and he will withdraw from the hot search soon."

After reading it, Liberty said, "I don't care, I'm afraid this matter will affect the Lewis & Co."

Duncan's group was Duncan's personal property. He spoke loudly in the company. Unlike Lewis & Co.'s business, which was a family business, even if something happened to the head of the family, someone else would take over the company.

Something happened to Duncan. There were other high-level managers in his company who take care of the company. If it took a long time, it was easy to be unstable. They also worry that someone would have a wrong heart and did something that they're sorry for the company while Duncan couldn't go back to the company.

“Don’t worry about this, Zachary is watching, and the Lewis family also arranged for the second young master Lewis to help Mr. Lewis stabilize the company first.”

The elder Young master Lewis was the head of Lewis’s enterprise, he was busy, so it was difficult to be distracted To help the fourth brother, Duncan take over the company, they could only arrange for the second young master Lewis to go there first.

Under the observation of the York Corporation, nothing would happen to Lewis & Co. as long as at least one member of the Lewis family was in charge.

“Sister, don’t take the media’s random speculations to heart, don’t blame yourself, think it’s your responsibility.”

Serenity was afraid that Liberty would think that way.

Liberty: “Serenity, don’t worry about me, I won’t think it’s my fault.”

Serenity felt relieved when she saw that Liberty didn’t seem to be dealing with her.

Serenity: “The news from Mr. Lewis, I will pass it on to you when there is good news.”

Liberty nodded, “I hope Mr. Lewis will recover and be discharged from the hospital soon.”

“Serenity, if you are busy, go and do it. I will clean up for you. I will be off work again soon.”

Liberty got up, walked out of the cash register, and was about to go to work on her.

Serenity watched her sister go away, and said, “I’ll wait for Elisa here, and I’ll leave when she comes.”

Liberty hummed, but didn’t answer.

Knowing that her sister was still worried about Duncan’s injury, Serenity could only sigh inwardly.

After Duncan was in a car accident, the people who were close friends with the Lewis family all went to the hospital to care and visit Duncan.

Grandma naturally also went.

Grandpa had always regarded Duncan as his grandson.

When facing other people, Duncan didn’t talk much, sometimes when others came, he happened to be sleeping.

But when Grandma came, he wanted to talk to Grandma alone.

When there were only Grandma and Duncan in the ward, he said to Grandma: "Grandma, I know what you said before, if Liberty wants to remarry, you can match her up and let her marry a good man."

Novel Married at First Sight Chapter 1683 -Grandma glared, "What? Lying here now, you lost confidence and wanted to push Liberty out?"

Before Duncan could answer, his Grandma said to him again: "Who do you think you are from Liberty? Her life is up to you to arrange? If you want to push her out, you also need to take her into yours first. In the world, you have the opportunity to push her out.

You kid, you haven't even touched someone's little hand, you haven't even started, so why did you arrange it for him?

Does it hurt here?" Grandma used a little force on his injured leg.

Duncan: "Grandma, it hurts, it hurts so much!"

Duncan was a tough guy, he broke out in a cold sweat due to such pain.

It's just that he kept holding back and didn't hum.

In front of Grandma, he didn't have to build up his defenses.

Grandma: "Knowing the pain is a good thing. It proves that your legs are still conscious and will not be paralyzed. Of course, it will take a long time to recover after a hundred days of injury. After you can be discharged from the hospital, you can find a home for rehabilitation. Center, do a good job of rehabilitation, I believes that one day you will be able to walk as fast as before."

Duncan said sadly: "Grandma, I am afraid that I will need a wheelchair for the rest of my life."

"Now the doctors dare not say a word I insist that you will be in a wheelchair for the rest of your life. Are you worried that you will be a drag on Liberty if you are disabled, so you don't want to see Liberty, and even Zack is rejected by you.

You still say those stupid things, You didn't catch up with Liberty in the first place, but you made Liberty uncomfortable by saying those b@stard words, are you really planning to give up?

I have been helping my family's unfilial grandchildren to find wives. During the search process, I also think that some young people are quite good. If I have granddaughters, I will match my granddaughter with one of them."

If you think you can really give up, then I will arrange for Liberty. One of the men is also divorced and has no children. He divorced because he was too busy to spend time with his wife when he started his business. It caused his wife to cheat and finally got divorced.

Now that his business is stable and he has some time to talk about love, I think he is quite suitable for Liberty. He has also been divorced before, so don't worry about Liberty's Marriage."

Listening to Grandma's words, Duncan's face was as white as paper.

He bit his lower lip tightly and didn't speak.

Seeing his appearance, Grandma knew that he couldn't let Liberty go, but now that he was injured and worried that he would be in a wheelchair for the rest of his life, he said decisive words and wanted to push Liberty away.

What a fool!

He hadn't taken Liberty into his arms yet, so how could he have a chance to push Liberty away?

He was not qualified to arrange future life for Liberty.

After a while, Duncan said with difficulty: "Grandma, how old is that person? Although Liberty has been divorced and has a child, she is still young, in her early thirties. If the other party is too old, she is not suitable for Liberty."

That boss, he's a little older than you, maybe ten years older than Liberty, he hurts people when he's older."

Duncan blushed anxiously, "Grandma, he's a little too old."

Grandma: "Worried? Worried? Since you can't let go, don't think about anything else, take good care of your injuries, and treat your legs well."

Duncan: "..."

Grandma: "Duncan, I believe in you. You will get better, as long as you don't give up on yourself."

Duncan didn't speak. He was unsure whether he would be able to endure the pain of rehabilitation after being released from the hospital.

Grandma: "Have a good rest, I won't bother you anymore."

Duncan's mental state was still very poor, and his Grandma couldn't bear to disturb him to rest.
