

A Man Like None Other Novel

Chapter 2831

Hearing the old man's question, Suo Xingyue and the others were at a loss!

How to announce it now?

If the announced results are invalid, then Meng He will definitely make use of the problem and say that Jialing County is not fair and rigorous, even the results given by the referees will not count!

But if the announced results are valid and Meng He gets the first place, it would be too unfair to David. After all, David's Concentration Pill is many times stronger than Meng He's!

Everyone was caught in a dilemma, but Meng He was still moving the crowd, yelling!

At this moment, Liu Ruyan stepped forward and said, "Elder Suo, I have an idea, but I don't know if it will work?" "

Please tell me..."

Suo Xingyue said hastily!

The old man also came over to listen and see if Liu Ruyan had any good ideas!

"Since the result of this time has been announced by the referee, let's decide that Meng He wins!" "

But we can add another competition. This competition is not the final judgment competition. Just add another competition."

" The number of rounds and the rules of the competition are decided by the Pharmacists Association of Jialing County anyway, even if Meng He has an opinion, it is useless!"

Liu Ruyan said her own method!

"This method is not bad. It can not only guarantee the prestige of the referee, but also prevent the competition of this pharmacist meeting from being unfair!" The

old man nodded!

Suo Xingyue also nodded repeatedly and said, "This method is good, then we will add another competition." "

Master, how can you change the rules casually, it's not fair." "

The rules have been set long ago, and now you suddenly increase the number of competitions , isn't this cheating?"

Zhuzhu listened to the side, very unhappy, but she was looking forward to Meng He getting the first place, and the two of them would stay and fly together!

"Shut up, I will definitely find out what happened this time. If it's really you and Meng He who got involved, I won't let you go this time."

Suo Xingyue gave Zhuzhu a vicious look and said!

Zhuzhu stopped talking, while the third elder said, "What content are we adding to the competition?"

Hearing the third elder's question, everyone was silent. After all, it was a newly added competition, and the content was basically Didn't think about it!

"I don't care. Let Meng He say whatever he wants. He can compete with whatever he wants. I want him to know that he will never win with despicable means." David said confidently

!

"Okay, then let Meng He compare it!"

The old man nodded, then turned and returned to the referee's seat!

Then he said loudly, "After several of our referees unanimously discussed, since the referee gave the result, then the result is valid. In this competition, the winning side is Meng He..." Meng He jumped excitedly when he heard it

. Standing up, he shouted vigorously, "Hahaha, I am the number one, I am the number one, I can meet the princess of Jialing County." "I am

looking forward to it, what will this special reward be..."

But Just when Meng He was jumping excitedly, the old man said again, "But because of the special rewards this year, this third competition is not the end, and we need to go through the fourth competition.

" At the exit, Meng He was stunned for a moment, and then he roared angrily, "How can there be a fourth game? It's never happened before, are you playing tricks on me?" The old man gave Meng He a cold look and

said "The rules of the Pharmacist Association competition are set by us in Jialing County. If any contestant disagrees, he can turn around and leave, and

we will never force him." "If you want to participate in the competition, you must abide by

our rules. I hope you can understand."

"Then am I not in vain this time?" Meng He asked very dissatisfied!

Chapter 2832

"Of course not. The winning side of this competition can choose the next competition item, and the rules of the competition are also stipulated by the winning side!" "

This is a huge advantage for the winning side."

The old man said!

Hearing this, Meng He laughed, he can still accept this condition!

What kind of competition and what kind of rules will be in the next match are all up to him. Of course Meng He will choose the one that is most beneficial to him!

When other people heard this rule, they also agreed. This proved that the winner of the third competition would determine the direction and rules of the fourth competition!

"Can I mention any rules?"

Meng He asked.

"Of course, as long as it is related to alchemy, you can mention it!"

The old man nodded and said!

“Well, I want to compete with him in refining pills, but there are no restrictions, and you can use your own pill furnace.” “

The one who refines the pills faster and better at that time will win...”

Meng He Said!

When the old man heard this, he couldn't help but looked back. If there were no restrictions on the alchemy furnace, a god-level alchemy furnace for alchemy, followed by an ordinary alchemy furnace, would be a world of difference!

If you take out a god-level pill furnace, even a fifth-rank pharmacist can easily refine a pill that is much higher than your own level!

