

# A Man Like None Other Novel

## Chapter 2961

"Boy, you are too crazy. How dare you talk to my father like this? Are you looking for death!" !"

"Even if all of you are at the seventh or eighth rank of the Body Fit Realm, so what? My father will destroy you all by himself."

Ning Can cursed at David!

"Looking for death..."

David snorted coldly, and waved towards Ning Can casually!

With a wave of David's hand, there was a crackling sound in the air!

Immediately afterwards, electric arcs hit Ning Can directly!

"Dare to touch my son..."

Ning Caichen frowned, grabbed Ning Can, pulled Ning Can behind him, and then swung out a palm, followed by David, and even directly slapped him!

You know, David is only the fourth rank of the Fusion Realm, and Ning Caichen is a monk at the peak of the ninth rank of the Fusion Realm!

The difference in strength between the two is not even a little bit!

David and Ning Caichen faced each other, fearing that he would be shot to death in an instant!

Bang...

With a muffled sound, the strength of the two collided instantly!

Because it was a hasty shot, Ning Caichen didn't use his full strength, and David waved it casually, and didn't use his full strength!

After the strength of the two collided, David's figure shook twice, and finally took a step back!

Although Ning Caichen didn't move, his palm felt numb and crisp, as if he had been hit by an electric current!

Looking at David who just took a small step back, Ning Caichen's eyes were full of surprise and puzzlement!

He didn't understand how David, a fourth-grade monk in the Body Fit Realm, could have such strength to block his own palm!

Even if he didn't use all his strength, David, a fourth-grade monk in the Composite Realm, would fly out. Even if he didn't die, he would probably be seriously injured!

But now, looking at David as if nothing happened!

"You fucking..."

Ning Can was full of anger, and was about to yell at David, but was stopped by Ning Caichen! David looked at Ning Caichen with a sneer on his face and

said, "Do you still think that you will be sure of winning?"

them!

These people obviously follow David and will live and die together. If they really do it, these people will not escape alone!

In this way, their Ning family may not be sure to win!

Even if it is won, it is also a miserable victory!

Ning Caichen knew the purpose of his trip, and he didn't come to fight!

"Let's go..."

After hesitating for a moment, Ning Caichen waved his hand, ready to take the Ning family away!

"Dad, we..."

"Shut up."

Before Ning Can could finish speaking, Ning Caichen gave him a hard look!

Soon, Ning Caichen left with the Ning family, and no longer pursued the matter of David beheading his three bloodthirsty Thunder Eagles, nor snatched the three Heavenly Thunder Fruits from David

. After leaving, David and the others continued on their way, but the key to the treasure was in David's hands, so David was not in a hurry!

Those people don't have a key, it's hard to get into the treasure!

On the way, David swallowed three bloodthirsty Thunderhawk beast pills, and continued to use the bloodthirsty Thunderhawk beast pills to feel the original breath of thunder and lightning. Slowly, in David's original space, the thunder and lightning The original star, brighter!

David already has a deep understanding of the original breath of thunder and lightning, so it is much faster to absorb and comprehend it!

"I still have the ultimate fire on my body. I don't know if I can use this ultimate fire to perceive the origin of fire. If I can perceive the origin of fire and absorb the original breath of fire, that would be amazing!" David thought to himself

. After all, the more types of original breath perception, the better!

It's just that David doesn't know whether he can realize it. After all, David still knows very little about the original breath!

## Chapter 2962

"It's here, it's right in front..."

Gao Qisheng looked at a place where the ice and snow had melted, and shouted loudly!

"This place is so strange, why doesn't it feel so cold? Even the ice and snow have melted!"

Lao Sun said very strangely!

"There seems to be a warm current blowing in front, how could there be a warm current in this kind of icy and snowy place?"

Zuo Qing was also full of doubts!

"Let's go, the entrance to the treasure will be seen soon..."

Gao Qisheng urged!

When everyone reached the entrance, they realized that the treasure door had already been opened, and no one had disappeared outside!

But at this time, there is still a warm current blowing out from inside the gate!

