

## **The Ex-Husband's Revenge By Dragonsky Chapter 1551**

“What? A profit of more than eight hundred and sixty million? Isn't that just crazy?!” Damian's jaw almost dropped from that.

Some of the regular ancient martial arts families in the Southern Region, such as the Scammells and the Libertons, probably only had about four to six billion in total assets. Their annual profits would not exceed a little over a billion.

However, at that moment, a small branch company under Cynthion Group managed to earn eight hundred and sixty million in profit in just a few short days!

Their ability to make money was just too crazy!

Even though he already knew that the potential of Cynthion Group was limitless, he never expected that he underestimated Leon's skills. Cynthion Group's ability to make money was much better than he thought!

It was obvious how shocked he was!

Of course, he was not the only one who was shocked, Ruth and Snow, who were walking over, were surprised

as well.

“Iris, you sure are amazing! You just said a few words during the sales drive just now, and you caused the company's profits to skyrocket. You played a huge part in this!”

Snow and Ruth praised Iris, but they lamented the fact in their hearts as well. When they were in Springfield City, Iris was always cold and was known as the most beautiful and capable businesswoman in the city. When it came to business, her ability was quite extraordinary.

Even though the way she made the profits was a bit underhanded, the Black Gorilla's words and those who listened to him caused quite a lot of trouble for the sales drive. Iris's actions did not cross the line.

"The two of you are praising me too much, I was just taking advantage of the situation. Honestly, Leon's ability to spend money is just too crazy. If I don't figure out ways to make money, then we'll bankrupt ourselves eventually," Iris said as she rolled her eyes at Leon.

"I'm not as bad as you say," Leon smiled bashfully.

However, he knew that Iris was right. Ever since they arrived in the Southern Region, he spent a lot of money to buy jades, the Spiritual Pearl, and so on. He could not deny that.

Iris did not bother arguing with Leon, she changed the topic and said, "Uncle, since these pills are just a gift from Leon, just accept them!"

"Fine then, I won't hold back in that case," Damian nodded before accepting the pills.

After that, everything was quickly dealt with with the help of the Scammells. After bidding their farewells to Damian, they left.

Leon, Iris, and the others were busy for the whole day, so they were a bit tired. After that, they returned home

to rest.

There was a luxurious mansion in the Southern Region that belonged to the Southern Boss. It was a place no one dared to barge into recklessly.

The Black Gorilla immediately hurried over the moment he was chased out of the sales drive, reporting the

situation to the Southern Boss.

In the hall, the Black Gorilla immediately met the Southern Boss.

The man was a middle-aged man about fifty years of age. He had a sharp glint in his eyes and the aura around his body was impressive. It was as if he was a solid mountain that just exudes pressure.

There was also a young man next to him. The man was the Southern Boss' son, Rodney Spears.

### **The Ex-Husband's Revenge By Dragonsky Chapter 1552**

“Black Gorilla, I sent you to Cynthion Group to look into the Energy Nurturing Pills, how did it go?” The Southern Boss asked.

“Sir, I’ve already looked into it. The effects of the Energy Nurturing Pills are real. It’s not a fabrication by the Scammells and the Thompsons,” The Black Gorilla did not dare to hide anything.

After that, he told the Southern Boss everything that happened at the sales drive, including Yuri breaking through with the help of the pills.

Hearing that, the father and son pair was shocked. They never expected those pills to be so effective!

Rodney in particular looked at the Black Gorilla with a sharp gaze, saying, “You said that Yuri is already at the intermediate Emperor State? Is that true?”

“Yes, it’s true! I witnessed it myself,” The Black Gorilla said respectfully.

“Despicable! How did Yuri get so lucky? He managed to get to the intermediate Emperor State so easily!” Rodney’s expression soured.

Just like Yuri, he got to the initial Emperor State a long time ago. Both of them were part of the Elite List, and were also the most excellent figures in the younger generation of the Southern Region!

However, since Yuri was a bit stronger than he was, Yuri always stood over him, whether it was their standing on the Elite list or their fame in the Southern Region, he was always below Yuri, stuck in second place!

He refused to accept the fact and always wanted to overcome Yuri. That was his greatest wish for many years!

Yet, with the help of the Energy Nurturing Pills, Yuri made it to the intermediate Emperor State. He was left

behind!

It was obvious how he would feel about that!

