Married at First Sight Chapter 2170-Mrs. Stone called her oldest son, Clive, when Liberty sent Kathryn out, and after Clive answered the phone, she told her oldest son: "Let someone keep an eye on Kathryn while she's here. Remove all traces of her presence in Wiltspoon after she has left it."

Clive didn't ask his mother why he did this, and replied: "Mom, I understand."

Mrs. Stone: "Come back early to be with Alice when you're done."

"Okay."

Mrs. Stone hung up the phone.

When Kathryn came to visit, Serenity didn't even know what she said or did at the store.

She was now the group favorite of Wildridge Manor.

It wasn't until 9 o'clock in the evening, when she returned to her and Zachary's room, that Zachary had a chance to go to her side.

"Wife." Zachary returned to the room one step ahead of Serenity.

After the couple came back, they found out that Serenity was pregnant, and Serenity was surrounded by her parents-in-law's elders to inquire about her health. If there was nothing wrong with Zachary, even if he sat next to Serenity, he would be pulled aside by the elders.

After repeating this several times, he had no choice but to go back to the room first and wait for his wife.

When he heard the door open, she came over.

As soon as Serenity came in, Zachary hugged his beloved wife into his arms.

Warm and fragrant nephrite filled his arms, and he hugged his wife tightly with both arms, sighing: "My wife is finally back in my arms. You are pregnant, obviously I also have credit, my mother and the others just drove me aside."

There was a bit of grievance in his words.

Serenity nestled in his arms, listened to his aggrieved accusation, and said with a smile: "Don't be aggrieved, I'm surrounded by elders and want to slip away, I can't bear such a warm surround."

Zachary picked her up, walked into the bedroom, and laid her on the big bed. He leaned over and kissed her on the face, and said with a smile: "Just get used to it. Grandma has rushed back after receiving the news. Grandma said she was going to live in our house and watch me. By the way, why is grandma looking at me? Shouldn't she be looking at you?"

Serenity smiled and pinched his handsome face, and said with a smile: "I am pregnant, not your big belly, you are stupid before me. I am in the first trimester, try not to have s-e-x in the first trimester, why do you think grandma is looking at you?"

She was just pregnant, but she took care of her sister from pregnancy to childbirth. She had more experience in pregnancy and childbirth than Zachary.

Zachary: "...Yes, I'm going to be a vegetarian."

He sat upright, with a slumped handsome face: "So, it's better to have a child after a few years in the two-person world."

As he said that, his big hand covered Serenity's flat belly. His eyes were so gentle that water dripped out, "However, I am willing to be a vegetarian if I have a baby. As long as you and the baby are fine, I can bear it."

Serenity's face turned red.

Zachary leaned down again, pushed up the clothes on Serenity's lower abdomen, and put his face on his wife's lower abdomen, "Baby, I'm Dad, we haven't met yet, Dad is waiting for you to come out to meet Dad later, please take care of me."

Serenity: "Just got pregnant, the baby is still an embryo, how can the baby hear what you say."

Zachary: "If my baby can't hear it, I want to say that we finally have our baby, Seren. I am very happy, very happy, so happy that I want to jump up."

Serenity: "There is no one else in the room now. If you want to jump up, you can dance as much as you like. I promise I won't tell anyone."

Zachary kissed her belly, then tore off her clothes to cover her belly, then sat up straight, and said: "It's so late, let's not dance, I'm afraid there will be too much noise, my mother will scold me. Seren, from today onwards, I am not the darling in the eyes of the elders, but you are. They will even ignore me. I'd better be careful, hide and have fun by myself, don't jump around, my mother will definitely call me bl**dy when she finds out."

Serenity laughed when Zachary thought that he was dragged into a corner by the elders and couldn't get close to her.

If Zachary jumped around and made too much noise, he might be scolded bl**dy by Serenity's mother-in-law.
