

A Man Like None Other Novel

Chapter 2801

Seeing this scene, Yihe couldn't laugh or cry, he didn't expect the dignified Lord of Tianlong Palace to use the ring to start a business!

If he has not been kicked out of the Demon Imperial City, David will definitely not be allowed to do this. Isn't it just a lack of spirit coins? It's a trivial matter to directly give one billion to eight hundred million!

"I'm the first one, I'll come first, I'll come first..."

A thin guy with only the first rank of the Body Fit Realm, hurriedly handed over one million spirit coins, and hurriedly ran towards the ring!

"Brother, with your strength at the first level of the Body Fit Realm, aren't you courting death?"

someone said!

"The first rank of the Fit Body Realm is looking for death. Maybe this guy is tired long ago. I will knock him off the ring with a slap!" The

thin guy walked up with confidence!

David looked at the monkey-like guy in front of him, feeling speechless for a while!

This is really man-made money, dead birds die for food!

For the sake of money, you don't want your life!

You must know that in the arena, life and death are irrelevant!

"Let the next one come up..."

David said to Liu Ruyan after glancing at the thin guy!

"Boy, what do you mean? Are you looking down on me?"

"I'm still on stage, we haven't competed yet!"

"You let the next person on stage, you are..."

The thin guy looked angry, chattering and questioning David!

David was a little impatient, and before the thin guy finished speaking, he slapped him out!

That guy immediately flew more than ten meters away and fell outside the ring!

Fortunately, David didn't kill him. If David had used some strength, that thin guy would have turned into a corpse by now!

Seeing this scene, everyone burst into laughter. After all, that guy is only at the first level of the Fit Body Realm, and he still wants to go on stage to pick up leaks, which is ridiculous!

Soon, a second-grade monk of the Composite Body came up and attacked David as soon as he took the stage!

But David didn't even look at it, and said directly, "Next..."

As David's words fell, the second-grade monk of the Composite Body Realm was also slapped away by David!

Just like that, after more than a dozen people went up in a row, they were all slapped away by David!

Only then did everyone react and gradually calm down!

"Damn it, this guy is pretending to be a pig and eating a tiger. He's at the second level of the Body Fitting Realm, but his strength doesn't compare to the second level of the Body Fitting Realm.

" He bet, he has confidence in his feelings!"

"Fortunately, I didn't go up, if I was slapped away, I would be ashamed..."

Everyone was discussing in low voices, and they were all gone from the stage!

David saw that no one was going to compete on stage, so he said loudly, "500,000 Lingcoins, you can compete with me with only 500,000 Lingcoins." "

I have been fighting for a long time now, and I am already very tired and have no energy!"

David pretended to be very tired, panting heavily!

Seeing David's pretentious appearance, Liu Ruyan laughed!

She didn't expect that David, who had been killing decisively, would have such a funny scene!

At this time, in Liu Ruyan's heart, she liked David even more!

In addition, David's kung fu in bed is really good, which made her have endless aftertaste...

"Okay, since no one dares to compete on stage, then I will put away these bets!

" And those resources are all put into the storage ring!

"Mr. Chen, today's harvest is not small!"

The third elder laughed!

"The harvest is not small, we can go to buy a luxury house, saving you and Yihe Yaohuang from being squeezed into a small room."

David said proudly!

Under everyone's envious eyes, David and the others left with spirit coins and resources!

But before he had gone far, he was blocked by a person who jumped out suddenly.

Chapter 2802

This person is exactly the tile tank whose life was saved by David in the ring!

After Wa Guan saw David, he suddenly knelt down on the ground!

"Benefactor, you saved my life, please accept my worship..."

Wa Vong said and knocked down hard!

David was taken aback for a moment, and hurriedly lifted the crock pot up with his hand!

"Brother, it's just a matter of raising my hand, I don't need to do such a big gift..."

David said to the crock!

Wa Gang stood up, and there was a mark of the rainbow on Wa Gang's forehead at this time, it can be seen that Wa Gang was very hard when he kowtowed just now!

"Benefactor, I come from the extreme north, where resources are few and barren, so I don't have anything valuable." "If you don't mind, I have a jade token here,

you can accept it.

" Gu took out a broken jade token from his pocket, and handed it to David!

"I've said it before, I'm just doing a little work, how can I accept your things."

David shook his head, and hurried forward to decline!

But when David's hand touched the jade tablet in the tile crock's hand, an icy cold hit his whole body in an instant!

David was taken aback for a moment, with some surprise in his eyes!

You must know that there is a fire in David's body, even Gao Qijie's frost can't freeze him!

But the jade tablet in front of him, which looks incomplete, has such power!

Wagang seemed to see David's doubts, so he said, "Benefactor, this jade tablet is the key to unlocking the treasures of our ancient body-refining clan. After downloading the treasure chest, there are many rare treasures in it!"

"Later, accidents happened to our ancient body training clan. Many people were killed, and some people abolished the exercises and re-practised spiritual qi exercises, so the location of the treasure has become a mystery." "So far no one has discovered the location of the treasure

. , after passing down from generation to generation for so many years, now that treasure has become a legend, and the jade key has also been damaged.”