"It was opened?" David frowned slightly!

Because what he held in his hand was the real treasure key, but how did the treasure door be opened?

Is this a fake treasure?

After all, the patriarch of the ancient body refining clan said that there are many fake treasures, and now that the entrance to this treasure has been opened, it is very likely that it is fake!

But if it is a fake treasure, there are waves of warm currents blowing in, what is it?

It's impossible to put many treasures in the fake treasure, right?

"Mr. Chen, what should we do?"

Seeing that the treasure entrance was opened, Gao Qisheng asked David!

David hesitated for a moment, and then said, "Let's go in..."

No matter whether it is a fake treasure or not, David intends to go in to see what's going on!

If this is a real treasure, wouldn't it be a missed opportunity!

A group of people walked in slowly, and David walked in the front, cautiously!

After entering, the inside is full of colorful spiritual energy, which looks very beautiful, just like walking on a dreamy street!

David led the crowd towards the inside, the temperature was getting higher and higher, suddenly a white light flashed in front of everyone's eyes, and all the blinking people involuntarily closed their eyes!

But when these people opened their eyes, they found that they were in an unfamiliar environment!

Surrounded by lush green trees, in front of them is a valley, and the valley is filled with white mist!

"This... What's the situation? How could this happen?"

"Is there such a place in the extreme north? It's impossible!"

"We won't enter the phantom formation, everyone is an illusion?"

Seeing the sudden change of scenes around them, everyone started talking in panic!

David was also stunned by the sight in his eyes. The moment the white light flashed just now, they seemed to have pierced through some kind of barrier, and seemed to be teleported by some kind of force!

But the scene in front of him is not an illusion, David can guarantee this, if it is an illusion, there is no way to confuse David!

After all, David is also a master of formations, a small phantom formation can't trap him!

"This is not a phantom array, we just went to another place." "

Or this is the Far North, and this place belongs to the underground of the Far North."

David explained.

"Mr. Chen, since it's not a phantom formation, is it possible that it's a secret realm? I remember my elder brother said before that the extreme north is not all frozen land, but also a place where spring flowers are fragrant!" "Maybe it's here

? Could it be a secret realm opened up by some immortal?"

Gao Qisheng followed David and said!

But David shook his head, "It doesn't look like a secret realm, but we need to investigate to find out!"

David exuded his consciousness, and then slowly walked towards the fog in the valley!

But he found that this white mist was so strange that there was no way for his spiritual sense to penetrate into it!

"Mr. Chen, this white mist seems to be weird, and the spiritual sense can't penetrate it!"

Lao Sun said at this time!

It seems that he also used his spiritual sense to investigate!

David nodded, slowly approached the white mist, and plunged his whole hand into the thick white mist!

After a while, David took his hand back!

## **Chapter 2963**

"It's really strange. There's nothing special about this white mist, and it's not poisonous. How can it block divine consciousness?"

David frowned!

"Don't worry about it, let's go in and see if it's okay..."

Ji Yun said, walking directly into the white mist!

"The fog is so thick, it's really hard to move an inch without God's sense to explore the way..."

Ji Yun who walked into the white fog said loudly.

Seeing Ji Yun walking in, David followed in too!

Seeing this, the others followed suit!

"Everyone, stay close, don't get lost again, otherwise you won't be able to use your spiritual sense to investigate, and it's hard to find if you get lost!"

David warned loudly!

Everyone nodded, and then slowly walked forward!

Now they can only move forward based on feeling, they can't see the road clearly at all!

"Ji Yun, Ji Yun..."

After walking for a while, David realized that he hadn't seen Ji Yun who entered first, so he shouted loudly.

But David yelled several times, but no one answered at all!

"Old grandson, grandson..."

David turned his head and found that the people following him had disappeared, so he shouted loudly

no matter how David shouted, no one responded to him!

This time, David frowned tightly!

David had no choice but to bite the bullet and continue walking forward, but soon, he found a purple hammer floating in the white mist.