“Black Gorilla, you must have managed to buy some of those Energy Nurturing Pills, right? Where are they, I want to test them out to see if they’re as amazing as you think!” Rodney said.

“I didn’t. I was useless, and failed to get any,” the Black Gorilla said.

“What? You did not? Idiot, you can’t even do something so simple. What’s the point of having a piece of trash like you around!?” The Southern Boss’ expression chilled and his face was full of anger. After that, he sent out a surge of true energy at the Black Gorilla with a wave.

Before the man could even react, he was sent flying by the energy. He rolled on the floor a few times and spat out a mouthful of blood.

Right after that, he hurriedly scrambled up and knelt.

“Please, show mercy. I didn’t manage to get the Energy Nurturing Pills because Yuri was causing me trouble. Please forgive my failure,” The Bl

ack Gorilla hurriedly pleaded before he told them how Yuri chased him out.

“Yuri again! He’s just someone younger from the Thompsons, but he’s gone against me over and over again. How dare he?!” The Southern Boss was furious when he heard that. He slammed his palm on the table in front of him, and the marble table immediately shattered to pieces.

The Black Gorilla already reported to him about how Yuri injured the man in the black market two days ago.

However, since the Thompsons were powerful and influential, he decided against seeking Yuri out.

Yet, Yuri made things worse, chasing the Black Gorilla out of the sales drive

In the end, the Black Gorilla was one of his men. Yuri constantly going against the Black Gorilla was a sign of disrespect to him!

At that moment, it was obvious how angry he was!

### **The Ex-Husband’s Revenge By Dragonsky Chapter 1553**

“Father, Yuri is just despicable. He’s using the Thompson name to constantly show off in front of us! We have to make sure to teach him a lesson, or everyone will think we’re afraid of the Thompsons!” Rodney said angrily.

“Yes, I know. I’ll let him know very quickly how stupid his decision to go against us was!” The Southern Boss. said coldly. There was a murderous glint in his eyes.

No matter what, the Black Gorilla was a subordinate of his, but Yuri attacked the Black Gorilla in public over and over again. It was a huge slap to his face!

If he just accepted it, then there was no way the Spears would be able to show their face in the Southern Region anymore!

At that moment, footsteps were suddenly heard. Someone suddenly walked into the main hall.

“Sir, Charlie of the Martells is here for an audience,” The man said.

“What’s Charlie doing here?” Rodney asked.

The Martells were a distant relative of the Spears. Even though their blood relations were very thin, they still had a decent relationship with each other since the Martells were willing to submit to the Spears.

“He says he has some Energy Nurturing Pills to give you,” The man answered.

“Energy Nurturing Pills?”

Rodney was elated to hear that, “Alright, have him come in right now!”

“Yes,” the man answered before leaving.

After a while, the man led Charlie into the hall.

“Greetings, Southern Boss, Mister Spear,” Charlie greeted respectfully.

“Charlie, you’ve managed to purchase the Energy Nurturing Pills from Cynthion Group’s sales drive?” Rodney asked.

“Yes, I was quite lucky. I managed to buy five hundred first-grade Energy Nurturing Pills. Here are two hundred of them. I came to g

ive them to you,” As Charlie said that, he took out two white bottles that contained two hundred Energy Nurturing Pills, offering them over.

Cynthion Group’s sales drive invited most of the ancient martial arts families. As a direct descendant of the Martells, he represented the family and attended the sales drive.

He knew of how the Black Gorilla was chased away by Yuri, and he knew that the Southern Boss failed to get any Energy Nurturing Pills.

So, he immediately hurried over to offer a portion of their pills, wanting to earn some favor.

“You did very well!”

The Southern Boss smiled when he accepted the pills, very happy with Charlie.

Rodney in particular was incredibly eager to test out the Energy Nurturing Pills after he found out about the

effects. He wanted to see if he could make a breakthrough like Yuri!

Yet, Black Gorilla failed to get any of the Energy Nurturing Pills, which greatly disappointed him!

However, at that moment, fate smiled upon them. Charlie appeared right on them to give them the Energy Nurturing Pills!

It was precisely what he wanted!

## **The Ex-Husband’s Revenge By Dragonsky Chapter 1554**

“You are too kind.”

Charlie was incredibly happy to earn the praise of the Southern Boss. He felt like him deciding to bring the pills over was a brilliant choice.

