

# A Man Like None Other Novel

## Chapter 2886

"Ruyan, be careful, someone is coming..."

David reminded Liu Ruyan!

When Liu Ruyan heard this, her expression changed immediately, and she became a little nervous!

"Don't be nervous, these guys are not strong..."

After David finished speaking, he quickly slid his fingers on the ground, and soon a formation pattern appeared!

David and the others were wrapped in a formation!

Soon, four monks of the Body Fitting Realm appeared, one of them was the Fifth Grade of the Body Fitting Realm, and the others were the Third Grade of the Body Fitting Realm!

With this kind of strength, even without formations, David can handle it alone!  
ml\*ins\*hu\*ge\*.com

It's just that David just fought with the monster and consumed a lot of spiritual power, so now he needs to replenish it slowly. With the protection of this formation, he can delay for some time!

When the four monks saw David and Liu Ruyan, there was a sneer on their faces, but when their eyes fell on Wa Vang, they were stunned!

"What a big ice soul shard?"

"We got rich, we got rich..."

"Damn it, how did these little monks of the second and third ranks of the Composite Body Realm find such a big ice soul shard?"

" Shocked face!

"No matter how we got it, it's ours now!"

After the fifth-grade monk of the Composite Body Realm finished speaking, he went towards the ice soul fragment in the blink of an eye!

The speed of this monk is extremely fast, like a ray of light!

But when the monk approached David and the others, a light curtain burst out from the ground, and then the monk slammed into it fiercely!

The huge shock force caused the fifth-grade monk of the Composite Realm to fly upside down!

"Damn it, there is a protective formation. No wonder these people don't panic at all when they see us." Seeing the

shining formation around David and the others, the monk who was knocked into the air cursed angrily!

"Then what shall we do?" asked another monk!

After all, they are not formation masters, nor will they be able to break formations!

"Let's try to break through the formation..."

After finishing speaking, the fifth-grade monk of the Composite Realm drew out a long knife, and slashed at the formation!

Seeing this, several other monks also rushed up with weapons!

But several people slashed at the formation, and the formation was not damaged at all, but the weapons in their hands were all broken by the formation!

The few people were tired and out of breath, looking helplessly at the shard of ice soul in the formation!

Liu Ruyan, who was originally nervous, relaxed after seeing this scene, with a smile on her face!

And David looked at the monks in front of him like a monkey!

Seeing David's playful eyes, the fifth-grade monk in the Body Fit Realm immediately became angry, and yelled, "Stinky boy, try to get out of this formation if you have the ability, I will slap you to death with one slap.

" Throw out the shards of the ice soul, and the rest of us will leave immediately, otherwise we will stay here, and I don't believe you will never come out."

But no matter how the monk threatened, David remained indifferent!

In the end, the monk got tired of cursing, so he stopped talking!

Seeing threats and insults, David couldn't get out of the formation, yet another monk came up with a solution!

"I think the little girl inside looks pretty good, how about showing him the majesty of our brothers?"

The monk said, and even started to take off his pants!

When the others saw this, they immediately understood and took off their clothes. They wanted to humiliate Liu Ruyan like this!

Then provoke David and the others, and let them walk out of the formation impulsively!

Otherwise, David and the others have been staying in the formation, and they really have nothing to do. If other people come here, it is not certain who the ice soul fragments belong to!

"Rogue, shameless..."

Liu Ruyan blushed suddenly, and turned around quickly.

## Chapter 2887

But those four guys didn't intend to let Ruyan Liu go, everyone occupied a direction, no matter which direction Ruyan Liu turned, someone was taking off their clothes!

Seeing this, Liu Ruyan simply closed her eyes!

When David saw that these four shameless guys could do such a thing, his face suddenly became extremely gloomy!

I saw David getting up slowly and walking towards the outside of the formation step by step!

When they saw that David had stepped out of the formation, they were overjoyed!

“Boy, you are really courageous. You dare to step out of the formation and face us when you are only in the second-grade state of the physical body.”

m.\*lin◇s ☆huge.c\*om

The fifth-stage monk of the physical body sneered road!

“You could have survived, but you are looking for death...”

After David finished speaking, his figure suddenly disappeared, and at some point, he had already arrived in front of the fifth-grade monk of the Composite Body Realm!

Immediately afterwards, David grabbed the monk’s neck with one hand, just like holding a chicken!

In David’s hands, that fifth-grade monk of the Composite Body Realm didn’t even have the ability to resist!

“You...”

The fifth-grade monk in the Body Fit Realm was shocked, and looked at David in disbelief.

But David didn’t give him a chance to speak, a ray of fire penetrated into the monk’s lower body, and it burned instantly!

Since these shameless guys can take off their clothes in public, then David let them experience the taste of a little bit of burning flames!

Soon, the flames were blazing, and the fifth-grade monk in the Composite Realm screamed, but it was quickly turned into a pile of ashes!

Seeing this, the others were immediately dumbfounded!

How could they have imagined that a fifth-grade monk of the Composite Body Realm would be easily killed by a second-rank monk of the Composite Body Realm!

This is simply too scary!

"Zhihuo, I remembered, he used Zhihuo..."

"Zhihuo of the Demon Race, he is a demon cultivator..."

Finally, among these few people, someone recognized David's Zhihuo!

Hearing the words Mozu Zhihuo, several monks turned pale with fright, turned around and ran away!

It's just that they can't outrun David's flame!

I saw David's fingertips twitching, and the three flames came in an instant, and fell on the three monks!

The flames are burning fiercely, no matter how hard they struggle, it will not help!

Several monks could only watch themselves being burned to death, their consciousness gradually disappearing!

