

A Man Like None Other Novel

Chapter 2694

"David, that's David..."

Liu Ruyan saw the figure in mid-air clearly, and shouted excitedly!

"It's Mr. Chen, master, it's really Mr. Chen..."

Fang Shu shouted excitedly when he saw that it was David!

The third elder's eyes were moist, and his tears flowed freely!

David didn't die, not only did he not die, but he broke through the Transformation Realm!

In this way, they will be saved!

And the Second Elder and Zhe Yan saw that it was David's breakthrough, and their expressions were extremely ugly!

"Hurry up, before David breaks through..."

The Second Elder hurriedly shouted!

Seeing this, Zhe Yan immediately waved his hands, and several demon cultivators went straight to David, all kinds of weapons in their hands waved towards David together!

Seeing this, the third elder and Liu Ruyan all jumped up one after another!

“Protect Mr. Chen...”

the third elder roared!

He knew that at this time, David’s safety must be guaranteed. As long as David’s breakthrough is completed, they will be saved!

All of a sudden, everyone was fighting together in mid-air!

At this moment, David suddenly opened his eyes, and a majestic aura enveloped the entire Jade Cauldron Sect in an instant!

Several demon cultivators were instantly sent flying by this aura, vomited blood one by one, and lost their fighting power!

Immediately afterwards, with a wave of David’s palm, thousands of spiritual powers were condensed into a flying sword, which shot out in an instant!

Whoosh, whoosh...

The flying swords criss-crossed each other, each of them was unable to dodge, and was instantly hit by the flying swords, and each of them fell to the ground screaming!

For a while, the disciples of the second elder’s lineage and the magic cultivator brought by Zhe Yan suffered countless casualties between David’s waving hands!

Everyone looked at David in shock, with incredible expressions on their faces!

So many of them rose up to resist, and finally ended up almost completely destroyed!

But as soon as David made a move, he just waved his hand, and most of those demon cultivators were killed or injured!

You must know that David has only just broken through the Transformation Realm and reached the Realm of Composite Body Realm!

And the worst of these magic cultivators are the eighth rank of Transformation Realm, and there are also many masters of Fusion Realm among them, but in David's hands, they can't survive a single move!

"Mr. Chen, you... you are still alive, it's great, it's great..."

The third elder looked at David, and suddenly burst into tears!

"Mr. Chen..." Nie Heng hurried forward and gave David a respectful salute!

David nodded slightly, and then asked, "What happened? How come there are so many demon cultivators in the Jade Cauldron Sect?"

David didn't know that the Second Elder was also planning to seize the suzerain of the Jade Cauldron Sect!

"Mr. Chen, the matter is like this..."

The third elder told David what happened in detail!

After hearing this, David couldn't help looking at the second elder, with admiration in his eyes!

He didn't expect that the Second Elder's thoughts were so thoughtful, which could be regarded as a trap for the Third Elder and Hu Yixiao!

"Your calculation is very good, but it's a pity that you missed me..."

David looked at the second elder and said with a cold smile!

The second elder's face was gloomy, and he stared at David firmly. He didn't expect that David would not die, but even broke through!

But the movement of breaking through the realm of transformation is really too big!

"David, don't think that you are great just because you suddenly shot and killed some of my subordinates."

"No matter who comes today, it won't stop me from being the suzerain."

The second elder gritted his teeth, then looked at Zhe Yan and said, "I'll leave David to you. As long as you kill him, the resources of the Jade Cauldron Sect will be destroyed." Use whatever you want!"

Zhe Yan nodded immediately after hearing this, and then looked at David coldly and said, "Boy, I failed to kill you last time, this time I won't let you run away..." Zhe Yan finished

speaking , a raging flame rose from his body, and with a sudden push with both palms, the flames all over the sky swept towards David like waves!

Zhe Yan knew that David's strength had improved, so he came up with a unique move as soon as he made a move!

Chapter 2695

"Mr. Chen..."

"David..."

The third elder and Liu Ruyan couldn't help but feel worried when they saw that Zhe Yan had made a move on David, and that he would use a unique move as soon as he made a move!

Although David had made a breakthrough, he had only just reached the Composite Body Realm, and that Zhe Yan was at the third rank of the Composite Body Realm, and he also possessed the most fiery magic cultivator!

There is still a big gap between the two people's cultivation bases, so they worried that David would not be the opponent of Zhe Yan!

But David was indeed full of confidence, and he didn't care about Zhe Yan's attack!

"You take care of the second elder. As for the demon cultivator, just leave it to me!"

"If I want to kill him, I can do it at any time..."

David said with a faint smile!

"Boy, you are too fu**ing crazy, I want to see how you kill me..."

Zhe Yan roared, and then the flames instantly engulfed David!

Seeing this, the third elder and Liu Ruyan could only focus on the second elder, then jumped up and attacked the second elder!

Now the Second Elder doesn't have Zhe Yan's help, and most of those demon cultivators are dead, so the Third Elder and the others have the upper hand!

"Kill me, these traitors must not be allowed to escape alone..."

Liu Ruyan roared!

Nie Heng and Fang Shu rushed up with the disciples of the Jade Cauldron Sect!

All of a sudden, the scuffle and fight sounded again!

People continued to die, and the blood-spattered out dyed the entire ground of Jade Cauldron Sect red!

