Married at First Sight Chapter 1971-Jasmine: "Josh took a screenshot from his circle of friends, and he was startled when he saw it, he didn't want me to know. I still found out, so I'll send it to you as soon as possible to identify the man."

"Is it Zachary? I think that person's figure from the back really looks like Zachary."

Serenity thought, did anyone in Analia's circle of friends know Zachary?

Thinking of the wealth and status of the Dawson Family, it's not surprising.

Serenity said: "Just looking at the figure and back view, it looks very similar to my husband, even the profile. I'm not sure if it's him. It stands to reason that he shouldn't steal it. I have a little impression of that woman, she looks like Analia, the only daughter of the boss of the Dawson Group."

Hearing this, Jasmine immediately said: "Serenity, this man may really be Zachary. I heard Josh say that the York Corporation and the Dawson Group has cooperated on a project, and that project can bring considerable benefits to the two groups. At the beginning, your husband attached great importance to this project, and it was he and others follow up.

Return to you, I remember you told me that you have added two rivals in love, one of them is Analia, the daughter of the Dawson Group, right?"

Jasmine was very unwilling to believe that Zachary had cheated.

Jasmine said to her friend: "Serenity, maybe Mr. York came into contact with Analia for business matters, you should understand clearly first."

Serenity did not speak.

Jasmine suddenly regretted it. She regretted that she sent the photo to Serenity.

Josh even wanted to hide it from Jasmine, and he didn't want her to worry about it and think wildly.

But Jasmine felt that if Zachary betrayed Serenity, if she knew about it, she would become Zachary's accomplice if she didn't tell her friends. She couldn't do that.

Regardless of her identity, she was still Serenity's best friend, and Serenity held a special place in her heart.

After a long silence, Serenity said: "I'll ask Zachary when I go back. I don't think that man is my Zachary. Jasmine, not only I know who Zachary is, but you also know him.

The woman walked with him, you are also witnesses. If that woman is not Analia, I might really think that Zachary is having an affair with other women behind my back. But that woman is Analia, I don't believe it, Analia likes Zachary even flirted with him, and even came to my house to find me and wanted to chat with me, and I agreed to chat with her, but she left Wiltspoon the next day."

Jasmine: "... So shameless, they all went to the door."

"Who in Wiltspoon doesn't know that Zachary loves his wife, and Analia is really shameless, thinking that she can snatch other people's men because she is the daughter of the Dawson Family?" Jasmine said.

If Analia was in front of her, Jasmine could scold even more. She had never seen such a shameless woman.

Jasmine: "Serenity, what is Zachary's attitude?"

Serenity said: "Zachary was touched by her palm, and then he went home and acted like a baby to me, complaining, asking me to keep him tight and not let other women take advantage of him. He even washed his hands more than a dozen times.

I also know about the cooperation between the two groups. Originally, Zachary attached great importance to this cooperation, so he met and negotiated with Mr. Dawson in person. Because of Analia's behavior, He got angry and wanted to give up the negotiated cooperation, so I advised him to do business.