“Rodney, go try out one of them. See how effective they are!” The Southern Boss passed one over to Rodney.

The Energy Nurturing Pills were only effective for martial artists who were at or below the peak Emperor State. He exceeded that level. The Energy Nurturing Pills were useless for him, so he had to give them to

Rodney to try.

Gulp!

Rodney took one of the pills before he sat on the ground, starting to refine the pure energy from the Energy Nurturing Pill.

After a long time, he stood up. There was a glint in his eyes.

“Rodney, how do you feel?” The Southern Boss asked.

“Father, these pills are amazing. My training was at least three or four times faster than my usual speed! With enough Energy Nurturing Pills, it probably won’t take me too long to reach the intermediate Emperor State,” Rodney said with a serious look on his face.

“Is that so? It looks like these Energy Nurturing Pills are better than I thought!” The Southern Boss said with a serious expression. He felt like his heart was unable to calm down.

He thought that the Energy Nurturing Pills was just a gimmick that the Thompsons were exaggerating, so he never felt that Cynthion Group and the Energy Nurturing Pills were anything significant at all!

Yet, after everything that happened, it was obvious that the Energy Nurturing Pills were incredibly effective. It far exceeded his expectations!

Immediately, he placed a lot of importance on them!

It was not hard for him to tell that the Energy Nurturing Pills had endless potential. Whoever managed to control the Energy Nurturing Pills would not only stand to gain a lot of profit and fortune, they would even start to control the lifeline of the martial artists of the Southern Region. They would drastically increase their power and influence!

“Father, the Energy Nurturing Pills from the branch of Cynthion Group are incredibly important to martial artists. It will be enough to change the balance of power in the Southern Region. We have to figure out a way to make sure it falls into our hands!” Rodney said after some thought.

As one of the thirteen names on the Elite List, Rodney was no idiot. Just as the Southern Boss did, he saw the tremendous benefits the Energy Nurturing pills could bring. Its importance could not be understated!

If the Spears managed to get Cynthion Group, then the Spears would easily be able to exceed the Thompsons in both wealth and influence with the help of the Energy Nurturing Pills. It would be a matter of time until they took over the Southern Region!

“Yes, I know! However, Cynthion Group has the Thompsons behind them. It won't be easy for us,”

“The

Southern Boss frowned and said.

“It's fine, I heard that Cynthion Group is a part of the Scammells. They aren't that closely tied to the Thompsons. With our abilities, it will be easy for us to take the company away from them!” Rodney said casually.

“No, you’re thinking about it too simply! The Energy Nurturing Pills are too important. There’s no way the Thompsons will just watch as something so important falls into our hands! On top of that, there are rules in the martial world. If we tried to steal the company away just like that and the matter gets more serious and the Dragon Corps are alerted, then it would do us no good!” The Southern Boss shook his head, disagreeing with Rodney’s suggestion.

### **The Ex-Husband’s Revenge By Dragonsky Chapter 1555**

“Then what do we do? Cynthion Group is already related to the Thompsons right now. They will just get closer and closer! If we don’t do anything, then the Thompsons’ influence will only grow bigger with the help of Cynthion Group once they grow! Then, they’ll trample all over our family. It will be hard for us to make a comeback!” Rodney said reluctantly.

“We have to make a long-term plan for this!” The Southern Boss said seriously. He had a dark look on his face.

He knew that Rodney’s concerns were not without merit. The Spears were always slightly weaker in power and influence than the Thompsons in the first place. With the Thompsons gaining the support of the Cynthion Group, it would only serve to make things harder!

That was not something he wanted to see happen!

“Sir, I have an idea!” Charlie suddenly spoke up at that moment.

“Oh? What’s your idea? Tell us!” Rodney and the Southern Boss looked over at Charlie.

“It’s like this. Cynthion Group is under the Scammells. As long as we managed to figure out a way to gain the Scammells, then everything would be solved,” Charlie voiced out his thoughts.

“That’s true, but the Scammells have already built a connection with the Thompsons. It won’t be so easy for us to get them!” The Southern King shook his head and said.

Many ancient martial arts families in the Southern Region knew that the Spears did not have a good relationship with the Thompsons. Since the Scammells were already under the Thompsons, there was no way they would accept anything from the Spears!

