Married at First Sight Chapter 1990-Kevin: "Hayden, I envy you. Your parents are not in a hurry about your marriage, nor are they rushing you."

Hayden pursed her lips.

It's not that her parents didn't urge her, but they couldn't.

She disguised herself as a man, and her parents wanted her to go on a blind date with a man, but if she went on a blind date, she would probably scare the blind date man.

There were many people who pursue her, all of them were girls.

She wanted to marry but couldn't.

Her parents were helpless.

She could only encourage her younger brother, but Hugh neglected his parents' advice to get married. Hugh always listened with his left ear and left his right ear whenever he was encouraged to get married. Upon leaving the house, he immediately turned around and forgot what his parents had said.

Her parents were still helpless.

"Mrs. Stone's surname is Farrell. My elder brother's mother-in-law is Mrs. Stone's younger sister, so naturally her surname is also Farrell. Kathryn is so similar to Sister Liberty. I think Mrs. Stone is most likely the niece of the current head of the Farrell family. However, the age does not seem to be right."

Hayden asked, "How old is Mrs. Stone? Matriarch Farrell is seventy this year. When she was eighteen, her first niece was born, so her first niece should be fifty-two years old this year."

Kevin said: "I don't know how old Mrs. Stone is actually. She is about the same age as my parents. Her oldest son is in his early thirties. I guess she should be nearly sixty years old, because she was working in the Stone family, she was appreciated by her husband and father-in-law, and thus married into Stone family.

But the surname Farrell is rare. Mrs. Stone and her sisters happen to have the surname Farrell. Both of their parents died and their family members were gone, so they entered the orphanage. However, Mrs. Stone is very powerful, much better than her sister. Although her sister has been dead for more than ten years, and from my sister-in-law's memories of her deceased mother, it can be analyzed that her mother was a kind person, not as strong as Mrs. Stone "

As a young woman, Mrs. Stone accompanied her husband into the business world and held a pivotal position within the Stone Group. Even though she has now retired, control of the company has been transferred to her eldest son. She retains a great deal of prestige. She remains respectful when she sees the company's superiors.

I also often heard my grandma talk about Mrs. Stone when she was young. My grandma said that she admired a girl like Mrs. Stone. She wanted to abduct her home to be her daughter-in-law, but the businessman preempted her. My grandma have to give up.”

Hayden said: “The oldest daughter of the Farrell family has always been very powerful.”

Kevin said instinctively: “The last head of the Farrell family was so powerful, why did she still die in the hands of her younger sister? She didn't even keep her husband's family members. The whereabouts of the two young daughters are even unknown, and their life and death are uncertain.”

Hayden choked.

After a long while, she had no choice but to say: “People make mistakes, the previous head of the Farrell family may have accidentally followed her sister's way.”

No matter how powerful a person is, they all have weaknesses and sometimes miss.

The current Matriarch Farrell was ruthless enough to disregard family affection.

It was because she killed her elder sister and younger sister that she was able to sit firmly as the head of the Farrell family for decades.

Anyone who knew the history of the Farrell family said that Kathryn was replaced by the housekeeper after she was born, which was the retribution of the head of the Farrell family.

Raising a daughter for others, but her own daughter suffers from hardships and poverty, living a miserable life.

“Someone in the Farrell family can't understand how Matriarch Farrell favors her adopted daughter, and they also look down on Kathryn as a true daughter. They have been quietly searching everywhere to find out the whereabouts of the previous Matriarch's two daughters.”

Hayden asked Kevin: “Do you want to disclose this news to the Farrell family?”
