Married at First Sight Chapter 2126-That wild girl, Kathryn admired his sister, thought he didn't know?

It's a pity that his brother was not the real brother, but his sister, haha, Kathryn was doomed to be lost.

Donald got up suddenly, and said to his children: "Hayden, Hugh, please accompany Kevin well, and I will take your mother out for a night drive."

"Dad, I'll go too." Hugh didn't want to be a light bulb.

Donald stared and said to his son: "Your mother and I are going for a ride, why are you following? You want to go for a ride, go for a ride by yourself, don't follow us."

Hugh: "...Dad, I am your son, your own son."

Donald hummed: "You are my own son, so I will talk to you. If it were someone else, I would just kick him aside."

Hugh: "..."

In less than ten minutes, Donald and his wife left, and Hugh found an excuse to slip out.

Seeing that his family members created opportunities for her and Kevin to be alone, Hayden also sighed like Hugh, was she born to her parents? Just hand her over to others casually, weren't they afraid that she would suffer?

She stared at Kevin.

Kevin said innocently: "Your parents liked me very much, treated me as a son-in-law, and created opportunities for the two of us to be alone."

Hayden said coldly: "Kevin, I have told you many times, we are not suitable, and I don't want to marry."

"I haven't tried it. How do you know that we are not suitable? I think we are very suitable. Who sees us together and doesn't boast? You don't want to get married, do you want to recruit a son-in-law?" Kevin smiled and said: "It's not difficult. My parents have three sons, and they don't care if I become the son-in-law. As long as their sons can marry a wife, they will be Amitabha."

Hayden had black lines on her face.

It's useless to talk to this thick-skinned person.

Kevin could speak well, and often in the end, Hayden was the one who was speechless by him.

Kevin asked her: "Do you want to go out for a stroll? Let me take you out to the night market. You must have never visited the night market. If you are worried about being recognized, we can disguise ourselves."

Hayden was a little moved: "How do you disguise yourself? You are a celebrity in Jensburg now, and people will recognize you when you go out."

Kevin: "If you put on big sunglasses, a black mask, and change my clothes, others won't be able to recognize you. You dress up better and restore your female status. I guarantee that no one will recognize you."

Hayden's face was dark again.

Kevin: "It's such a hot day, I really want to go swimming. Although it's getting late, I can swim in the private swimming pool. I think, you've grown up so much, haven't you ever gone swimming?"

After Hayden was silent, she said, "I swam when I was a child, and I also learned how to swim at that time."

Before puberty, she used to swim a lot, but when she entered her teenage years, she never went into the water again. Ten years later, she didn't know if she could swim.

Kevin: "Do you want to relive the cool dream of childhood?"

Hayden didn't speak.

On a hot day, it would be a lie to say that she didn't want to swim.

She also had a swimming pool at home, because, except for her parents and younger brother, who knew that she was actually a woman, none of the workers at home knew it.

Therefore, she never went to the swimming pool at home.

The workers always thought that the young master was not good at water.

But they didn't know that she didn't go to the swimming pool to hide the truth about the woman disguised as a man.

"On the top floor of our Fortress Hotel, there is a small swimming pool. I made it just for myself. The swimming pool's water quality is guaranteed, and no one is allowed to swim there without my permission. If you prefer, we are now Simply go swimming."