And the quality of the elixir will also improve a lot, after all, there is no one in the god-level elixir furnace!

The quality of the alchemy furnace directly affects the quality and speed of alchemy, which does not fully reflect the true level of the pharmacist himself!

“Meng He, you are a bit of a bully. Who doesn't know that you have a spirit cauldron in your hand, and you have made such rapid progress by relying on this spirit cauldron!

“ It's too unfair for Mister to compare alchemy.”

Suo Xingyue frowned, and said to Meng He!

“Hahaha, fair? There is no fairness in this world. I have a spirit tripod, but I didn't say that I wouldn't let him use it.” “I wouldn't envy him

if he had a tripod, but does he have it? “

I've said that, the next competition is up to me. Of course I will choose the one that is most beneficial to me.”

Meng He laughed, his face full of complacency.

"You despicable villain!"

Suo Xingyue looked at Meng He angrily!

"I think Big Brother Meng is right. Since he told him to choose the rules of the next competition, he will naturally choose the one that is beneficial to him." At this time, Zhuzhu was standing aside, speaking for Meng He

!

"Shut up..." Suo Xingyue stared at Zhuzhu viciously, now he hated himself as an unworthy apprentice!

There are so many good men in the world, but Zhuzhu just fell in love with Meng He, a despicable villain!

Suo Xingyue, a master, almost died of anger!

"Since you want to compare, let's compare, maybe I also have a spirit cauldron!"

David spoke at this moment!

And Liu Ruyan and the third elders were laughing aside, because only they knew that David had the Shennong Cauldron!

This idiot, Meng He, actually mentioned the most unfavorable competition for him!

They were all thinking about what kind of expression that idiot Meng He would have when David took out the Shennong cauldron!

"Boy, I didn't expect you to dare to agree, but I don't blame you. You must have never seen what a Lingding cauldron looks like?" Meng He said, and waved his hand, and suddenly the

void trembled!

Immediately afterwards, a cauldron like emerald jade appeared on the stage!

I saw hundreds of sketches engraved on the spirit tripod, and it still exuded a faint luster!

Just taking out the spirit cauldron caused a faint scent of medicinal herbs to float around instantly, and on the body of the furnace cauldron, a simple and mysterious atmosphere continued to permeate!

It can be seen that this spirit tripod is definitely a vintage thing, and I don't know where Meng He got this spirit tripod!

Chapter 2833

"This is the Spirit Cauldron, it's amazing. If I have this Spirit Cauldron, I can refine a fifth-grade high-grade pill." Here comes the elixir."

"Now this Meng He is a lower-rank pharmacist, I wonder how many grades of elixir he can refine with this spirit cauldron?" Everyone

looked at the spirit cauldron that Meng He took out, and they were all confused. Envious, even Suo Xingyue and the others had eyes full of envy!

Looking at everyone's envious eyes, Meng He couldn't be more proud!

"Okay, since both parties agree, then it's decided. Both of you can make alchemy with your own cauldron!" "

As for the medicinal materials for alchemy, we come from Jialing County."

"You two, prepare it!"

said the old man!

After everyone heard this, they all looked at David, wanting to see what kind of alchemy furnace David used himself!

It's a pity that David was empty-handed, but he didn't take out the pill furnace!

"David, don't you take out the alchemy stove, do you want to use your hands to compare with me?"

Seeing that David didn't take out the alchemy stove, Meng He asked in puzzlement!

"I was afraid that I would scare you away after I took out the alchemy furnace, so I let you make alchemy first."

David said!

"This contestant, alchemy has a time limit, and you have to do it together." "

If you don't take out the alchemy furnace, the competition will begin!"

The old man looked at David and said!

"Let's start. If I don't let him have some time, I'm afraid someone will say that I'm a bully."

David said to the old man!

"David, you are so crazy, let me tell you, I am going to refine the seventh-grade pill this time, if you can't refine it, then obediently get out of the stage!"

"Don't think that you can go crazy just because you can refine a fifth-grade top-grade elixir, I will let you taste what it feels like to be crushed!" Meng He said proudly!

"Well, since you are refining the seventh-rank pill, I will also refine the seventh-rank pill."

David said!

"Hahaha, what are you doing? Are you refining seventh-grade pills with your hands? You don't even have a pill furnace." Meng He

laughed loudly!

