

# A Man Like None Other Novel

## Chapter 2985

Looking at the stars at the source of fire, David was very excited!

This time, even if he doesn't need to absorb the ultimate fire of the demons, as long as he continues to use various fire-attributed resources to comprehend, the source of fire in his body will continue to improve, and his ultimate fire will also continue to improve!

David's Supreme Fire is the purest Demon Clan, and even if David absorbs and refines the Flame Demon Clan's Supreme Fire, there is no way to fuse with the purest Supreme Fire in his body!

Now that he has the source of fire, David no longer needs to search for the purest fire to refine it. As long as he continues to comprehend the source of fire, the ultimate fire will continue to improve!

"Mr. Chen, the power of the source of your fire is probably stronger than that of the purest fire!

" Those methods are all powerful!"

"You are only in the body-fit state, and you have the original space, and you have realized two kinds of original sources, which is really amazing!" "

I will follow Mr. Chen wholeheartedly from now on, and I will go through fire and water without hesitation... .."

Zhe Yan discovered that the origin of fire that David comprehended was stronger than the purest fire of their Flame Demon Clan, it was simply too outrageous!

Ping didn't expect that he could comprehend the origin so quickly. According to Gao Qiqiang, comprehending the origin is very difficult!

Some people spend their entire lives in poverty, and they only break through the time of crossing the catastrophe, which is just a source of natural perception!

To be able to comprehend two or three sources, later on, is definitely a genius!

And David is only in the body-fit state. Apart from the original space like the stars and the universe, he also quickly realized the two original powers, which is simply too outrageous!

At this moment, Jin Sha was waiting for David to appear in mid-air, but when he felt the huge aura gushing out from the ground, his face became a little surprised!

David's body slowly emerged from the ground, and finally, his whole body stood on the ground!

Looking at David like that, Jin Sha frowned, "What did you do underground?"

David looked at Jin Sha coldly, but didn't speak, a huge aura was released from his body, and endless flames blazed from his feet, began to rise towards the surroundings!

You must know that Jinsha is a metal-based technique for cultivation, and he is very resistant to this kind of blazing flames!

When seeing the raging flames on David's body, Jin Sha was a little dumbfounded!

Moreover, the strength in David's body was also slowly rising, which made Jin Sha even more confused!

"Did you swallow the flame stone?"

Jin Sha's heart trembled, looking at David like this, it was as if he swallowed the flame stone directly into his stomach!

You must know that the power contained in the flame stone is huge, and it needs to be absorbed slowly. If you swallow it directly in your stomach, you may suffer backlash, explode and die directly, or be burned to ashes by the flames!

But it seems that David is fine now, and he is not afraid of the scorching flames around him. It seems that David still has this strength that he can't see through!

Looking at the raging flames on David, Jin Sha felt a sense of crisis, so he manipulated the golden net, ready to attack David at any time!

Not far away, Ji Yun and Lao Sun looked at David, all of them were stunned!

There is no suspense at all for such a difference in strength between a monk of the fourth rank of the Composite Realm and a monk who is at the peak of the ninth rank of the Composite Realm alone!

But now David is not only fine, but it seems that Jin Sha is a little nervous!

Lao Kong and Zuo Qing all breathed a sigh of relief. Fortunately, they were in the same group as David, otherwise, they might not even know how they died!

"Didn't you say that you can kill me with one hand? I'll give you a chance now. I'm not running anymore. Come and kill me..."

David looked at Jin Sha with a sneer on his face!

But the more David said this, the less Jin Sha dared to attack David!

## Chapter 2986

Jin Sha didn't dare to do anything directly, so he could only manipulate the golden net to envelop David!

David looked at the golden net enveloping him, he didn't run or dodge!

He knew he couldn't escape unless he went underground again!

But this time, Jin Sha was already prepared, he would definitely attack the moment David sank into the ground!

In that case, David would not even have the ability to fight back, and could only be slaughtered by others!

Seeing David not dodging, Ji Yun and Lao Sun became worried for David.

And Jin Sha saw that David didn't dodge anymore, not only was he not happy, but he even felt a little uneasy!

Soon, the golden net covered David, and it shrank tightly, making David unable to move.

Seeing this scene, Jin Sha breathed a sigh of relief.