“That might not be true! Currently, the branch of Cynthion Group is being managed by Iris Young, who is related to the Scammells. I fell for her the moment I saw her. If I manage to gain her affection, the Scammells will decide to side with us,” Charlie explained. After that, he spoke of how he approached the Scammells for marriage before.

Since Leon was behind the scenes and pushed Iris and Cynthia to the front, most of the ancient martial arts families mistakenly believed that the Cynthion Group belonged to the Scammells. On top of that, Iris was related to the Scammells, so most of them assumed that Iris was the person controlling the company!

Charlie was no exception!

As long as he could get Iris, then he could control Cynthion Group through Iris. He would be able to greatly benefit the Martells.

The Martells were always on the same side as the Spears. The Scammells would then leave the Thompsons and join the Martell and Spear camp!

“That’s a good idea. You can try it out! However, I don’t think it’s too reliable if we’re trying to control Cynthion Group and the Scammells with just one woman!” The Southern Boss said with a serious tone.

“It’s fine, that’s just part of my plan, I still have other ideas! Based on what I know the two lines of direct descendants within the Scammells don’t get along. If

I really can’t sway the first line of direct descendants, we can throw our support to the second line, using them to gain control of the Scammells and Cynthion.

Group,” Charlie said eagerly.

Ever since he found out that Nigel’s legs were broken by Leon, he could tell that the conflict between the two lines of the Scammells was very deep.

If he failed to gain Iris, then he could just support the second line and get rid of the first, controlling the family!

In the end, for the sake of Cynthion Group, he would spare nothing in getting Iris. If he failed to do that, then he would destroy the family!

## **The Ex-Husband’s Revenge By Dragonsky Chapter 1556**

“Good idea! Proceed with that!”

Both Rodney and the Southern Boss’ eyes lit up at Charlie’s plan.

Iris was just a distant relative of the Scammells, neither of them regarded Iris as anything important.

However, both of them felt that Charlie’s idea of using the conflict between the first and second lines of direct descendants was possible!

“Charlie, we’ll leave this to you! If you need anything, make sure to ask. I’ll definitely support you fully!”

The Southern Boss said.

Since the branch of Cynthion Group and the Scammells had the support of the Thompsons, he had some reservations and felt like he could not deal with the Scammells directly. So, he was forced to leave it to Charlie to deal with!

“Sir, I happen to have a request! Iris has a boyfriend called Leon. I wish to ask you to send some men to help me get rid of him,” Charlie took the chance to say.

When he was with the Scammells the last time, he already decided to silently get rid of Leon after being influenced by Nigel. After that, he would get Iris from Leon’s hands!

However, he knew that Iris’s feelings for Leon were very deep. If he sent anyone from the Martells to get rid of Leon and the matter was exposed, then Iris would definitely hate him forever. Then, it would be impossible for him to ever gain her favor!

So, to prevent any surprises from happening, he planned on using the power of the Spears to get rid of Leon. That was his primary goal of meeting the Southern Boss this time!

“Alright, that’s not a problem! How strong is this Leon?” The Southern Boss asked.

“He’s not that strong. He should only be at the Semi Overlord State. However, he has a protective treasure on him. It seems like he’s able to stand up against martial artists at the peak Overlord State,” Charlie answered truthfully.

“I was wondering how strong he was! So he’s just a small little ant!” The Southern King sniffed at that. His eyes were full of disdain.

With his position, even if Leon was already at the peak of the Overlord State, he would still see Leon as trash, let alone the Semi Overlord State!

As for the treasure on Leon, it was only able to defend against attacks at the peak Overlord State. It was probably nothing amazing, so he thought nothing of it!

After all, he exceeded the peak Emperor State a long time ago. A mere treasure at the Overlord State was not something he cared about!

However, he did not know that Leon's Mirror of Sovereign was no ordinary protective treasure. It was an amazing growth-type treasure!

If he knew that, he would not be underestimating Leon so much!

“Black Gorilla, you did not deal with things well this time, but I won't punish you anymore since you've been

with me for so long!”

“I'll give you a chance to make up for your mistakes. Help Charlie get rid of this Leon. Make sure you do things cleanly. Don't leave any clues behind! Otherwise, if there are any mistakes, then I'll hold you responsible!” The Southern King said coldly, assigning the task of assassinating Leon to the Black Gorilla.