But although it is damaged, it is also the most precious gift of our ancient body-refining clan.”

Such an important Things, why did you give them to me?” David was surprised!

Even though he saved Wa Chuan’s life by himself, he couldn’t just give him such an important thing. If they found the treasure by themselves, after opening the treasure, wouldn’t those rare treasures be their own?

“Benefactor, you don’t know that our ancient body-refining clan is now facing extinction. Maybe there will be no ancient body-refining clan before we find the treasure.

“ This kind of cultivation method is the most difficult, and because of this, there are fewer and fewer people who are still practicing with the ancient body training method.” “This jade card is in my hand, there is

no What’s the use, and it will bring me danger, the people of the Gao family have been forcing us ancient body refiners to be loyal to them, just to get this jade card!” “I will hand over the jade card to you now, if the benefactor is

destined , maybe we can find the treasures of our ancient body-refining family, and there must be the exercises of our ancient body-refining family.”

As long as the benefactor can keep these exercises, perhaps one day, the ancient body-training practitioners will reappear in this place.” The world.”

Waguan’s eye circles are a little moist, and what he said is a little tragic!

After all, their ancient body-refining clan is about to perish and completely disappear in the long river of history. For them, ancient body-refinement practitioners, it is indeed very cruel!

"Brother, you don't have to be so pessimistic, the ancient body refining clan will not disappear, so don't worry!"

David really wanted to tell Wa Gang that in the secular world, martial arts is still very popular, and there are many martial arts experts!

But as for these martial arts masters, whether they will become ancient body refiners in the end, David can't say if they choose body training methods to continue their cultivation!

Chapter 2803

"Benefactor, you don't need to persuade me anymore. If

you fall behind, you will be eliminated. Our ancient body training clan is also ready to disappear completely." There is no chance to leave there. The Gao family has occupied all the resources in the extreme north. I came to Jialing County this time, and I just want to win some spiritual coins and resources through the ring, and then bring them back, so that our ancient The body-refining family can take a breather."

"It seems that after I go back, our ancient body-refining family can only wait for the Gao family's massacre..." After

Wa Chuan finished speaking, two tears fell, and he stuffed the jade pendant into the Chen After you tie your hands, turn around and leave!

Looking at the back of Wa Chuan, David seemed to feel a little uncomfortable, so he chased after him in two steps!

"Wait a minute..."

David stopped the crock pot!

"Benefactor, is there anything else?"

Wa Gang looked at David and asked!

"Do you have something like a storage bag?" David asked!

Wagang nodded, "I brought a storage bag this time, and I wanted to store all kinds of resources."

"Take it out..." David said!

Wagang was taken aback, then took out the storage bag and said, "Senpai, if you want this storage bag, then I will give it to you too, maybe I won't need it in the future.

" He handed over the storage bag to David!

Wagang misunderstood David, thinking that David wanted a storage bag!

But David smiled, did not explain, but opened the storage bag, and then threw all the spiritual coins and resources won from his storage ring into the storage bag!

"This is the tens of millions of spiritual coins that we fought today, and there are still a lot of resources. If you take it back, it should be able to let your ancient body-refining clan live for a while."

"If I have the opportunity and time, I must go to the extreme north to see your ancient body-refining family. Your ancient body-refining family is not without the slightest merits. Don't be discouraged. If you persevere, you can also ascend Become a fairy."

David comforted the crock!

Wa Gu looked at David, holding the storage bag in his hand, and burst into tears instantly!

A strong man who is five big and three thick, is crying like a child at this moment!

It is not easy to feel such care in a society where the weak are preyed upon by the strong in the world of heaven and man!

After the vat left, David threw the jade token into the storage ring!

Although this is a good thing, David still has a lot of things to deal with, and he doesn't have time to go to the extreme north to find the treasure of the ancient body-refining clan!

"David, I don't see it, you are still warm-hearted. Tens of millions of spiritual coins and resources have been sent out. It seems that we will continue to live in that small courtyard." Liu Ruyan looked at

David and said with a playful smile!

Looking at Liu Ruyan's smile, David knew what she was thinking in her heart, this must be a reminiscence of what happened at night again!

"Mr. Chen's warm heart is very rare in the world of heaven and man..."

The third elder praised David!

"Okay, don't praise me anymore. Since the spirit coins have been sent out, we are earning them back..." "If

we go to a few more games, we will win back!"

David said with a smile!

“Mr. Chen, why don’t you go, your reputation has already been spread, and no one will compare with you if you go again.”

Yihe said to David!

“Then let’s not go to the east arena, let’s go to the south arena to have a look...”

David said, walking towards the south arena!

The ring in the south was prepared for monks of the fourth rank to the sixth rank of the Composite Realm, and although David was only the second rank of the Composite Realm, he would not be afraid to meet a sixth rank monk of the Composite Realm!

A few people walked towards the ring to the south, and before reaching the ring, they saw a lot of people around the ring from a distance!

The arena here is no less lively than the arena in the east!