"Boy, let me see if you are still crazy or not. I don't care if you have a flame stone or not. Today I will suppress you and prevent you from coming out forever." "

Jin Sha sneered!

Soon, Jin Sha took out the thing that looked like a gold coin again, and this time he tossed it in the sky, and the thing instantly became extremely huge, and then suppressed it towards David!

David didn't change his face. In his original space, the stars of the source of fire flickered, and then one after another of trembling flames began to burn!

Ka Ka Ka...

The golden net, under the burning of the fire, actually made the sound of about to collapse!

Soon, the net began to melt, turning into bursts of mist!

Jin Sha watched his treasures merge, and his whole heart was about to break. Before he could take back the net, the golden net had already turned into a cloud of mist!

The violent blaze has not stopped, it is still burning, and the raging flames are straight into the sky!

The raging flames made the already hot weather even hotter!

A wave of heat hit, and Jin Sha had to retreat!

But soon, Jin Sha seemed to have thought of something, and wanted to take back his gold coin that suppressed David!

Unfortunately, it was still too late, as the gold coin-like magic weapon continued to suppress, it was finally turned into a mist under the raging fire!

Seeing that another magic weapon of his was destroyed, Jin Sha almost didn't cry!

And David's whole body was burning with fire, and there was a surge of power in his body. At this time, David was extremely confident in his heart. David had

never controlled this original power, but this time, David was full of confidence. !

If there is no source of this fire, it is impossible for the fire in David's body to burn for such a long time, and it is even more impossible to have such a huge power!

This is the power of the source, with this power, David feels that he can poke a hole in the sky!

David turned into a ball of flames, and he was in front of Jin Sha in an instant!

Feeling the breath of flames on David's body, Jin Sha's face became extremely ugly!

"Great cultivator at the pinnacle of the Ninth Grade of the Body Fit Realm, don't you want to slap me to death? Come on, come on quickly..."

David provoked Jin Sha!

And Jin Sha's eye muscles kept twitching, and he was gnashing his teeth angrily, but he just didn't dare to make a move!

What he practiced were metallic exercises, and in this fiery desert, his strength was already compromised!

Now David even used the flame technique, which restrained him even more!

This time, Jin Sha didn't dare to act recklessly!

"You don't dare to move, then I'll try..."

David said, and he was in front of Jin Sha in an instant!

Jin Sha retreated instinctively, but a blaze blocked his way, making Jin Sha at a loss for a while!

Pa...

Just when Jin Sha was at a loss, David slapped him!

This slap, with endless flames, exploded instantly!

The endless fire turned into a huge palm, and moved towards Jin Sha!

## Chapter 2987

Jin Sha was slapped fiercely by the flames, his whole body was in great pain instantly, he flew upside down and fell to the ground!

This scene was seen by everyone, and everyone was dumbfounded!

One must know that Jin Sha is the pinnacle of the ninth rank of the Body Fit Realm, so he was slapped away like this, isn't it a bit too outrageous?

Ning Caichen looked at David with deep puzzlement in his eyes!

He didn't understand that even if David hid his strength, he couldn't slap Jin Sha away with a single slap!

Smash a cultivator who is at the peak of the Ninth Grade of the Composite Realm!

In fact, Jin Sha was able to slap him away because of his compromised strength here, and because David's Zhihuo restrained his metallic skills.

If it was Ning Caichen, it would be impossible for David to slap him away so easily!

This slap was taken at the right time, place and people, and Jinsha himself had a psychological fear of flames, so he did it!

At this moment, the corner of Jin Sha's mouth was bleeding, and he slowly got up from the sand, his eyes were full of anger!

He had never suffered such humiliation!

And when David saw that Jin Sha was injured, his eyes were full of murderous intent, and he went towards Jin Sha again!

Taking advantage of your illness to kill you, this time David will not let go of a good opportunity!

But when David was heading towards Jin Sha, suddenly several monks from the Ning family went up to meet him in an instant!

They were there to save Jin Sha. After all, Jin Sha is temporarily allied with the Ning family. It is impossible for Ning Caichen to watch Jin Sha be killed by David!

If Jin Sha died, then the Ning family and the others would follow!

Ning Caichen didn't move because he wanted to frighten the casual cultivators like Lao Sun and Zuo Qing!

A few monks from the Ning family blocked David's way, and David frowned, and the flames around him spread like ripples, centered on him, spreading crazily to the surroundings!

