I am a quadrillionaire chapter 2122-After thinking about it, he still refrained from participating.

For newcomers, it would be better to keep a low profile and figure out the environment and rules of The Spirit Cage world first.

Anyway, he had three hundred years!

'Don't be anxious. Let's calm down.'

David hinted to himself in his mind.

As long as he could spend L Dollars in The Spirit Cage, three hundred years were enough for him to do a lot of things.

Soon, the bidding on the stage had soared to 18.8 billion L Dollars.

This price had almost doubled.

Maximus' heart was blossoming.

'18.8 billion!

'A further increase would make it reach 20 billion.

'How should I spend the money?

'I'll first buy a few houses in the main city, and then I'll find some beautiful women to serve me.

'I'll have a different one every day so I can enjoy a new house and a new woman every day.

'Wouldn't that be the most amazing life ever?'

Maximus might have never dreamed that he would one day enjoy this, but fortunately, he had the foresight to kill those guys first.

If they were still around, he would have to lose more than 10 billion.

'Wouldn't it be good to spend more than 10 billion on myself? Why should I share it with others?'

'Til offer 19 billion!' Beanie gritted her teeth and shouted.

Obviously, this number had reached her limit.

A complete Silver Flood Dragon's corpse was indeed precious, but that price had exceeded its value.

'The Nacht family is so loaded. The Jackman family gives up.'

'The Rowe family too.'

'The Chez family...'

Linus stopped when he said that. He turned his gaze to Beanie and showed a smile on his face. Then, he continued, 'The Chez family will offer 19.5 billion. Beanie, if you increase the amount, I'll give you the Silver Flood Dragon.'

"You!" Beanie was fuming as she looked at Linus.

She knew that the other party deliberately increased the price because he knew that she was bound to win the Silver Flood Dragon.

Plus, he added another 500 million in one go!

What a jerk!

Beanie looked enticing with this expression.

'What do you think? Beanie, do you still want to add on? If not, I will take the Silver Flood Dragon away now,' Linus urged with a smile.

"Very well! Linus, don't forget what you did today!" Beanie said through gritted teeth.

'What's the matter? Are you going to play dirty now that you can't compete with me? Beanie, it's not that I look down on you, but you're just not worth me playing dirty for,' Linus sneered.

Then he said, "Since you don't want to increase the price, then please declare the winner of the Silver Flood Dragon!"

Maximus was about to speak.

19.5 billion had far exceeded his expectations, and it was enough for him to squander for the rest of his life.

It would not matter whether they added more money or not.

Even if they did, it would not be too much.

Maximus was not interested in a 100 million or 200 million increase.

It would be safest to get the money first.

One would be more assured when one had money in their pocket.

Beanie said first, "Who says I won't raise the price? I'll offer 19.8 billion!"

"19.8 billion! The Nacht family is really something else! Haha! The Silver Flood Dragon is yours then," Linus said with a chortle.

In the end, Beanie bought the complete corpse of the Silver Flood Dragon from Maximus for 19.8 billion L Dollars.

David watched the transaction between the two parties and wondered, 'If I have no money, I can also go to the Endless Forest to hunt a few beasts that are on the level of the Silver Flood Dragon. Wouldn't I also make a fortune that way?'

Unfortunately, he could not even find a place to spend money, so he decided to forget about making money.
