Novel Married at First Sight Chapter 1759 -Knowing that Callum was not in the company, Camryn was still standing there waiting.

Zachary said that Callum was on his way back.

Camryn felt a little regretful, she would have called Callum in advance if she had known that he was not in the company, but calling in advance would not be a surprise.

Fortunately, Callum rushed back from the Wiltspoon Hotel, so he didn't keep Camryn waiting long.

All the way, he was guessing why Camryn came to him suddenly.

When the elder brother, Zachary told him, he only said that Camryn was here, but didn't say what she was here for.

Ever since Camryn left in Dalton's car that day, he hadn't seen Camryn for a few days. There was a phone call, but every time he called her, he was talking and she was listening.

He knew that Camryn's aunt, Azalea was coming, and Camryn said she was going to see her, but she refused to let him go, saying that the aunt and niece wanted to get along well and didn't want to be disturbed.

When Camryn said this, Callum didn't go to her and let the aunt and niece get along well. In the past twenty years, she has received some love from her relatives from her aunt. Acting like a child, she didn't want him to see it.

In fact, Callum was very fond of Camryn, the two parties didn't notice it.

As soon as the car stopped, Callum quickly got out of the car and ran towards Camryn.

"Camryn."

Callum ran to Camryn and saw that she was still holding a large bouquet of roses. After taking a few breaths, he reached out and took the bouquet from her hand, and asked her with a smile: "Is this for me?"

In the past, Callum called Camryn's flower shop to order the flowers she sent, and then asked her to send them to the company.

It was the first time Camryn took the initiative to send flowers to him.

Camryn faced him and chuckled, "It's not for you, who is it for?"

Hearing this, Callum grinned.

“This flower is really beautiful, I like it!”

Callum was now as happy as a fool.

It’s just a bunch of flowers, and he could be so happy.

Camryn felt his joy, and suddenly felt that she treated him too badly.

Callum: “Why don’t you call me in advance and tell me if you want to come over, so that I can wait for you in the company.”

Camryn said softly, “I want to give you a surprise. Is it a surprise if I call you and tell you?”

Callum grinned again, and had to say that she suddenly came to him on her own initiative and brought him a bouquet of flowers, which was indeed a surprise to him.

“When did you go back to the city?”

Callum held the bouquet in one hand, and held Camryn’s hand in the other.

His big hands were gentle and strong. When he held her, she felt warm, and she really wanted to hold his hand through all of life’s storms.

Camryn: “I just came back in the afternoon, and I came to see you after I sat in the store for a while.”

She said that she came to him after she came back, and Callum was even happier.

At this moment, the smile on his face was as bright as the midday sun.

Callum: “Your aunt has gone back?”

Camryn: “Yes. She has a lot of things at home. For my sake, my aunt has been running around in recent years. Even if Brother Dal helped my aunt financially, my uncle still has some opinions, but my uncle never said a bad word in front of me.

Those cousins are also very kind to me, and even my cousin is very kind to me.”

Camryn thought that her aunt had paid too much for herself in the past ten years, so she felt that she was a drag.