Feeling the scorching flames, several Ning family monks retreated again and again, they couldn't bear the burning of the flames!

"Those who stand in my way will die..."

David yelled angrily, scaring several monks of the Ning family to tremble!

Because David was too terrifying at this time, the monks at the peak of the ninth rank of the Body Fit Realm were all slapped away, which is simply too outrageous!

Ning Caichen saw that all the monks of his Ning family were frightened by David, and he couldn't hold back his face. He shouted loudly, "Boy, don't be crazy..." Ning Caichen jumped up and directly blocked

David. In front of the plane!

Those monks of the Ning family followed behind Ning Caichen!

Seeing this, Ji Yun, Lao Sun, and other casual cultivators all jumped up and stood behind David!

At this moment, in the midair of this desert, the two camps are facing each other with swords drawn!

Jin Sha also slowed down a bit, and jumped to stand with Ning Caichen!

"Brother David, let's go up together and kill these guys. What kind of Ninth-Rank Peak of the Composite Realm is trash in front of you.

" ..."

Yuan Bao has incomparable trust in David at this moment!

With David around, he felt that the Heavenly King Lao Tzu would not be afraid when he came!

A monk of the fourth rank of the Composite Realm slapped away a cultivator at the peak of the ninth rank of the Composite Realm. This kind of shock made Yuan Bao regard David as a fairy-like existence long ago!

"Yes, let's go together and kill these guys."

"These guys are too deceitful, let's fight..."

Those casual cultivators were also very excited!

After all, they have all been angered by the Fengmomeng and the Ning family, and now that David is so powerful, they can just vent their anger!

But David himself knew that if there was a melee, they would have no chance of winning at all!

His current strength is not enough to slap a ninth-rank peak monk of the Composite Realm away with a single slap!

David just occupied a favorable geographical environment!

But these casual cultivators didn't know it at all, and thought that David's current strength was really so powerful that he didn't pay attention to the monks who were at the peak of the ninth rank of the Body Fit Realm!

## Chapter 2988

The two sides confronted each other, and for a while, no one dared to strike first. In this situation, if they fight, it is very likely that both sides will suffer!

I don't know how long the confrontation lasted, but the surrounding space began to slowly become blurred, and no one noticed.

Soon a breath spread, and everyone felt a blur in front of their eyes. When it reappeared, everyone appeared in the center of a huge altar!

Countless thick beads stood in it, the surrounding area was very dark, and there was a gloomy feeling.

What's more, people began to appear around David and the others!

Those people who disappeared originally also appeared here.

It's just that many of these people are wounded, and their faces are full of exhaustion!

"Mr. Chen..."

At this time, Gao Qisheng and Gao's family saw David and hurried over!

David saw that Gao Qisheng was also injured, and there were two Gao family monks who followed him, two were missing!

"Gao Qisheng, what's going on?"

David frowned slightly and asked!

"Mr. Chen, I don't know what's going on. After passing through the light gate, I came to a mountain forest!" "

There are many fairy grasses in this mountain forest, as well as fierce beasts.

"Beast Dan, we clashed with other monks."

"Two of us were killed..."

Gao Qisheng said with a depressed expression!

After hearing this, David looked around and found that there were not even half of the hundreds of monks left!

Especially those casual cultivators, each of them was miserable, some were seriously injured even if they did not die!

This is a typical man-made money, dead birds die for food!

To get the treasure, take such a big risk!

David found that only their side had the most monks, and it was very likely that their strengths were balanced, and no one dared to do anything!

If David hadn't united with those casual cultivators at the beginning, they would have all been killed slowly, and there would not be many people left!

"Jin Sha, what's your situation?"

On the other side, the other four people from Five Elements Tiansha found Jin Sha, and they couldn't help but be surprised when they saw blood on the corner of Jin Sha's mouth!

You must know that they are the strongest monks here, if they were not targeted by many monks, they would never be injured!

When Jin Sha saw that his partners were coming, his confidence instantly became full, and then he looked at David coldly!

"A kid took advantage of my unpreparedness and hurt me..."

Jin Sha said with a murderous look all over his body!

"Who is it? Dare to take action against our members of the Demon Sealing League?" Mu Sha frowned and asked angrily!

"It's him..."

Jin Sha pointed at David!

