Married at First Sight Chapter 1931-Julian put down his water glass, told Mrs. Stone that he wanted to leave, and got up to leave.

When passing by Remy, he even patted Remy on the shoulder.

Remy immediately said to Mrs. Stone: "Auntie, I'll take Mr. Bucham out."

He wanted to find out what Mr. Bucham wanted to do.

Mrs. Stone did not speak, but acquiesced.

Remy handed the suitcase to Elisa, turned around and followed Mr. Bucham out of the house.

When he got outside the house, he asked Julian: "Mr. Bucham, I know you don't really want to pursue Elisa, can you tell me why you did this?"

Julian stopped, turned to look at him, and said with a smile: "I can't tell you yet, but Mr. Johnson, if you don't work hard, take Elisa down earlier, maybe someone will really snatch Elisa away. If you can get engaged to her, don't worry, it'll alright."

Remy said with a wry smile, "Do you think I don't want to? Mrs. Stone is very stubborn, she always disagrees with me and Elisa, and Elisa and I are working hard. No matter what, I will never give up on Elisa. Mr. Bucham, no matter what your reason for doing this, you have brought me a lot of pressure."

Why was it so difficult to chase a wife?

He couldn't marry Elisa back home smoothly.

He still envy Josh, Josh and Jasmine were going smoothly.

There was no setback at all, the two elders knew that they liked each other, and they all agreed with it.

Julian laughed, and patted Remy on the shoulder again, "Since you are under pressure, cherish Elisa from now on, otherwise someone will rob your love at any time. I know, in this world, there is no better man than you."

Remy nodded, "I have always cherished Elisa."

He also maintained a sense of crisis.

Some time ago, Audrey always brought Elisa and Andrew together, and he felt a sense of crisis.

Fortunately, Andrew didn't cooperate with Audrey, and made it clear to Audrey that he didn't like Elisa.

Because Elisa liked Zachary before, and Andrew was Zachary's cousin. Andrew felt it was weird to be with Elisa, so he said that he would never be with Elisa of. During this time, Andrew was not pulled out by Audrey to rob Remy's love.

It may be that Audrey felt that Andrew really couldn't be used, so she gave up on her own initiative.

Julian smiled and said: "Come on! I still have something to do, so I'm leaving first. If you can hide today's matter, you can hide it from me. Don't let my father know, otherwise he will come to propose marriage with a sky-high price. Don't blame me for not reminding you in advance. Mr. Johnson, you should hurry up and get engaged to Ms. Stone. Once the relationship is established, you can rest assured."

After finishing speaking, Julian quickly slipped away.

Remy was afraid that Julian's father would find out That he was "pursuing" Elisa, and then he could not wait to run to the Stone family to propose marriage, that would be a big trouble.

He kept this matter from himself, and he didn't dare to use his own people.

With his own people, it is estimated that his back foot was sold as soon as he left.

He was asking Andrew to help hide his itinerary today.

The Reading family kept a low profile, and he and Andrew rarely interacted with each other. Andrew helped him and would not attract attention.