When David saw this, his face was full of surprise. He could tell at a glance that the hammer was made of purple star stone, and it was extremely heavy. Just this hammer, it is estimated that it could weigh several thousand catties!

But it is obviously abnormal for these thousands of kilograms of weapons to float in this thick white mist!

David reached out and grabbed the purple hammer, a divine sense penetrated into it, he wanted to see who the hammer belonged to!

Can you find a familiar breath from this weapon!

But this purple hammer, as if no one has used it before, does not have the slightest breath of other people's use at all!

David was very puzzled, he relaxed his palm, and the hammer floated in the air again!

"It's strange, it's really strange. Could it be that this white mist is weird?"

David couldn't figure out what was so weird about this white mist.

If the white mist was poisonous, David would have noticed it long ago!

Soon, as David continued to move forward, he found that more and more weapons were floating in the air!

There are knives, swords, all kinds of weapons!

Moreover, the grades of these weapons are also different!

Looking at the weapons floating in mid-air, David's doubts deepened, so he opened the storage ring and took out his Dragon Slaying Sword!

When David held the Dragon Slaying Sword in his hand, suddenly a huge force began to involve David, as if they were fighting for the Dragon Slaying Sword in his hand!

This force was so powerful that David tried his best, but he couldn't catch it. The Dragon Slaying Sword came out of his hand, and like other weapons, it floated in mid-air!

Seeing this, David jumped up and grabbed the Dragon Slaying Sword firmly. With a flash of thought, he let the Dragon Slaying Sword enter the storage ring!

After putting away the Dragon Slaying Sword, David breathed a sigh of relief!

If he lost the Dragon Slaying Sword, David would probably hate himself to death!

You must know that Zhanlongjian followed him to fight in the north and south, and besides, the sword spirit Zhongli is still recuperating and recovering. If he loses the Dragon Zhanjian, he will never see Zhongli again!

David didn't dare to experiment, so he quickened his pace, and soon the surrounding fog gradually faded!

David's eyes lit up, the fog disappeared, and David saw towering mountains on both sides, with lush green trees on them!

And looking forward along the valley, I saw a thatched cottage, which was still smoking, as if someone was living there!

## **Chapter 2964**

"How could there be people living here?"

David was puzzled, but he still walked slowly towards the thatched cottage!

However, David walked very slowly, and covered the thatched cottage with his spiritual consciousness!

Although there was smoke rising from the kitchen, David didn't feel any breath in the thatched cottage!

When David walked up to him and slowly opened the door, he realized that there was no one in the thatched cottage, and there were several hot dishes on a long-standing wooden table!

The stove next to it is still burning with flames, and the pot is still steaming!

This kind of scene instantly reminded David of his childhood!

When I was in my hometown, I always used this kind of earthen stove!

However, no one uses thatch to build houses anymore. This is the case in the secular world. In this world of heaven and earth, where everyone cultivates immortals, how can there be people living here alone!

"It smells so good..."

David approached, looking at the food, he felt hungry!

You must know that a monk who has reached his level will not feel hungry anymore, even if he eats, it is just to taste the taste!

But facing the delicious food in front of him, David felt a long-lost sense of hunger!

David wanted to eat it, but finally stopped!

Immediately afterwards, David took a look at the room, and found that there were a lot of books on a bookshelf in the corner!

David stepped forward to take a look, and was immediately amazed. It turns out that these books are all kinds of exercises!

And at the bottom of the bookshelf, there are all kinds of treasures!

How can there be so many treasures and exercises in a small thatched cottage?

David was stunned for a moment!

David reached out to put those exercises and treasures into his storage ring, but he stopped in the end!

"Is anyone there? Is anyone there?"

David yelled, then walked out of the thatched hut and looked around!

"Who? Suddenly broke into my place, and even entered my house privately..."

At this moment, a voice sounded, followed by a hunchbacked, white-haired old man who did not know when he appeared!

David looked all around clearly, but he couldn't even see a person's shadow, and even his spiritual sense couldn't feel that anyone was there!

