

A Man Like None Other Novel

Chapter 2751

David brought Yihe Yaohuang into the room, Liu Ruyan was a little dumbfounded, he didn't understand what Yihe Yaohuang suddenly came to their Jade Cauldron Sect!

And it seems that he is very familiar with David!

The third elder explained to Liu Ruyan, and Liu Ruyan was shocked!

She didn't expect that a place like Yaohuang City would have a rebellion. She thought that only a small sect like the Jade Cauldron Sect would have disciples rebelling!

At this time in the room, David was checking the body of Yihe Yaohuang!

Straits of spiritual power passed through Yihe Yaohuang's body, but David didn't find anything unusual!

"It's strange, since you have been poisoned and the strength in your body is suppressed, why can't I notice it at all?"

David frowned!

"This is a poison unique to Mingli King City. I have also heard that this poison is colorless and tasteless. It can suppress people's strength without knowing it!" "

And this poison has another characteristic, that is, poisoning." Afterwards, others will not be able to find out, and need the unique antidote of Mingli King City!"

Yihe Yaohuang said to David!

"There is such a powerful poison in Mingli King City, I still don't believe it, I can't find it out..."

David lightly pressed Yihe Yaohuang's wrist, and started to investigate again!

When David was investigating for Yihe Yaohuang, David suddenly thought of Zhe Yan's voice in his mind!

"Mr. Chen, I know this kind of poison from Mingli King City. This kind of poison is not bad in the body. This poison erodes the sea of consciousness. You can enter the other party's sea of consciousness to check..." Zhe Yan said

to David said!

As soon as David heard this, he withdrew his spiritual power, and immediately released a huge spiritual consciousness, and then enveloped Yihe Yaohuang!

Strands of consciousness entered into the sea of consciousness of Yihe Demon Emperor, and David found out that the sea of consciousness of Yihe Demon Emperor was corroded and destroyed!

Although Yihe Yaohuang has a clear consciousness and no problem with his thinking logic, whether it is to use spiritual power or explode the power of the beast clan, it needs the guidance of spiritual consciousness!

That is to say, it takes one thought, so that the heart can move with it...

"How did you know about the poison in Mingli Wangcheng?"

David asked very curiously!

"To tell the truth, Mr. Chen, back then, many people from my demon clan were killed by King Li, and many of them were powerful seniors who were also killed by King Li!

" King, deceive us demon cultivators, give us a safe place, and help us resist the pursuit of the human race." "After knowing this,

many demon cultivators have defected to this King Li, but they don't want to be poisoned by this King Li in the end. They were all brutally killed!"

When Zhe Yan mentioned this, he was obviously very angry!

"This guy, why did you do this?" David was very puzzled!

If King Li wanted to kill the demon clan, he would just chase and kill the demon cultivators just like other sects. Why did he lie to so many demon cultivators?

"This King Li just wants to learn the unique skills of our several major demons. I don't know if he has learned the unique skills of the demons after killing so many demons!"

Zhe Yan explained!

After hearing this, David couldn't help but feel even more shameless at what King Li had done!

Yihe Yaohuang couldn't hear the conversation between David and Zhe Yan in the sea of consciousness. Seeing that David hadn't moved for a long time, Yihe Yaohuang said, "Mr. Chen, if you really can't find out, then forget it... .."

"I have already found out that this poison is eroding your sea of consciousness, but because this poison is highly targeted, it has no effect on your thinking and consciousness at all, so no one will think it. This poison will hurt you. It's my own consciousness!"

David said!

When Yihe Yaohuang heard it, he was overjoyed and said, "Since Mr. Chen has found out, can the poison be cured?"

Chapter 2752

David frowned and shook his head and said, "I have never seen this kind of poison before, and I don't know how to detoxify it yet. I can only find some medicinal materials and do some experiments..." Although David found out

, However, David had no effective way to remove this poison.

To get rid of this poison, David needs to do some experiments to see what kind of medicinal materials can work!

When Yihe Yaohuang heard this, David couldn't cure the poison, and his expression instantly became a little lonely!

"You don't have to be discouraged, as long as you give me time, I will definitely get rid of this poison."

David looked at Yihe Yaohuang's appearance, patted him on the shoulder and said!

The Demon King Yihe nodded, "I believe in the ability of the Palace Master..." "

You can rest well when you come here. I'll go out and prepare some herbs first, and see if I can refine some pills for you to try! "

After David finished speaking, he walked out of the room and let Yihe Yaohuang rest in his room!

"David, how's it going?" Seeing David coming out, Liu Ruyan hurriedly asked!

"The poison in the Demon Emperor is too special. I don't have an effective solution yet." "

"I'll write a list, and the third elder will prepare the herbs for me. I'll try to practice a few pills first!"

David said So, I have to write a list and ask the third elder to take the medicine according to the list!

However, the third elder looked worried, "Mr. Chen, the resources of our Jade Cauldron Sect have bottomed out. I'm afraid we won't be able to produce the medicinal herbs you need." The words of the third elder made David feel embarrassed instantly

, Ping himself had forgotten that all the resources of the Jade Cauldron Sect had been consumed by him!

"Third Elder, you have to find what David needs no matter what you think, no matter how much it costs."