"You don't care about me, you don't care if I excrete a seventh-grade elixir."

David said with a raised corner of his mouth!

Meng He was taken aback for a moment, and then said with a gloomy expression, "Good boy, you won't cry when you see the coffin..." "

Referee, let's start, I want this kid to see the power of the spirit cauldron!"

Meng He didn't want to follow Chen Flat nonsense!

The old man glanced at David, and found that David did not mean to take out the pill furnace, so he could only wave his hand and say, "The competition begins..."

Hearing that the competition started, Meng He was choosing among the many medicinal materials in Jialing County, Afterwards, according to the Qipin Danfang, all the medicinal materials were put into the spirit cauldron, and the refining began!

The spirit fire blazed up in the spirit cauldron, and the thick medicinal fragrance wafted around!

Everyone watched Meng He's alchemy quietly, while David had a natural expression, without any movement, and also quietly watched Meng He's alchemy!

"This guy named David hasn't taken out the alchemy furnace to refine it. Is there really any trump card

?

" At the time of Lingding, David knew that he would lose, so he acted like this."

Everyone thought that David was pretending, and it must be Meng Heying!

"David, I'll see how long I can pretend." Seeing that David hadn't started alchemy yet, Zhuzhu was very happy!

From this point of view, Meng He is sure to win!

"What's wrong with Mr. Chen? Are you going to admit defeat?"

Suo Xingyue couldn't help becoming anxious when she saw that David didn't make a move yet!

In the end, Suo Xingyue took out her own alchemy furnace. Although his alchemy furnace was not as good as Meng He's spirit tripod, it was still stronger than ordinary alchemy furnaces!

Chapter 2834

Suo Xingyue thought it was because David didn't have a pill furnace, so he didn't make alchemy for a long time!

“Elder Suo, don’t worry, the reason Mr. Chen hasn’t started yet is because he has a plan in mind!”

The third elder saw that Suo Xingyue was going to give David her pill furnace, so he immediately stopped him and said!

“Hey, this is the most crucial competition, don’t be careless!” “

If Mr. Chen fails to get the first place, then I will be a sinner, it’s all because of me...”

Suo Xingyue was full of self-satisfaction. responsibility!

If he hadn’t been plotted against, David wouldn’t be using this fourth match!

The third elder patted Suo Xingyue on the shoulder, telling him to be calm, so Suo Xingyue could only sit back!

At this time, in Meng He’s spirit cauldron, the spirit fire rose, the fragrance of the medicine overflowed, and the flame kept changing!

Wisps of breath are constantly circling around the spirit cauldron, it can be seen that the speed of alchemy is extremely fast!

But at this time, David still looked at Meng He quietly like a normal person!

Meng He was a little creeped out by David, so he said, “What are you doing all the time watching me? If you don’t have a pill furnace and can’t make a seventh-grade pill, then quickly admit defeat, so as not to waste everyone’s money.” Time.”

“Who says I can’t make it? I’m just too lazy to do it now, if I make a seventh-grade pill in just a few minutes, wouldn’t you be very embarrassed?” David said with a cold smile !

Hearing that David was so good at bragging, Meng He said, "Boy, stop bragging. My seventh-grade elixir is already half successful. Even if you refine it now, you can't catch up with me!

" You can refine a seventh-grade pill in just a few minutes. It's really bragging that you can't pay taxes. If you can really refine a seventh-grade pill in a few minutes, I will not only kowtow to you, but I will also give you this spirit cauldron." "But if

you If you can't refine it, how about you give me three bangs?"

Hearing what Meng He said, David's eyes lit up and said, "You said this, do you keep your word?"

" Keep your word!" Meng He said!

When the others heard that David and Meng He had started to gamble in the arena, they all got excited too!

But they all thought that David was bragging, after all, who could refine a seventh-grade elixir in a few minutes!

"This young man's power of consciousness is very vast, but he is too young to say such words, and dare to make such bets." The

old man looked at David and shook his head constantly!

Originally, he admired David very much. After all, at David's age, he is indeed a genius to be able to refine such a concentration pill!

But David just likes to brag a little bit, which is not a good problem!

Suo Xingyue also became anxious, he really wanted to stop David, he must not bet with Meng He!

"Since you keep your word, then I'll make a fool of myself..."

After David finished speaking, he made a move!