Several other people looked at David, and when they saw that David was only at the fourth rank of the Body Fit Realm, they were all stunned, their faces full of disbelief!

"Jin Sha, you are not joking with us, are you? This guy is only at the fourth level of the Composite Realm, can he sneak attack you?" "Even

if you stand still, he can't touch you!

" believe!

Others didn't believe it either, after all, the strength gap between the two was too great.

If you are a monk of the eighth rank of the Compatible Body Realm with extraordinary talents, it is possible to leapfrog to fight and defeat a monk of the ninth rank of the Compatible Body Realm!

But for David, who is at the fourth rank of the Composite Realm, if he wants to defeat a cultivator at the peak of the ninth rank of the Compatible Body Realm, that would be a dream come true!

"I'm not kidding, this guy has more flames than yours."

"You also know that what I fear most is fire, and in addition to being in a place of fire, my strength is compromised."

Jin Sha said to Huo Sha!

"Even if he knows how to play with fire, he's only at the fourth rank of the Composite Body Realm. Where can he go?" "

I think you're just joking, I don't believe it at all!

"

Seeing that Jin Sha didn't believe anyone, he could only say, "I'll take you to him right now, and let you see this kid's true abilities. I suspect he's hiding his strength..."

# Chapter 2989

As Jin Sha said, he led several others towards David!

David looked at the Five Elements Heavenly Demon who came over by himself, his brows slightly frowned, and his expression became dignified!

It was so difficult for him to deal with a single Jin Sha, and now that the five of them are together, they have no chance of winning!

On the other side, Ning Caichen is frantically looking for his son Ning Can!

Ning Can's strength is not high. After being separated, Ning Caichen has been worried about Ning Can's accident!

But after looking around, he didn't find Ning Can's figure in the crowd, and now Ning Caichen's face became extremely ugly!

He knew that if Ning Can didn't show up, something might have happened!

As long as they are alive, they will definitely be teleported here. Even people who are seriously injured and dying, as long as they have a breath, they will all come here!

The only ones who didn't come were the dead...

Ning Caichen's heart sank, and when Ning Caichen was looking for Ning Can, he found someone who seemed to be hiding from him on purpose.

Ning Caichen walked over, and soon found out that this was actually a servant of their Ning family. This person had been following Ning Can all along, and Ning Caichen grabbed the servant of the Ning family out!

"Old...Master..."

When the servant of the Ning family saw Ning Caichen, his whole body trembled with fright, and his face turned pale!

Just now he was hiding from Ning Caichen on purpose, but he didn't want to be discovered by Ning Caichen.

"Where's the young master?" Ning Caichen asked with a cold face!

"Master, he...Master, he..."

The servants of the Ning family trembled and dared not speak!

"Tell me, what's wrong with him, young master?" Ning Caichen stared!

"Master, he's dead..." The servant of the Ning family finally said it out!

hum.....

Ning Caichen felt his head buzzing and almost fell to the ground!

Although he had guessed it a long time ago, when he got the exact news, he still couldn't bear it!

After a while, Ning Caichen asked the servants of the Ning family, "How did the young master die? Who killed him?"

"With the protection of the Ning family servants!"

The strength of these servants of the Ning family is not low, it is impossible for Ning Can to be killed easily.

Plop...

The servant of the Ning family suddenly knelt down on the ground, crying bitterly, "Master, it's our fault, it's because we didn't protect the young master

well, he was burned alive by the Huo Sha of the Five Elements Heavenly Demon" Yes."

"At that time, in order to fight for a celestial grass, the Huo Sha burned the young master alive, we wanted to save him but we couldn't, we are not the opponent of the Huo Sha." "Everyone died

at his hands I got here by narrow escape."

"Please spare my life, master..."

Ning Caichen's body trembled unceasingly when he heard the words of the Ning family's servant. He didn't expect his son to die so badly!

What's more, he didn't expect that the Five Elements of the Demon League didn't take their Ning family seriously!

Not long ago, he formed an alliance with that Jinsha, and in a blink of an eye one of them burned his son to death!

The anger on Ning Caichen's body was constantly burning, and the servant of the Ning family saw this, his eyes were full of horror!

"Since you didn't protect the young master well, what's the use of you..."

Ning Caichen slapped the servant of the Ning family to death in an instant!

