I am a quadrillionaire chapter 1938-David was helpless.

He could only take a step back and bow back to Cedar.

The two bowed to each other like they were in a wedding ceremony in ancient times on Earth.

Cedar bowed because he felt guilty about David. He had dragged David into the Fellowes family's mess without David's knowledge.

David bowed to thank the other party.

The Fellowes family was his great benefactor.

Without the Fellowes family, how could David achieve True Saint Rank in such a short time?

Soon, he would become a Sacred Saint, or perhaps even surpass Sacred Saint.

It was possible that this rate of improvement had never even happened in the level 8 civilization, level 9 civilization, or even the God Tier Civilization, let alone in Star Kingdom, a level 7 civilization.

Spending money alone was slow, and one would have to worry about attracting the attention of the powerhouses.

At that time, David did not have the strength to deal with it.

After meeting Alba, a lot of his troubles were solved, and he saved a lot of time.

Thus, David was sincerely grateful to the Fellowes family.

He also secretly swore in his heart that no matter what difficulties the Fellowes family encountered in the future, he would save them as long as he was around. He would never allow anything to happen to the Fellowes family.

This was a promise from someone who was about to surpass Sacred Saint Rank.

This only cemented the fact that the Fellowes family would inevitably continue to grow bigger and stronger and achieve greater glories in the days to come.

"No! David, you can't do this!"

Seeing that David had also bent down, Cedar quickly helped him up.

The two supported each other, but were grateful to each other in their hearts.

“Everyone, get up now. This feels a bit strange,” David said.

Alba and the others were unmoved.

They were waiting for the grandmaster to speak.

“David told you to get up, so you should get up,” Cedar said.

“Yes, Grandmaster!” The three of them straightened up.

They did not dare to get up without the grandmaster’s permission.

“David, since this is settled, I should leave. The Fellowes family still has a lot of things waiting for me to deal with.

Furthermore, the Palmore family is coming at us aggressively, so we also have to be prepared.”

“Cedar, go ahead. I will also contact Master as soon as possible to prepare him to come out. Please rest assured this time that I will definitely get him out and I will not disappoint everyone.”

“Thank you, David.” Cedar clasped his fists together.

“You are welcome! You are welcome! This is what I should do.”

“Farewell!”

“Farewell!”

Cedar turned to look at Alba and the others before saying, “Roald, come with me. Let Vai and Alba stay here with David.”

“Yes, Grandmaster!” The three replied at the same time.

Then, Cedar took Roald and left after tearing the space apart.

Only David, Alba, and Valerio were left in the room.

“Master David, we won’t bother you anymore. Just let us know if you need anything. We will always be on call,” Valerio also bid farewell.

“Thank you, Mr. Valerio. I will also contact Master and ask him to come out as soon as possible, otherwise, it will be very troublesome if he is late,” David replied.

'You should go on with your business, Master David. We will leave now.'

"Goodbye, Master David!" Alba said.

"Goodbye, Miss Fellowes."

Valerio and Alba also left.

Now, David was left alone in the room.

After sending the two away, he sat directly on the floor and took a few deep breaths to calm himself down.

The most important moment had arrived.
