

A Man Like None Other

Chapter 2883

At this time, countless monsters had arrived in front of David, and David swung his sword again, and the sword energy exploded in mid-air with the fire!

Soon the entire canyon rose into a sea of flames, and many monsters were engulfed in the sea of flames!

But the ice bear monster still commanded the monster, and rushed towards David regardless of casualties!

David's body was constantly moving backwards!

All the monsters were attracted by David, and terrifying auras swarmed toward David continuously!

David slashed at the monsters while running away, but the Ice Bear Monster at the peak of the Fusion Realm was firmly guarding around the Ice Soul Fragment, motionless!

This made it impossible for the Three Masters of the Phantom Thieves to make a move!

Seeing this, David knew that he had to attract the ice bear monster!

"Nine Shadows Sword Art..."

Accompanied by David's Nine Shadows Sword Art, six identical Chen Pings appeared, and the six Chen Pings began to slay monsters!

At the same time, David also took out the eight thousand barren rulers. Originally, he planned to give this thing to Sonya, but now he had to use it!

With so many monsters, it was hard for David himself to bear it!

Accompanied by the emerald gems on the Eight Desolation Thousand Chifts flickering, all the monsters within the Eight Desolation Thousand Chichi were released!

These monsters are extremely ferocious, but in terms of strength, they are still different from these monsters in the canyon!

But David can't control so much now, he wants to use all his means to attract the ice bear monster at the peak of the fit state to chase him!

Although David used the Nine Shadows Sword Technique and used the Eight Desolation and Thousand Chichi, the Ice Bear Monster remained indifferent, watching the monsters under him continue to die, and remained motionless!

Seeing this, David panicked. If the ice bear monster hadn't moved, then his plan would have failed.

"Damn it, if there is a god king bow, I will shoot you to death..."

David cursed angrily, but he didn't dare to stop in the slightest.

After fighting for a while, David was helpless, and the dragon crystal on his chest began to flicker with light.

Accompanied by the hissing of the Dragon Slaying Sword, a golden dragon slowly appeared from behind David!

The golden dragon stepped on the fire, opened its eyes wide, and uttered a majestic dragon chant!

Just this dragon chant resounded throughout the canyon!

At this moment, those monsters who had swarmed to attack were suddenly taken aback, shocked by the aura of this golden dragon!

Looking at the golden dragon in front of them, those monsters retreated instead of advancing, stepping back step by step with horror on their faces!

And the ice bear monster who was motionless at first let out a roar after seeing this scene!

Immediately afterwards, the body jumped up and charged at David!

Seeing that the ice bear monster moved, David retreated quickly, and then used his avatar to block the ice bear monster's footsteps!

Seeing the ice bear monster attacking, those monsters that retreated in fright roared and launched an attack again!

"Do it..."

David roared, the body quickly retreated, and then directed the golden dragon to rush into the crowd of monsters in an instant!

David's move was meant for the Three Great Brothers of the Phantom Thieves!

Just as David was fighting with those monsters, the Three Masters of the Phantom Thieves also moved!

I saw three people flashing away from different directions, and then reappearing. Every time they flashed, they could get closer to the fragment of the ice soul!

The Ice Bear Monster seemed to sense that someone was approaching the Ice Soul Shard, and suddenly turned his head to look, and found three people approaching the Ice Soul Shard from different directions, so he roared and turned around to protect it!

David originally wanted to stop the ice bear monster, but too many monsters were entangled with him, making it impossible for him to escape!

Now David can only pray that the speed of the three heroes of the strange thief is fast enough, and he can take the ice bear monster one step ahead and get the ice soul fragment!

Seeing that the Ice Bear Monster was about to rush in front of him, the third of the three heroes of the Phantom Thieves was the first to get the Ice Soul Fragment!

Chapter 2884

"Big Brother, Second Brother, run..."

Sanjie roared, and then the three of them flashed in different directions again!

The ice bear monster slapped Sanjie with a palm, but at the last moment, Sanjie traveled through the void and opened the distance!

The ice bear monster roared with all its strength, and jumped suddenly, its huge body leaped a hundred meters high, and then smashed heavily towards the three heroes!

The three heroes tried their best to travel through time and space, but they couldn't escape the attack range of the ice bear monster at all!

"Second brother, then..."

Sanjie threw the Ice Soul Fragment to Erjie with all his might!

The moment the ice soul fragments were thrown out, the huge body of the ice bear monster also fell down, and then it slapped the three heroes with a palm!

The gap in m.✿linshu✿✿★g☆e.com

's strength made the Ice Bear Monster turn the Three Heroes into a pulp with one palm!

"Third Brother..."

Seeing this, Dajie and Erjie shouted in grief!

Seeing this, David also frowned, the expression on his face was indescribably ugly!

After the ice bear monster slapped the three heroes to death with one palm, it immediately chased after the second hero!

It seems that the ice soul fragment must be stopped!

"Second brother, run quickly..."

Dajie shouted.

Regardless of their grief, the two began to use space-time travel to escape again!

But the speed of the ice bear monster was as fast as lightning, and before the second hero escaped from the canyon with the ice soul fragments, the ice bear monster had already chased after him!

Seeing this, Erjie knew that he couldn't escape, so he threw the ice soul fragments to Dajie!

"Brother, hurry up..."

After Erjie threw the fragments of the ice soul to Dajie, he resolutely turned around and met the Ice Bear Monster!

I saw Erjie's body began to swell, and finally made a deafening sound!

Erjie blew himself up!