There was no need to use a butcher knife to kill a worm. He knew that the Black Gorilla was already at the initial Emperor State. With his abilities, it would be incredibly easy to get rid of someone as insignificant as

Leon!

There was no need for him to do anything drastic!

“Yes, understood.”

The Black Gorilla

finally dared to stand up after that order. He could not help but feel like he got a new lease on life!

Of course, since he did not know who Leon was when he had his conflict with Leon at the black market, he did not know that the Leon Charlie wanted to get rid of was actually the man who got the Spiritual Pearl!

If he knew about that and reported it to the Southern Boss, it would have caused Leon endless trouble!

It had to be said that Leon deliberately hiding behind the scenes and not exposing his identity helped him escape disaster!

After that, Charlie and the Black Gorilla both excused themselves before they left.

Very quickly, only the Southern Boss and Rodney were left in the main hall.

“Father, since the matter with Cynthion Group and the Scammells is already settled, do you have any plans to deal with the Thompsons and Yuri?” Rodney could not help but ask.

“I do have a plan. I plan on having Asmodeus give the Thompsons a huge gift!” The Southern Boss said determined.

“Asmodeus?”

Rodney was shocked when he heard that, “Father, Asmodeus is one of the eight. He’s never been easy to find. Do you know where he is?”

“I don’t! However, illegal things are always closely related. The fact that the eight of them have managed to hide from

the pursuit of the Dragon Corps is related to the underworld within the five regions! Even though I can't find where Asmodeus is hiding, I have a way to contact him!" The Southern Boss said calmly.

"Really? That's great! I heard that Asmodeus' twin brother, Beelzebub, was killed by the Thompsons working together with the Dragon Corps a year ago. They had a huge grudge between them. If Asmodeus is willing to go against the Thompsons, he'll cause a lot of trouble for them with all his skill!" Rodney immediately said with excitement.

"Yes, you're right! As long as I'm willing to offer enough money and I make sure that Asmodeus has a way out, he'll make the Thompsons pay a painful price!" The Southern Boss said with a cold smile. There was a murderous glint in his eyes.

He knew very well that Asmodeus did not seek revenge for such a long time not because he did not want to, but because the Thompsons were too strong. The moment Asmodeus did anything, it would be very hard for him to retreat!

That was why he did not seek the Thompsons for revenge the whole time!

However, as long as he helped Asmodeus in secret and made sure Asmodeus had a way out of the situation, coupled with using some money to tempt him, Asmodeus would not hesitate to seek revenge on the Thompsons!

"Father, that's an amazing plan!" Rodney flashed a thumbs up as he immediately started to laugh happily.

He could not help but start to imagine Asmodeus managing to kill Yuri. That would be perfect!

In the following two days, it was not just the Southern Boss alone. The importance of the Energy Nurturing Pills as well as the profits and wealth that came with them caused a lot of the ancient martial arts families in the Southern Region to keep an eye on Cynthion Group!

However, thanks to the Thompsons being behind them, most of them were just watching from a distance. No one dared to make any reckless moves!

On the other hand, the Black Gorilla was yet to fully recover. He recuperated for the past two days while he schemed with Charlie to find a chance to get rid of Leon.

The Southern Boss was the same, he did not make any movements for the moment, but he contacted Asmodeus in secret.

For the moment, everything in the Southern Region looked very calm, but a huge storm was brewing!

## **The Ex-Husband's Revenge By Dragonsky Chapter 1558**

During the morning, Leon, Iris, and the others had their breakfast before they started to talk about Elegante.

“Leon, now that Cynthion Group's situation is already stabilized, when are you planning on starting a branch for Elegante?” Iris could not help but ask.

Since the pills from Cynthion Group were just too important, all of them put their focus on Cynthion Group's branch for the past few days.

With Cynthion Group's branch finally officially launched, Leon finally had time!

As the president of Elegante, she naturally hoped that Leon would quickly establish a branch company so they stopped delaying the growth of Elegante Group.

"Oh, as soon as possible, of course! Why don't I head over to visit the Thompsons right now? I'll see if the Thompsons can help us purchase a suitable cosmetics company!" Leon said after some thought.

"It's not that hard to purchase a company, why would you trouble the Thompsons for that? Isn't that a bit inappropriate?" Iris asked after she heard that.

"It's fine, I'm not just planning on asking them to help me buy a cosmetics company. My main focus will be to invite them to invest in Elegante so we can work together," Leon said briefly.

