I am a quadrillionaire chapter 2133-“Beanie, how unexpected! You actually have a backup plan. What a good move! We’re truly convinced!” Linus gritted his teeth and said while enduring the severe pain in his body.

He genuinely did not expect it.

An initially foolproof plan was messed up just like that.

The strength of the person who took action was absolutely terrifying!

Both of them were still trembling in their hearts.

They walked through the gates of hell just now and had almost died.

‘Where did the b\*tch Beanie get that powerhouse from?’

‘Why didn’t we hear about this before?’

At this moment, Beanie was also confused.

However, since Linus misunderstood her, she decided to just go with it.

“Linus, to be honest, we have seen through your family’s conspiracy long ago, but we pretended not to know! We were waiting for you to expose yourself, but I didn’t expect you to actually act so soon. Very good. Now, it’s time for us to do to you what you did to us!”

Beanie looked around after she said that.

There were not many people left in the Chez family, and this might be the work of the powerhouse hiding in the dark.

No matter what the person’s purpose was, Beanie would not mind as long as it was beneficial for the Nacht family.

At least from the looks of it now, this powerhouse was siding with the Nacht family.

“All the Nacht family members and hired adventurers, listen up. If you kill everyone here, the originally promised reward will be increased ten times as your reward for helping the Nacht family after we get to Nightingale City. In addition to that, the Nacht family will owe you a favor.”

As soon as Beanie said this, there was a huge cheer at the scene.

One by one, the adventurers looked at the remaining men in black, wishing to devour them alive.

They remembered that when these guys had the upper hand just now, they did not show anyone any mercy.

Now that the tables had turned, how could they be merciful?

Besides, the reward had also been increased ten-fold.

The reward for this escort mission was originally already high, so if they could collect ten times the amount, none of them would have to worry about money for a long time.

Not to mention the favor from the Nacht family.

The Nacht family was quite strong around Nightingale City.

Thus, this favor would be useful during critical moments.

The Nacht family guards and adventurers swarmed up almost at the same time to surround the remaining men in black.

At this moment, the people in black had almost no will to fight.

They had been scared out of their wits by the person who attacked them secretly just now.

That person was too strong, so they had no chance of winning at all.

Therefore, the people in black wanted to escape and return to the real world first. They did not want to lose their lives here.

They were not as domineering as the other party and there were not as many of them.

When one was rising, the other would fall.

The men in black brought by Linus were quickly wiped out by the crazy guards and adventurers of the Nacht family.

Linus watched all this helplessly, not daring to help or say a word.

These people were dead meat.

Now, he was contemplating how he should leave.

The hidden weapons had narrowly missed their hearts, so either it was because the person wanted to keep them alive and humiliate them before killing them, or because that person did not want to kill them.

There were two possibilities.

If it was the former, Linus would be doomed today.

However, if it was the latter, it was hard for him to tell what would happen.

“May I know who’s making a move in secret? Please come out and meet me! I, Linus Chez, am here to apologize to you for whatever we’ve done to offend you. I hope you can forgive us and let us go. My family will be very grateful for this,” Linus said loudly