As soon as the servant of the Ning family died, a white light came out of his body in an instant, rushed into the air like fireworks, and soon disappeared into the darkness!

It's just that no one paid attention to this scene, and they all observed their surroundings. In an unknown environment, everyone seemed extremely nervous!

After Ning Caichen slapped the servant of the Ning family to death, he turned his head and saw Jin Sha leading several others coming, the anger in his eyes drove him crazy!

"Give back my son's life..."

## Chapter 2990

Ning Caichen jumped up, and then he slapped towards Huo Sha. This palm was so powerful that he rushed to kill Huo Sha!

Ning Caichen's sudden attack made Wuxing Tiansha stunned.

Jin Sha was the first to react, and suddenly swung a palm, following Ning Caichen directly!

Boom...

The two palms pressed against each other, and a terrifying aura erupted. The terrifying aura spread to the surroundings, like a sickle, harvesting the lives of the monks around!

Two monks at the peak of the ninth rank of the Composite Realm, facing each other on this narrow altar, can imagine the power they erupted from!

David and Lao Sun hurriedly used their spiritual power to form a barrier against the terrifying aura!

Other monks also used various means to protect themselves!

However, some injured monks and some seriously injured, who had no ability to protect themselves, were instantly swept away by the spreading breath, and their entire bodies were destroyed, turning into a pile of powder!

Several white lights rose again, and after rushing into the air, they disappeared!

David has been paying attention to it all the time, as long as a monk dies, he will turn his own strength into a white light and be sucked away!

Under the pair of palms, Ning Caichen's body took two steps back, and the Jin Sha flew backwards!

He was injured himself, so following Ning Caichen head-on, he suffered a bit!

"Jin Sha..."

The others quickly helped Jin Sha up!

"Ning Caichen, you are so bold, you dare to attack our Fengmomeng, I think you are tired..."

Mu Sha yelled angrily, and was about to attack Ning Caichen!

"Stop!" Jin Sha stopped Mu Sha, then looked at Ning Caichen with a puzzled face and asked, "Patriarch Ning, what do you mean? Why did you suddenly attack us?"

"You still have the face to ask me? Ask me what you people have done?"

Ning Caichen glared at Huo Sha!

Jin Sha looked at Huo Sha and asked, "Huo Sha, what did you do?"

"Didn't you do anything? That kid from the Ning family dared to snatch the fairy grass from me and let me burn it to death..."

Huo Sha said nonchalantly!

Jin Sha frowned when he heard this!

When Ning Caichen saw that Huo Sha had killed his son, he still said it so lightly, and his inner anger was even greater!

"I want you to pay for my son's life..."

Ning Caichen roared angrily!

"Patriarch Ning, I hope you calm down!" Jin Sha said to Ning Caichen!

"Calm down? I killed your son, can you calm down?"

Ning Caichen asked Jin Sha!

"Patriarch Ning, if you must do something, do you think you and your trash are the opponents of the five of us?" Jin Sha asked

Ning Caichen with a cold face!

Ning Caichen looked at Jin Sha and didn't speak. Now that the Five Elements and Heavenly Sha are together, he and the people from the Ning family are no match for these five people at all!

At this time, Ning Caichen, don't mention how angry he was, but he couldn't beat him again and again, and he had to avenge his son!

For a while, Ning Caichen was in a dilemma!

When David saw that the Ning family had fallen out with Wuxing Tiansha, he was overjoyed!

He injured Jin Sha, and the Five Elements Heavenly Fiend would never let him go. If only relying on him, Lao Sun and those from the Gao family, they would not be the opponents of the Five Elements Heavenly Fiend!

But if he can unite with the Ning family and other casual cultivators, then he doesn't have to be afraid of Jin Sha's revenge on himself!

"You five-element gods are bullying others and killing other monks at will, it's simply too unreasonable!"

At this moment, David led others forward, "Patriarch Ning, if you want to take revenge, we can unite, in this case, you have a chance ..."

David's words stunned Ning Caichen, and even Jin Sha was stunned. He never thought that David would offer to join forces with Ning Caichen!

One must know that half an hour ago, he was the one who formed an alliance with Ning Caichen to deal with David!

Change in the blink of an eye!

But in this world of heaven and man, there are no eternal friends, only eternal interests!

An enemy of an enemy is a friend!