But now, the old man unexpectedly appeared in front of David without warning!

"Senior, junior David, I don't know what happened, but I came here!"

"If you disturb me, please forgive me..."

David said very politely when he saw the old man!

"You ran into my house, did you steal my food?"

the old man asked seriously!

“Senior, I didn’t touch your food, you can check it.”

David said hastily!

“Then my treasure, did you move it?”

the old man continued to ask.

“No, absolutely not!” David hurriedly shook his head and said!

The old man was not talking, but walked into the thatched cottage, and David followed suit!

The old man looked at the food on the table, and then at his treasures, and then smiled!

“Sit down, it seems that God’s choice is really right...”

The old man smiled slightly!

David was stunned and didn’t understand what the old man was talking about, but he obediently sat across from the old man!

“These meals are carefully prepared by me. How about you try my handicrafts?”

After David sat down, the old man said with a smile!

David couldn’t refuse, so he picked up the chopsticks and slowly tasted it!

“Well, the taste is very good, senior’s cooking skills are really amazing.”

David praised the old man!

The old man smiled lightly, "If you like to eat, then eat more, these meals are good for you."

David didn't understand, since he passed bigu, he would not be hungry even if he didn't eat, so why did he still eat these meals?

But the old man was kind, so David could only eat it. After all, the food tasted really good!

## Chapter 2965

"Senior, what exactly is this place? Why are you the only one here?"

David asked while eating!

"Where are you going?" the old man asked back.

"We were looking for the treasure of the ancient body-refining clan, but after entering the treasure cave, we came here suddenly." "

Is this the land of the extreme north? See, the environment here is completely different from the land of the extreme north!"

David truthfully Said!

"Are you looking for the treasures of the ancient body-refining clan?"

The old man smiled slightly, and then stretched out his hand and said, "Bring the things!"

"Something, what?" Doubt!

"Of course, it's the key to the treasure. Without the key to the real treasure, you couldn't have come here."

The old man said with a smile.

David was taken aback, and looked at the old man in disbelief, his expression became a little nervous!

“Senior, who are you?”

David didn’t understand what the old man meant, let alone how he knew he had the real treasure key!

“Hahaha, you came to look for my treasure, and you still have to ask me who I am, it’s so ridiculous!”

The old man laughed!

“You...are you the ancestor of the ancient body training clan?”

David looked at the old man in shock.

The old man didn’t affirm it, but he didn’t deny it either. He just stretched out his hand and said, “Give me the key...”

David looked at the old man, and then took out the key to the real treasure!

The old man held the jade tablet with a faint smile on his face!

“This bookshelf is full of exercises of the ancient body-refining clan, and some treasures, you can take them away...”

The old man pointed to the bookshelf and said!

“This...”

David didn’t expect that the treasure of the ancient body-refining clan could be obtained so easily.

Is this a bit too simple?

"What? You don't want it?" the old man asked.

"No, senior, don't get me wrong, I just didn't expect to get the skills and treasures in the treasure so easily." "Shouldn't there be

Ice Poll? My main purpose this time is to get the Ice Poll. "

David asked the old man!"

David didn't have much interest in the exercises and treasures of the ancient body-refining clan, he mainly came to get the Ice Soul Pill!

"Bing Po Pill is not here, take these treasures and leave quickly."

"Remember, don't be greedy, keep moving forward."

"Remember my advice, remember..."

The old man held The jade tablet on his hand suddenly emitted streaks of golden light, and then the old man's body slowly disappeared!

"Senior, senior..."

David shouted, but the old man never appeared again!

Seeing this, David, who was full of confusion, had no choice but to put away those exercises and treasures first, but when he walked out of the thatched cottage, the scene in front of him changed instantly!

The thatched cottage disappeared, and immediately before his eyes, a magnificent palace appeared.

David was in a daze at this moment, how could it be a thatched cottage just now and become a gorgeous palace in the blink of an eye?

However, David still walked towards the palace, and then pushed open the heavy palace gate, and saw that there were also various exercises and treasures in the palace!

