Married at First Sight Chapter 2152-It is said that if a woman wants to live well in marriage, she must either be strong enough for herself, or her mother's family is strong enough. I also have a daughter now, and there is only one. If Avah marries in another place in the future, I will definitely be reluctant, let alone Enzo. He regards like an eyeball and loves him so much. Titus and Yves's son, he is on guard now."

Serenity laughed: "Titus is only a three-year-old child; Iris's son is the same age as yours, and now he only eats and sleeps, and eats while sleeping."

Jane: "Enzo is so defensive. Ben said that he finally raised a small cabbage, but he has to be careful. As long as any pig is suspected of cheating on his cabbage, it will be killed in the cradle immediately, and no one else's pig will be killed. My son has this idea."

What Ben was most wary of was his adopted son, Titus.

Titus was very smart, and the old genius doctor said he was a man who could be changed. However, he was involved in a blood feud, and his real home was thousands of miles away from Annenburg. Ben just thought Titus would steal his treasure so his daughter couldn't eat or sleep.

Severe insomnia often made Jane dumbfounded, saying that Ben thought too much.

Titus only regarded Avah as his younger sister, mainly because they were still little kids.

Ben really thought too much, and thought too far.

"Understood, I totally understand." Serenity laughed and said, "It's Zack from my family, hehe, he's stronger than yours. Not to mention Zack, even their whole family will watch him closely."

The York family had not had a daughter for several generations.

If Serenity could really give birth to a daughter, the York family would regard her daughter as an eyeball.

Whoever dared to play with the idea of the daughter of the York family was simply looking for abuse!

Jane: "We both entered the same in-law's family."

Although the Johnson family was not short of daughters like the York family, Ben's generation had no daughters, and in Enzo's generation, there is only Avah, unless Jane's other sisters-in-law can also have a few daughters.

Otherwise, it would be a headache for Avah to want to marry when she grows up.

There were so many uncles and brothers-in-law, but without a strong heart and a strong ability to bear, no one dared to marry Avah.

While chatting, they walked towards the manor, and soon entered the manor.

The butler was waiting with his people, and when he saw the distinguished guest coming, he came forward to meet them.

Jane led Serenity to the main house in the center, and said as she walked, "My parents, and my brother and sister-in-law are also here, and I'll introduce you to them later."

The parents she mentioned included adoptive parents and biological parents.

Since the previous Patriarch of the Lafayette family gave up the position of Patriarch to his son, he took his wife to travel around the world.

That is, when Jane gave birth, they came back.

After the baby was full moon, the couple went out again.
