

A Man Like None Other Novel

Chapter 2925

The two demon cultivators looked at each other, and the raging flames instantly burned around their bodies

. The flames of the demons began to burn the aura chain continuously!

It only took a moment, and the two aura chains were instantly blown off!

"It's just a chain of spiritual energy that wants to trap us brothers. It's a joke. You should just obediently catch him..."

One of the demon cultivators said with a sneer on his face!

"Just the two of you, you still can't catch me..."

David smiled coldly!

Accompanied by David's sneer, several figures galloped over from a distance!

These two magicians are simply frowning!

I saw that those trapped people all escaped from the underground caves!

"You two damned fellows, didn't you expect that we all escaped?"

Ji Yun looked at the two demon cultivators, and said through gritted teeth!

“Impossible, how could they all escape? Could it be that you were not absorbed by the ice crystal?” “ It’s impossible, since those souls have broken through the seal, it proves that

they have absorbed enough consciousness!”

Xiu was stunned, he didn’t understand that since the soul broke through the seal, how could these people be fine!

“Hmph, Mr. Chen’s knowledge of the sea is like a torrent of river water, his own power of consciousness is enough, he is the one who saved everyone.”

Wa Chuan said with a cold snort!

“What?”

The two demon cultivators looked at David even more incredulously!

They have lured many monks, and there has never been a situation, but this time they have messed up!

They never imagined that this little monk of the third rank of the Composite Realm in front of him could have such a great energy!

It’s absolutely damned!

This time, instead of being rewarded, the two of them might even be punished!

The two of them wanted to eat David alive now, but facing so many people, the two of them didn’t dare to attack David lightly!

“Stop talking to them, kill them...”

Old Kong was impatient!

He has never been so expected and humiliated!

“Although there are many of you, it’s not that easy to kill our two brothers.”
After

a demon cultivator finished speaking, he suddenly opened his mouth, and a flame shot out from his mouth!

Seeing this, another demon cultivator also spewed out flames!

The flames merged instantly, forming a fireball!

Immediately afterwards, a layer of blood-red mist surrounded the two of them, and around this mist, there was another flame burning!

“Do it...”

Lao Kong roared!

But just when everyone was about to make a move, the flames around them began to explode!

At the same time, the bodies of the two people were spinning rapidly, forming a whirlwind that rose from the ground!

“The two guys want to escape...”

David could see that the two guys wanted to use the flame explosion to escape from the crowd!

David took out his magic whip, and fiercely whipped it out towards the spinning whirlwind!

Pa...

There was a crisp sound, accompanied by a flash of white light, followed by two screams!

The bodies of the two demon cultivators were instantly torn apart by the whipping whip!

But the two flaming souls took the opportunity to fly into the distance!

"Damn, the souls of the two guys escaped..."

Seeing this, Ji Yun was about to jump up and chase after him, but was stopped by David!

"Don't chase..."

David said to Ji Yun!

"Mr. Chen, why? Even if they are souls, they can't let these two guys go."

Ji Yun asked very puzzled!

"There is already a magic cultivator approaching, and Qi is very strong, we have to leave quickly."

David said!

Hearing what David said, everyone gathered around with a serious expression on their faces!

After all, they knew the strength of David's spiritual consciousness, so when David said that a magic cultivator was coming, it must have come!

And those two demon cultivator spirits kept drifting away into the distance!

I didn't relax until I found out that David and the others didn't come after me!

Chapter 2926

Although there are only souls left, when the time comes to find a new body or find some medicine to reshape the body, they can survive again!

Although this will lose some strength, it is better than real death!

Just now, if the two of them hadn't had Zhihuo to protect their heart veins, David would have whipped the magic whip, and they would have lost their souls as soon as the whip went down.

"Brother, we have to rush back as soon as possible. This kid has a magic whip in his hand. We need to tell the demon ancestor."

After finishing speaking, the two continued to fly towards the distance!

But just after flying a certain distance, they met three people, and the aura of these three people was extremely condensed, and they carried the aura of demons!

"Miss, it's Miss..."

Seeing this, the two became excited instantly, and flew towards that side!

And these three people were precisely Linglong who brought two demon guardians to check the place where the soul was sealed, and took David away by the way!

Seeing the souls of the two demon cultivators, Linglong frowned!

"How did you two become like this?"

Linglong asked with a cold face!

"Miss, you want to avenge our two brothers. I didn't expect those people to escape, the cave collapsed, and those souls were buried under it."

A magic cultivator told the story in detail!

When Linglong heard the magic whip, she obviously became nervous!

"You said, that kid not only knows how to fire our demon race, but also has a magic whip in his hand?" "Is

he really only at the third rank of the Composite Realm?"

Linglong couldn't believe it.

How could a monk of the third rank of the Composite Realm have so many methods, and how could the magic whip be in the hands of such a young monk?

"It's true. Although this kid is only at the third rank of the Body Fit Realm, his spiritual power is extremely huge. It is because of him that those people can escape." "We are both incompetent, please punish the eldest

lady..."

