Married at First Sight Chapter 2135-When Hayden got up, she found that Kevin had already woken up.

People should be in the locker room, She didn't see him around.

Without thinking too much, Hayden also walked to the dressing room.

When she entered the dressing room, she saw that the men's clothes she had just taken off were gone from where the clothes were placed, and the fake pectoral muscles she had worn in men's clothes were also gone.

Only the women's suit was there.

She didn't need to ask to know that it was Kevin who took advantage of her swimming and walked into the women's changing room first, and stole the men's clothes she had changed into.

That shameless person, Kevin, was forcing her to wear a skirt.

She didn't wear a skirt.

Turning around, Hayden walked out of the women's locker room, came to the men's locker room, knocked on the door, and shouted: "Kevin, return my clothes and things to me."

"I packed it up for you, and I'll return it to you when I get home later." Kevin's rogue voice came from inside.

With a dark face, Hayden ordered: "Kevin, immediately, return my clothes to me immediately!"

If she went home in a skirt, the workers in the house would know she was a woman.

Hayden was not yet mentally prepared to regain her identity as a woman.

Just shouldn't trust Kevin.

What this fellow wanted to do most was to restore her to the status of a woman, and then he could be cleared of his suspicion of being gay, and make those women who admire her give up.

"I left you clothes."

"That's what women wear!"

“You are not a woman.”

Hayden was speechless.

After a while, she said coldly: “Kevin, if you don’t open the door, I’ll break the door.”

“Come on, I don’t have any clothes on now. If you come in through the door and see me naked, I will ask you to be responsible for me to the end. If you don’t marry me, marry me.” Kevin once again brought out his scoundrel to the fullest.

“Kevin!”

Hayden didn’t believe that Kevin was really naked, but she still didn’t dare to take that risk.

She’s afraid that if she really broke the door and went in, and seeing him naked, it would be even more difficult to get rid of him.

“The clothes are left for you, you can wear them as you like, and forget if you don’t.” Kevin just didn’t open the door, insisting on forcing Hayden to change into women’s clothes, and show him how stunning her women’s clothes are.

Hayden stared at the door in front of him, really wanting to kick it down.

She hated the man inside again.

In the future, if she came here to swim with him again, her surname would not be Queen!

Scoundrel!

Just know how to cheat her!

“Ha Chirp—” Hayden sneezed twice.

Kevin, who was holding his ground in the men’s locker room, heard her sneezed twice in a row, worried that she would catch a cold.

Although the weather is very hot now, as the night deepens, it will be a little chilly. Swimming, now she is soaked through, if she stays stiff again, in case she catches a cold, he will be the one who will feel stressed.

Kevin opened the door.
