Married at First Sight Chapter 2150-Remy accepted Serenity's words, and he said, "Even if you go, Elisa will still go with her. She is very career-minded now."

Zachary answered.

Jane smiled and said, "Let's go back to the Manor first, it's very windy here."

"Sooner or later, Elisa will be a member of my Johnson's family. It doesn't matter when we meet." Remy's face flushed slightly, but he was proud of himself.

He and Elisa could already see a little light, as long as Mrs. Stone stopped making troubles and arranged no rivals for him, he believed they would be able to embrace the beauty soon.

Remy thought too well, but he didn't expect that he would have to ask his parents, brother and sister-in-law for help in the near future. After his parents, brother and sister-in-law flew to Wiltspoon, his marriage with Elisa was settled.

Jane held Serenity's arm as the two young mistresses walked in front of each other.

"Is Dr. Carden confinement?"

Serenity asked Jane, "Camryn almost had an accident some time ago. Although Callum helped her deal with those people, he was still very anxious. I hope Camryn's eyes can be cured soon."

No matter how smart and capable Camryn was, she couldn't see this weakness; she was the most vulnerable to being attacked, and she would be hurt if she was not careful.

The person who wanted to kidnap Camryn last time was really the work of her two aunts.

Now, the Chandler family and the Joyner family were probably crying.

Now that Callum had evidence, he would take revenge on those two families and vent his anger on Camryn's behalf, that would be merciless.

They are also the enemy of Callum and the York family!

If they didn't think that they were related to Camryn, Callum would show mercy. As long as Camryn didn't speak up, Callum wouldn't show mercy.

Those two families always thought that Camryn would always look out for her aunt and nephew's sake and would not kill him. After several times of probing, Callum didn't make a move, thinking that Camryn held Callum and refused to let Callum go and dealt with her relatives.

The Chandler family and the Joyner family became more and more daring, and even wanted to kidnap Camryn, and if they touched Callum's future wife again, they would lose their skin even if they didn't die.

Fabian was only more than a month younger than the Enzo and Avah. Tim didn't want to invite the York family for his full moon wine; he was annoyed that Callum always disturbed his wife, and he didn't have much friendship with the York brothers.

He said he wouldn't invite the York family, and Jane couldn't treat him for him, so Serenity didn't even know that Dr. Carden had confinement.

"Is your sister-in-law okay?" Jane asked about Camryn's situation with concern.

"Fortunately, I met Camryn. Camryn was fine, but it was very dangerous at that time. Those ba*tards imitated and pretended to be Callum. Camryn was almost taken into the car by them. Fortunately, they finally found out."

In fact, Dr. Carden really wanted to leave the level.

She took her son Fabian with her to make him dizzy, and Fabian liked to cry.

If it weren't for Fabian being too young, the genius doctor hadn't come back to work, and Lilian would have to take care of her son no matter how annoying his crying, otherwise she would have left the prison long ago.

"Dr. Carden is Camryn's last hope." Serenity could understand his brother-in-law's anxiety. She also hoped that Camryn's eyes would recover soon.