The second elder's side began to be a little decadent, and the one who was led to be killed by the third elder and Liu Ruyan retreated steadily!

Zhe Yan surrounded David with flames all over the sky. The fierce flames were burning, and the scorching temperature made it impossible for people to breathe!

"Boy, I'm going to burn you to ashes today, let's see how arrogant you are!"

Seeing David trapped in the flames, Zhe Yan said proudly!

"You want to burn me to ashes with just your little flame, it's too weak, let's make this flame more intense!"

David said playfully!

"Okay, since you still dare to shout, then I'll let you taste the power of Zhihuo..."

Zhe Yan said, waving his palms continuously, one after another flames began to roll, and the flames around David became even hotter!

What David wanted was this effect. He had just refined a wisp of the ultimate fire of the demon race, but unfortunately there was too little of that wisp of ultimate fire. Therefore, if David wanted to make the ultimate fire in his body stronger, he had to absorb other The ultimate fire, to strengthen the ultimate fire in your body!

That's why David deliberately stimulated Zhe Yan, and let Zhe Yan radiate all the fire in his body!

David felt the flames around him, and the black flame-like mark on his dantian began to flicker continuously!

The surrounding flames formed a small vortex, which began to be absorbed by the ray of flames in David's body!

But Zhe Yan didn't notice it at all, he flipped his palms and showed all his strength!

Seeing David roasting in the flames, Zhe Yan's face was full of sneers!

But soon, Zhe Yan frowned suddenly, and then fixed his eyes on Zhi Huo around David, his face became extremely serious!

"My boy, you can actually absorb energy from my ultimate fire, no wonder you have no fear in this ultimate fire!"

Zhe Yan discovered David's little abacus!

Immediately afterward, Zhe Yan's palms sucked suddenly, and the flames around David instantly entered into Zhe Yan's palms, forming a fireball the size of a football!

I saw Zhe Yan's palms rolling back and forth, the fireball gradually extinguished, and then turned black!

Zhe Yan threw the black ball towards David's head.

Bang...

With a burst, a substance like black oil fell from the sky instantly.

Chapter 2696

This substance was extremely viscous, and a lot of it fell on David's body, making a sizzling sound instantly, accompanied by a burst of white smoke, and a deep wound was burned on David's skin!

David frowned, and the indestructible golden body instantly activated, and the golden scales covered David's whole body, wrapping David like a god of war in golden armor!

However, those black substances fell on David's body, still giving off a scorching temperature, and the golden scales were damaged under the burning of this substance!

"Damn, what is this thing? Why is it so difficult?"

David couldn't help cursing, and quickly backed away, he wanted to avoid this area!

These things are like Phosphorus, when they are contaminated on the body, they will continue to emit heat and burn, and there is no way to remove them from the body!

"Hahaha...you still want to run, how is that possible!"

"This is the black scale liquid condensed with the ultimate fire, there is no way to extinguish it."

Zhe Yan laughed, and with the palm of his hand, countless black scales The liquid splashed towards David again!

Seeing this, David burst out a large amount of spiritual power, forming a transparent shield around his body!

Zizizi...

The black scale liquid splashed onto the shield, and quickly burned the shield, and then began to burn and corrode David's indestructible golden body!

David looked at the black scale liquid, and fell into a passive situation for a while, he didn't expect that Zhe Yan was so skillful in controlling Zhihuo!

"Hahaha, just give up. Nothing can resist the burning of the black scale liquid. In the end, your whole body will be burnt to death."

Zhe Yan laughed wildly. In his opinion, David is just at the end of his strength, and he will die soon!

Suddenly, David's eyes flashed brightly, and he remembered something instantly!

"It's too early for you to be happy, but not only you have Zhihuo, I also have it here, let's compare whose Zhihuo is more powerful..." After David finished speaking, the Zhihuo in his dantian was instantly

transported to the palm of his hand. superior!

Zhe Yan saw that on David's palm, a ball of black fire was constantly beating.

"Zhihuo? Is it really Zhihuo? How can you have Zhihuo?"

Zhe Yan couldn't believe it, how could David have Zhihuo!

You must know that this fire is unique to their flame demons, and only they can practice it. But now David is a human race, how can he have the fire in his body?

Zhe Yan looked at David in shock, and he could feel that the power contained in the seemingly weak flame in David's palm should not be underestimated!

"Could it be that this is the Supreme Holy Flame of the Flame Demon Patriarch?"

Zhe Yan's mouth was rounded at this moment, and there was a bit of panic in his eyes, because he had already felt that the Supreme Fire in David's hand was different from his!

David didn't know what the Supreme Flame of the Flame Demon Patriarch was. He only knew that this ray of flame in his body was also the Supreme Flame of the Demon Race!

"Since I can't stop your black scale liquid, let them burn..." After

David finished speaking, he waved his palm, and the flame rushed towards the black scale liquid in an instant!

After the black-scale liquid hit the fire, it made a bang-bang sound instantly, and then burst into clusters of flames, all of which were on fire!

At the same time as the black-scale liquid erupted into flames, a cloud of black mist surrounded the area for hundreds of meters!

The black-scale liquid is burning, and the threat to David is not so great now!

And at this moment, David's supreme fire began to walk through the flames, and continuously absorbed the surrounding flames to increase his own strength!

Originally, David's slap-sized Zhihuo quickly absorbed a lot of flames and became much larger. Even the flames kept rising!