But when David stepped into the palace, his brows slightly frowned, and his expression suddenly became gloomy!

“Bold boy, dare to trespass on my mansion, do you want to live?”

An old voice rang in David’s ears!

Then an old man appeared in front of David!

When David saw the old man in front of him, he was stunned for a moment, and saw that the old man was exactly the same as the old man he saw in the thatched cottage!

It’s just that the clothes of the two are different, the former is dressed in plain clothes, while the latter is made of silk and satin, like a wealthy landlord!

David stared at the old man in front of him, without saying a word!

“Bold, trespassing on my mansion, and still looking directly at the deity like this, is simply audacious.”

“Do you know who the deity is?”

Seeing David staring at him, the old man was furious!

## **Chapter 2966**

“Who are you?” David asked!

“This old man is the ancestor of the ancient body-refining clan. What are you doing breaking into my mansion?” “

Are you trying to steal my skills and treasures?"

The old man asked David!

"Senior, I just came here unintentionally, not to steal your treasures and exercises, I hope you don't misunderstand!" "

I'm leaving now..."

David said, turning around and leaving.

"Hey hey..."

"Wait a minute, I see that you have strange bones and extraordinary talents, so I want to take you as an apprentice, and you are willing to worship me as a teacher. If so, I can give you these secrets of exercises and these treasures!" "

And how about passing on my inheritance to you?"

Seeing that David was going to do it, the old man stopped David directly and asked Take David as an apprentice!

"Sorry, I don't want to recognize Master..."

David said, and continued to walk out!

"Why do you look down on me?" The old man said angrily!

David smiled lightly, "It's true that I look down upon it. I don't think the strength of the senior is very good. If you take me as an apprentice, you may not be able to teach me anything." "What an ignorant child, how dare you question my lack of strength ?

"

Angry!

"I'm not questioning senior, I just look down on you..."

David said, suddenly there was a Dragon Slaying Sword in his hand!

Sen Han's sword pointed directly at the old man!

Seeing this, the old man frowned, "Why do you still have a weapon in your hand?"

"Why can't I have a weapon?"

David said with a cold smile!

"You guy, you don't know how to respect the old and love the young, and your morals are corrupt. You don't meet my standards at all. You can go..."

The old man stepped aside and asked David to leave quickly!

But David sneered a little, but he didn't leave anymore!

"Senior, I don't want to leave now, I want to compete with senior."

David said coldly!

"You compete with me, I can kill you with just one finger, you better go, don't lose your life in vain!"

The old man waved his hand, and did not compete with David at all!

"Senior, in this illusion, I'm afraid you are incapable of killing me!"

David sneered, and then he slashed at the old man with his sword!

The old man let out a cold snort, waved his palm lightly, and a beam of seven-colored aura went towards David with both feet!

"A fourth-grade cultivator in the Composite Realm can see through my illusion..."

The old man was obviously a little surprised!

Holding the dragon-slaying sword in his hand, David suddenly slashed towards the colorful aura, but was knocked back by a huge force!

Seeing that David was so vulnerable, the old man raised his mouth with pride!

"Ignorant boy, even though this is an illusion, I can still kill you..."

The old man clapped his hands together, and began to slap David frantically!

Huge power surged around David, and David's whole body seemed to be torn apart, and he disappeared! Seeing David disappear, the old man snorted coldly and said, "Hmph

, you can see through my illusion. You really have some eyesight. " But it appeared again! "Senior, are you saying that my cultivation base is low?"

The corner of David's mouth raised, "Your phantom formation is really too bad. I just move a little bit, and this phantom formation is for my use." After David finished speaking, he disappeared again, and then appeared in other

directions Appear!

"You...you actually know formations?"

The old man was very surprised!

"I understand, it's not just formations..." After David finished speaking, he attacked the old man again!

"Presumptuous!"

The old man was furious, his whole body's spiritual power was rolling, and then the spiritual power like a sea wave rolled towards David!

David's eyes were slightly condensed, and the Dragon Slaying Sword in his hand suddenly burst into sword light!