The two demon cultivators You know, things went wrong, so you need to be punished!

But the two are already in the state of souls, so they shouldn't be punished too severely!

"You two are indeed incompetent, and you really should be punished..."

Linglong's eyes narrowed slightly, and a flame in the palm of her hand instantly devoured the souls of the two of them!

"Ah..."

"Miss, spare your life, spare your life..." "

We are loyal, we have followed the demon ancestor for many years, and we have done so many things, why should we be completely wiped out?"

The two demon cultivators struggled. I don't understand why Linglong wanted to kill them both!

"It's because you have done a lot of things that I want to kill you. If you don't die, don't many secrets risk being leaked..." Linglong looked calm, killed

the two demon cultivators, and then crushed the two to death. Ants make no difference!

The soul seal has been destroyed, and now the magic whip is also in the world. These are all blows to their demons!

Now Moxiu is a street rat, after all these years, the Balrog has gathered a group of subordinates for his own use!

If these news are spread among the Demon Cultivators, it will inevitably cause panic, and maybe some people will flee!

So to stabilize the morale of the army, we must kill the two of them!

Soon, the souls of the two demon cultivators were burned without a trace, and disappeared completely!

"Miss, what should we do? Should we continue to search for that person, or go back and report to the Demon Ancestor?"

said a guardian!

"Don't tell Master yet, let's go and find those people. I want to catch that kid and dedicate the magic whip to Master." "

Only in this way can Master not be angry, otherwise we will go back now, I will definitely be scolded!"

Linglong knew that although these two guys were not good at handling things, but now that Balrog has left the matter to her, if she does something that makes Balrog dissatisfied, she will definitely be scolded of!

Being scolded is a trivial matter, but because of this she is not favored, making Sonya a popular person around Balrog, Linglong feels that the loss is great!

So she wanted to arrest David first and hand it over to the Balrog to punish him!

Chapter 2927

"Miss, the land of the extreme north is vast and boundless, so it might be very difficult to find someone, right?"

said a guardian!

"Guardian Cang, the three of us will look for

them separately. Even if these people run away, they won't be able to run very far." Grab it, kid!"

Linglong ordered!

"Miss, this... is not good, you act on your own, if you encounter danger, the Demon Ancestor will blame us."

Cang Guardian said worriedly!

"Hmph, just a few little monks, don't be afraid, even if you have a magic whip in your hand, so what can you do."

Linglong snorted coldly, and her strength at the peak of the ninth rank of the fit state burst out instantly!

What Linglong needs now is an opportunity, as long as she finds an opportunity, she can break through the Composite Realm and be promoted to the Crossing Tribulation Realm!

As long as you survive the entire danger of crossing the tribulation realm, you can become a half-step magic fairy!

And this opportunity may lie in David, who will be on fire!

Linglong's eyes became extremely hot!

"Missy is a genius, of course she is not afraid of a few little human monks..."

Cang Hufa hastily boasted!

"Then let's split up, or if these people really run away, none of us can afford to blame the master!" After

Linglong finished speaking, she jumped and disappeared into the white snow field!

The two protectors looked at each other, and then looked for them in different directions!

At this time, David and the others were running away desperately!

Since David said that the magic cultivator who came is very strong, it must be strong!

After running for a certain distance, he frowned slightly and stopped!

"Mr. Chen, what's the matter?"

Wa Gu asked!

"We can't run away like this. The opponent is very strong and is chasing us from different directions!" "

So someone must stay behind and buy time for others!"

David said!

But after David finished speaking, no one made a sound, because everyone knew that those who stayed behind and held back the other party would surely die!

No one wants to die...

Wagang looked at David, then gritted his teeth and said, "Mr. Chen, I am willing to stay and drag the demon cultivator who is catching up. You run for your life..."

David looked at Waguan, shook his head and said, "You can't, with your strength, the other party will be slapped to death!" "You can't

hold the other party for a long time!"

"I'll stay, but I still need a few strong people to help me "

"Gao Qijie, Wagang, you take Ruyan and escape from the west, you must be fast..."

After David finished speaking, he glanced at Lao Sun, Lao Kong, Zuo Qing, and Ji Yun. After all, these people are the most powerful. powerful!

Like Gao Qijie, Liu Ruyan, Wa Gang and the others, if it were really a duel between masters, the aftermath might kill them all!

"I won't go, I want to stay, David, I want to accompany you..."

Liu Ruyan never left!

“Even if you don’t leave, you won’t be of much help, and it will distract me. You weak ones, run away!” “

If others want to stay and help me, they can stay, but I tell you You, if we can’t work together now, in the end, we will all become the food of those demon cultivators!”

David said solemnly!

“Brother David, I will stay. Don’t say you saved my life. Even if it is to deal with these demon cultivators, it is also the responsibility of my human monks.”

Lao Sun took the lead in expressing his position to stay!

Seeing this, Ji Yun also said to stay!

Seeing someone staying, Lao Kong and Zuo Qing looked at each other, and then they both nodded, indicating to stay!

After all, many people are powerful, not to mention they are the strongest among these people!
