Married at First Sight Chapter 2029—“I don’t even know which side you are on. My Brown family has no blessings, and your Repton family will also lose. If Hank and Liberty remarry, you will also get benefits.” Chelsea said her husband, “Not to mention asking for a job from Serenity’s husband, even Liberty can arrange work for us. Now that she has opened a new restaurant, she doesn’t need someone to take care of it for her? If we get back together as before, I will be her eldest sister, I help her manage the new restaurant, isn’t it better than outsiders?”

George also wanted to get benefits, but he also knew that it was a dream. He curled his lips and said, “Daydreaming.”

After speaking, George walked forward quickly, leaving his wife behind, so as not to be pinched by her again.

Chelsea caught up with him, but still slapped him a few times.

The couple followed Liberty all the time, watching Liberty and Duncan get into the car.

Duncan got into Liberty’s car, his car was driven by bodyguards, and left behind Liberty’s car.

“Come on, let’s follow.” Chelsea wanted to follow Liberty, but her husband ignored her and said, “I want to go back to the store. If you want to follow, follow by yourself. I don’t have the time. Besides, you follow Liberty, what’s the use of a spirit? If she knows, she will hate you even more, don’t think that she has feelings for Hank when she visits Hank in the hospital. She is not, she is for Sonny’s sake, if there is no Sonny, something happened to Hank, she will probably set off firecrackers to celebrate.”

George’s brother-in-law deserved what happened today. Even if his brother-in-law was out of danger, the doctor said that it would take a long time to recover because of the serious injury. Even after the injury was healed, he couldn’t be tired or do heavy work in the future.

This was the retribution of betraying marriage and family.

George complained in his heart.

Chelsea: “...”

In the end, she got into her husband’s car and left the hospital with her husband.

Liberty was free now, whoever she wanted to be with was her freedom.

The Brown family had no right to interfere.

.....

Greenrest Hotel.

Several cars drove to the entrance of Greenrest Hotel and stopped.

This was Hayden's team.

The bodyguards quickly got out of the car.

They stood in front of Hayden's Rolls Royce, waiting for Hayden to get off the car.

The people standing at the entrance of the hotel looked at Hayden who got out of the car in unison.

After Hayden got out of the car, she noticed that there were so many people at the entrance of the hotel, all of them were looking at her, and she was suspicious, what happened to her?

Hayden hurriedly looked around, for fear of seeing that handsome face that made her angry.

But when she was looking around, she saw a lot of big red banners hanging in front of Fortress Hotel diagonally opposite, with a lot of big characters written on them. The content of the big banners was: "Hayden, I like you." "Hayden, I am sincere to you!" "Hayden, I want to pursue you to the end!" "Hayden, I am not afraid of the worldly eyes, and I want to be with you."

The black letters on the red background were very dazzling.

When the wind blew, those banners wobbled.

Many people stood at the entrance of the hotel and saw that scene, and then took pictures.

The third young master of the York family made another high-profile declaration of love to the eldest young master of the Queen family.

At the beginning, Kevin put up a large sea of flowers at the gate of Queen Enterprise to show his love. Many people didn't see the sea of flowers. Most of them saw the romantic scene through photos or videos sent by others.

Today, Kevin hung so many large banners in front of his hotel, with so many words, anyone passing by could see them.

Hayden couldn't tear off those banners immediately.