They couldn't figure out how David, a little cultivator of the second rank of the Composite Body Realm, could be so powerful even if he was a demon cultivator!

Soon, several monks were burned to ashes and scattered by a gust of wind, as if they had never been here!

David spread his consciousness outward for several miles, but he didn't find any other monks, so he entered the formation with peace of mind, and then slowly recovered!

I don't know how long it took, suddenly there was a dark cloud in the sky, and lightning kept flashing in the cloud!

David looked up and found that it turned out to be a small thunder cloud!

Although it is very small, it is already very good to be able to generate thunder clouds!

At this time, the tile vat has stopped absorbing, and the aura is constantly surrounding the body!

"It's really good to break through a small realm to produce thunder clouds..."

Seeing this situation, Liu Ruyan was also very envious!

All of a sudden, the lightning in the thunder cloud instantly struck down, and there was a rumbling sound!

The thunder and lightning was like a sharp sword, coming straight to the tile vat, with infinite momentum!

But David and Liu Ruyan could only watch, but they couldn't help at all!

You must know that if you can break through in a small realm, the chance of generating a thunder cloud is very small, which is very rare!

Now let's see if Wa Tank's body can resist it!

Wa Vang also seemed to feel the power of Lei Jieyun, the muscles on his body began to swell, and his entire skin turned bronze, as if he had been tanned!

Rumbling... Thunder

and lightning hit Waguan's body fiercely, and countless small electric currents visible to the naked eye shuttled through Waguan's body!

Wa Gu's expression became painful and ferocious, and he gritted his teeth tightly.

## Chapter 2888

If he can resist the thunder calamity, his strength and physical body can be greatly improved, but if he can't resist the thunder calamity, he may lose his life!

Finally, the tile tank finally resisted the thunder calamity, and fortunately it was the little thunder calamity cloud, which only produced a thunder calamity!

If, like David, there were seven or eight lightning calamities, Wa Guan's body would probably not be able to bear it at all, and would be wiped out in ashes!

After the thunder calamity, the thunder cloud disappeared, and Wa Gu slowly opened his eyes, his eyes were full of excitement!

"I have made a breakthrough, I have broken through to the fourth rank of the Body Fit Realm."

Wa Gang shouted happily, and cast a grateful look at David!

If it wasn't for David to let him absorb the energy in the Ice Soul Fragment, the crockpot wouldn't have broken through so quickly, and it would have been impossible to produce the Thunder Calamity Cloud!

"Mr. Chen, thank you so much..."

Wa Gang said excitedly! m.linsh☆uge☸☆☆.co\*m

"Thank you for what I did, you are also responsible for getting this ice soul shard."

David smiled lightly, then looked at Liu Ruyan and said, "Ruyan, do you want it?" Also absorb it and break through your own strength?"

"I don't need it, it's fine if you protect me, I'll leave it to you."

Liu Ruyan said with a smile on her face!

In Liu Ruyan's view, it doesn't matter whether he has strength or not, what matters is that David is by his side!

What's more, following David's continuous intercourse during this period, Liu Ruyan also felt that her strength had grown rapidly!

The current Liu Ruyan has already broken through the Transformation Realm and reached the Composite Realm!

"Well, mine is yours anyway."

David smiled lightly, and then said, "I'm starting to absorb it now. There's a formation here, and it's hard for a fifth-grade monk in the Composite Realm to break through it. You two will protect me for the time being. "

"Mr. Chen, don't worry, if anyone dares to disturb Mr. Chen, I will be the first to refuse."

Wa Gu waved his fist, and he, who had reached the fourth rank of the Body Fit Realm, was full of confidence in his heart!

David nodded, then sat cross-legged, gently pressed one hand on the fragment of the ice soul, and began to absorb the energy inside!

Now David has reached the peak of the second rank of the Composite Realm, and with a little absorption of resources, he will be able to break through to the third rank of the Composite Realm!

Such a big piece of ice soul, might break through to the third rank of the Composite Realm!

David was full of anticipation, and the Concentration Art in his body was constantly activated!

A large amount of energy entered David's body from the ice soul fragments!

I don't know how long it has passed, but David still has no sign of breaking through, but the icy soul fragments have shrunk visibly with the naked eye!

"Mr. Chen, the energy needed to break through a small realm is too outrageous, right?"

Wa Gang was very surprised!

"He is now able to leapfrog and fight, which proves that every time he raises a level, he needs a lot more resources than other people."

Liu Ruyan said!

Wa Gang nodded. David, a second-grade monk in the body-fitting state, can easily kill a fifth-level monk in the body-fitting state. This kind of leapfrogging across several realms must represent the improvement of each realm of David, which is more important than The strength of others has increased several times!

And the growth of these strengths also requires more resources to maintain, so it is reasonable for David to need more resources to raise a realm!

At this time, David, seeing that he hadn't shown any signs of breaking through for a long time, was also very anxious in his heart!

A large amount of energy entered the body, but it did not enter David's dantian, but was sucked away instantly by an inexplicable suction.

David's consciousness sank into his body, and he began to search along that inexplicable suction!

He wanted to see what was in his body that could absorb this energy!

"Zhe Yan, could it be that you are secretly absorbing the energy in my body?"

David frowned slightly!

"Mr. Chen, I'm wronged, how can I have the ability to absorb the energy in your body, it's a book, I don't know what it is."

Zhe Yan shouted out wronged!

"Book?" David suddenly remembered the Wordless Heavenly Book in his sea of knowledge!

After entering the Sea of Consciousness with David's spiritual consciousness, he saw the wordless heavenly book shining with light, and all the energy that entered from the ice soul fragments was absorbed by the wordless heavenly book!