In order to hold back the ice bear monster and buy time for Dajie to escape, Erjie chose to blow himself up!

"Second brother..."

Dajie burst into tears, but he took the ice soul fragments, gritted his teeth and ran out of the canyon!

Dajie fled to Taniguchi with the fragments of the ice soul, but the ice bear monster was still chasing him!

Seeing this, David jumped up suddenly, and swung the dragon sword in his hand with all his might!

While swinging out the sword light, David pinched his fingers, and one after another spells were suspended in the air!

After David's body exited Taniguchi, those spells instantly exploded violently!

On both sides of the canyon, the blasted debris flew across the canyon, filling the canyon mouth instantly, and the snowflakes and smoke aroused, covering the sky and the sun.

"Let's go..."

David grabbed Dajie, the two of them had no time to communicate, and disappeared in an instant!

The two of them ran for an unknown amount of time, until they could no longer sense the danger with their spiritual senses, then they stopped, panting heavily!

This stop consumed a huge amount of David's spiritual power, and David almost used all his means!

Dajie handed the ice soul fragments to David with his face full of sadness!

David took the ice soul fragments, patted Dajie's shoulder lightly, and a ray of life soul returned to Dajie's body!

"I'm sorry..."

David felt a little guilty. If he hadn't insisted on taking the ice soul fragment, perhaps two of the three heroes of the strange thief would not have died!

Dajie bowed his head in silence, still immersed in sadness!

Seeing Dajie like that, David was also very sad, but he didn't know how to persuade him!

David took out the eight thousand barren rulers from the storage ring. He originally planned to give it to Sonya, but now he decided to give it to Dajie!

Although all the monsters sealed in Baganhuangchi were killed in battle at this time, Baganhuangchi itself is also a magic weapon!

David handed the eight thousand barren rulers to Dajie and said, "The road ahead will be even more difficult. Your strength will follow me, and it will only be more dangerous." "I have nothing to give you,

this The Baganhuang ruler can be regarded as a magic weapon, so I will give it to you."

Immediately afterwards, David explained to Dajie how to use the Baganhuang ruler!

Chapter 2885

Dajie glanced at David, silently took the Bagan Huangchi, and finally said goodbye to David, got up slowly and left!

David looked at the shards of ice soul in his hand, and couldn't be happy for a while!

Soon, Liu Ruyan and Wa Gu came over, and they both looked very tired!

Fortunately, there was no injury, but the physical exertion was too great!

Seeing the ice soul fragments in David's hand, Wa Gang was very surprised and said, "Mr. Chen, you really got the ice soul fragments, and they are so big. You're going to make a fortune now!" Wa Gang was very excited, but Chen

Ping There was no joy on his face!

Liu Ruyan glanced at David, seemed to have guessed something and asked, "David, where are the three brothers of the strange thief?"

m.♣️🌐insh uge.c☆om I found out that the three brothers of the Phantom Thieves are missing!

"Where are the three brothers?" Wa Gang also asked suspiciously!

David said with a lost expression, "The great master left, and the second and third masters were all killed by monsters..."

Hearing that two of the three masters of the phantom thief died, Liu Ruyan's expression also tightened, and his expression became a little sad!

"Mr. Chen, in the world of heaven and man, it is quite normal for a few people to die. This is a society where the weak prey on the strong, and there are no rules.

" Ice soul fragments are like time bombs in your hands, if someone finds out, they will definitely have evil intentions."

Wa Gu persuaded David! Chen

Ping nodded, and then said, "Waguan, this ice soul fragment is so big, the energy in it must not be small, you should absorb it first, after all, you have a part of the credit for it."

He couldn't believe it, he thought he heard it wrong, how could anyone take the initiative to give up the fragments of the ice soul?

"Chen...Mr. Chen, stop joking..."

Wa cylinder said inconceivably!

"I'm not joking. You are now at the late stage of the third stage of the Composite Realm. I believe that you can break through to the fourth stage of the Composite Realm by absorbing a part of the energy of the ice soul fragments.

" You won't be able to break through in a year or so."

David said to the crock!

After hearing this, Wa Chuan was really moved. No one wants to improve his strength!

"Then thank you Mr. Chen." Wa Gong bowed deeply to David!

"Hurry up and absorb, I will protect you, and you will need to protect me later."

David said!

"Okay!" Wagang nodded!

David handed the ice soul fragments to Wa Gu, and Wa Gu gently pressed the ice soul fragments with one hand. Immediately after the exercise was activated, the ice soul fragments began to slowly disappear bit by bit!

On the top of Wagang's head, white whirlpools emerged one after another, and the unique aura in the ice shards made Wagang's dantian run rapidly!

Just as the tile vat absorbs the fragments of the ice soul and improves its strength!

A few monks appeared not far away, and these people were also looking for treasures and ice soul fragments!

In the past, even if you stayed here for ten days and a half months in this vast and boundless land of the extreme north, you might not be able to meet a monk, but now, the monks have just been absorbed by the tile tank, and the monks will be attracted. !

Although the Ice Soul Fragments themselves do not emit any aura, no one can feel it, but when the Ice Soul Fragments are absorbed, a vision will appear and the aura will leak out!

Therefore, when absorbing ice shards, it is the easiest time to be discovered. If the ice shards are small and the absorption is completed in a short time, it will be over before other people sense it!

But this time, the piece of ice soul that David got is very big, so the breath will spread for a long time!

Several monks flew towards David and the others at high speed. When they were a thousand meters away from David and the others, David's spiritual sense immediately detected them.