From the storage ring, the Shennong Ding flew out in an instant, and then landed steadily on the stage!

"What is this? Is it a furnace?"

Meng He looked at David's Shennong Ding and couldn't help but sneer!

I saw that David's Shennong Ding was extremely black, without any luster, it looked like an iron pot that had been burnt!

Others were laughing at David's Shennong Ding!

"Damn, what is this thing? No wonder you dare not take it out, it's so fucking shameful!" "It's not

even as good as the furnace cauldron in the Jialing County competition, isn't this just an iron pot!" "It's

just this broken alchemy furnace. I can't bear to throw it away, it's so funny!"

Everyone laughed at David, even Suo Xingyue frowned when he saw the Shennong cauldron that David took out!

But at this moment, the old man's expression became extremely surprised when he saw David Shennong Ding for the first time!

Because he could tell at a glance that the Shennong Ding that David took out was extraordinary!

Don't look at the appearance, this should be done on purpose by David!

Chapter 2835

David didn't pay attention to everyone's ridicule, but flicked his fingers, and a spiritual fire began to burn in the Shennong cauldron!

Seeing this, Meng He also started to speed up. His elixir has been more than half successful, no matter what, he will be faster than David!

As for what David said, Meng He didn't believe that he could refine a seventh-grade elixir in a few minutes, it was simply impossible!

Time passed by every minute and every second, and everyone stared closely at David's pill furnace, wanting to see if David could refine the seventh-grade pill in a few minutes!

But now five minutes have passed, and there is no movement in David's alchemy furnace, except for bursts of spiritual fire rising, almost nothing can be seen!

"It's been such a long time, there is no change at all, let alone a few minutes, even if it takes hundreds of minutes, he can't practice it!" "

Not everyone can refine the seventh-grade elixir. You can't refine it at all, how dare you brag!"

"Did you see that there is no change in his pill furnace, and he still wants to make a seventh-grade pill?"

Everyone mocked David!

Even Suo Xingyue and the others frowned slightly, not understanding why David gambled with Meng He!

It has been five minutes now, and there is still no movement in the alchemy furnace. It is afraid that the refining will not be completed within a few minutes!

At this time, Liu Ruyan and the third elder also began to have some worries. Although David had the Shennong Cauldron, there was no problem in refining the seventh-grade elixir!

But it's somewhat difficult to practice the seventh-grade elixir in a few minutes!

Just when everyone didn't believe that David could refine the seventh-grade elixir in a few minutes, suddenly a burst of fire burst into the sky in David's Shennong Cauldron!

From the Shennong cauldron, a crimson elixir soared into the sky, and then fell into David's hands!

"The seventh-grade elixir has been completed, and please referees have a look!"

David casually threw the seventh-grade pill in front of the old man!

The old man and Suo Xingyue all gathered together, and then checked the seventh-grade elixir refined by David!

Soon, the old man announced, "This is the seventh-grade top-grade red hot pill, it is almost perfect, and it only takes seven minutes..." After the

old man's voice fell, all the people were shocked!

You must know that David's strength is not high, he is only a fifth-rank alchemist, how can he use a broken alchemy furnace to refine a seventh-rank first-class and almost perfect elixir?

And it only took seven minutes, which is simply impossible, beyond everyone's understanding!

"Impossible, I don't believe it. How could a pharmacist of the fifth rank and superior strength refine the seventh rank superior pill in such a short period of time if he did not rely on the blessing of the pill furnace?"

"You guys teamed up to cheat..."

Meng He roared, he didn't believe that David could concoct a seventh-grade high-grade elixir in a few minutes, and what's more, he still used such a broken elixir furnace!

"Meng He, you don't believe us?"

Suo Xingyue asked coldly!

"I don't believe it, you and that David are in the same group, otherwise you wouldn't add this fourth competition, you just want him to win." "The medicine

he trained is not a seventh-grade top-grade medicine at all..."

Meng He said without showing any weakness!

"Well, don't say I didn't give you a chance, you can come up and check to see if this is a seventh-grade top-grade pill."

Suo Xingyue said loudly!

"Okay, just check, but I still need to invite a few more people to the stage to check to see if you are cheating!" Meng He

finished speaking, and then selected a few people from the crowd!

The people who come here are all pharmacists, and there is no problem in identifying pills!

Several people came to the referee's seat, and then began to check the elixir refined by David!