Liu Ruyan said to the Third Elder!

"Sovereign, you also know that no matter how many spirit coins you have, some medicinal materials cannot be bought."

The third elder said helplessly!

"You..."

Liu Ruyan still wanted to force the Third Elder, but David said, "Ruyan, don't force the Third Elder anymore. The herbs I need can't be bought with any amount of spirit coins."

Liu Ruyan was taken aback for a moment, and then looked at David incredulously, with deep admiration in his eyes!

David looked a little uncomfortable when he saw Liu Ruyan looking at him!

"What's wrong? Did I do something wrong?" David saw Liu Ruyan staring at him, so he asked!

"David, what did you call me just now?"

Liu Ruyan asked excitedly!

David was taken aback for a moment, then remembered that he called Liu Ruyan's name just now.

He didn't address Ms. Liu, so David and Liu Ruyan became much closer!

"I... I just yelled just now, if you don't like it, I can..."

"I like it, I really like it!" Liu Ruyan hurriedly shouted excitedly, "You can call me by my name from now on, so we can be more intimate!"

"Just tell me what herbs you need, and even if I lose everything, I will buy them for you!" "

This..." David was speechless for a while!

"Sect Master, if Mr. Chen is not in a hurry, we can wait until the Pharmacists' Association to buy some medicinal herbs!" "

At that time, Jialing County will have all kinds of medicinal herbs, and the price will be fair!"

The third elder said to Liu Ruyan !

When Liu Ruyan heard this, she thought it was a good idea, so she looked at David and said, "David, if you're not in a hurry, I'll take you to the pharmacists' meeting, where there will be all kinds of herbs!"

"No rush, when will the pharmacist start?" David asked!

"It starts in three days, but the distance is too far, we have to leave early, tomorrow!"

Liu Ruyan said!

Chapter 2753

"Does it need to be so many days in advance? If it is a long distance, isn't there a teleportation array?"

David knows that there is a teleportation array in the world of heaven and man.

After David finished speaking, Liu Ruyan and the third elder all looked at David like a fool.

"Mr. Chen, don't you know that the teleportation array can't just be teleported to any place." "

Even if we have a teleportation array here to Jialing County, the resources needed to activate a teleportation array are terrifying. If there is no urgent matter, no one will use it."

The third elder followed David and said!

When David heard this, he laughed awkwardly for a moment, and then asked, "Then shall we walk on two legs?"

Although David and the others can fly with swords at present, they consume a lot of spiritual power. Flying with Yujian just for the sake of hurrying, the gain outweighs the loss!

You must know that with the improvement of the realm, everyone's cultivation becomes more difficult and consumes more and more resources. This Yujian flies two thousand kilometers.

"That's not true. The Feitian Sect is not far from our Jade Cauldron Sect. There are many airships there. We can use airships to go there."

Liu Ruyan said!

"Airship?" David was surprised. He didn't know why there was such a thing in the world of heaven and man?

Airship, shouldn't it be something in the secular world?

I'm afraid that even the secular world doesn't have airships anymore, they are all civil aviation planes!

"Yes, this Flying Sect relies on airships to make money and then develops. As long as each of us pays a certain amount of spiritual coins, we can take the airship." "It's just that the airship is expensive, so the distance is too short. There is no airship.

" If you can sit, you can only walk by yourself."

"For example, when we go to Jialing County, there is actually no airship for the 2,000-kilometer journey. It's just because of the alchemy meeting. Every time this period comes, Feitianzong will open two airships to Jialing County." Liu

Ruyan Follow David to explain!

"Understood, this is like an airplane flight, right?"

David understood, this airship is probably no different from an airplane in the secular world!

There are no flights for short distances. You can't let the plane land right after it takes off?

"Airplane flight? What is that?"

Liu Ruyan looked at David with a puzzled expression!

"Oh, it's nothing, I understand, then I'll get ready, and we'll set off tomorrow!"

David turned and went back to the room, told Yihe Yaohuang, and asked him to prepare, and we will go with you when the time comes, maybe we will arrive in Jialing County, A way to heal the demon emperor Yihe can be found!

Just as David was heading to the Pharmacists' Association, Princess Isa was guarded by two followers, constantly avoiding the pursuit of Huben's men!

"Princess Isa, let's change the direction, I found that our whereabouts have been exposed."

One of the followers said!

"I can't change it. I'm going to the Jade Cauldron School. I'm going to find David. Even if I die, I will die in his arms..."

Princess Yisha said with firm eyes!

But just after Princess Isa's words were finished, breaths followed in an instant!

The expressions of Princess Isa and the two attendants changed.

"Princess, run quickly, we will buy you some time..."

The two attendants did not expect the pursuer to come so fast, so they told Princess Isa to run quickly!

Princess Isa glanced at the entourage, although there was reluctance in her eyes, but there was nothing she could do, she knew that it was impossible for these two entourages to survive!

Princess Isa gritted her teeth and ran forward desperately. Because the strength in her body was suppressed, Princess Isa didn't run fast!

Before running far, Princess Isa heard the sound of weapons colliding behind her, followed by screams!

But Princess Isa didn't dare to stop, she was still running desperately!