"You want to give the Thompsons some shares? It's not like Elegante Group is lacking in funds, so why?" Iris was surprised.

In the business world, giving up shares was usually to gain more funding or reduce one's liabilities.

With Leon's abilities, it was not like he lacked money or needed a way out.

She could not understand why Leon would give the Thompsons some shares for no reason!

"It's like that, I rejected the Thompsons when they said they wanted to invest in Cynthion Group. To thank them for helping us with Cynthion Group's branch, I'm willing to let them invest in Elegante if they are willing to," Leon explained.

The pills from Cynthion Group were just too important. He needed to make sure they remained in his hands. So they could not be given to anyone else.

However, Elegante was different. With the Thompsons' power and influence in the Southern Region, then they would be able to rapidly expand Elegante as long as they were willing to invest in Elegante. It would become a large business in the Southern Region!

For Elegante, there were only benefits to be gained!

"So that's it!" Iris and Cynthia realized something.

"Also, the cosmetics for Elegante will need quite a lot of materials. We can get them from the Scammells! As long as I'm able to pull the Thompsons into Elegante, then the Scammells will be working with the Thompsons. The Scammells will benefit from this in the future," Leon added with a smile.

Damian asked him to help Damian establish ties with the Thompsons before.

If he used Elegante's shares to cause the Thompsons and the Scammells to work together, then it would

satisfy Damian and Patrick's wishes, causing the ties between the Scammells and the Thompsons to be even

closer!

With the Thompsons behind them, the Scammells would benefit a lot in their businesses!

"You planned everything out," Iris said with a fake smile on her face, but she felt quite warm in her heart.

She knew that Leon was only trying to help the Scammells get closer to the Thompsons so much because of her. Otherwise, Leon had no reason to give the Thompsons any shares!

## **The Ex-Husband's Revenge By Dragonsky Chapter 1559**

“Of course! We should always keep good things for ourselves. Since there are benefits to be gained, I’ll naturally need to think about the Scammells!” Leon said with a pleased smile.

He knew very well that Patrick did not really like him for the moment due to him and Cynthia, and even wanted to split him and Iris apart.

However, Patrick was still related to Iris in the end. He could not make an enemy of Patrick because of this.

If he could, he wanted to gain the approval of Patrick through his hard work!

“Leon, I sure am happy to have you around,” Iris said with a smile. She felt incredibly warm inside.

Even though she did not care about what Patrick thought of Leon, she was still in a difficult spot since Patrick tried to stop her from being with Leon a few times.

If Leon managed to gain Patrick’s approval, then things would be much better for them!

“Iris, you should rest at home, I’ll go over to visit the Thompsons,” Leon said before he prepared to leave.

“Leon, Snow, and I don’t have anything to do anyway. Why don’t we go with you to visit the Thompsons!” Iris got up and said.

Cynthia and her already reached an agreement. Cynthion Group would be handled by Cynthia and Ruth, while Iris and Snow would handle Elegante.

However, Elegante's branch company was not established yet, so they had nothing important to do at home

other than train.

“There's no need! I'm planning on treating Roanne again other than talking to the Thompsons about the shares. It will probably take quite a lot of time. You and Snow should just rest at home. There's no need to tire yourselves out with me!” Leon shook his head and said.

“Alright then.”

Since Leon had other things to do, Iris was forced to accept it.

After that, Leon drove away from the villa, heading straight for the Thompsons.

With the Thompsons, Leon already gave Yuri a call ahead of time. By the time he arrived, Yuri was already waiting at the gates with two guards.

“Mister Wolf, You're here. Please!”

After some pleasantries, Leon followed Yuri inside. After that, they walked toward the inner yard.

In the garden there, Roanne was watering the flowers as she enjoyed the warm sun and the gentle breeze, breathing in the fresh air with a smile on her face.

Her body was incredibly weak due to her illness before this, and she was confined in her room to rest all the

time.

Even if she was able to occasionally walk around the yard or the garden, she would catch a chill very easily.

Something so simple became a wish for her!

However, after Leon cured her illness the last time, she managed to escape the pain and suffering, and her body was recovering more and more.

Even though her parents did not let her go out so easily since she was yet to fully recover, she was already able to walk around freely at home. That was already several times better than her earlier situation!

It was obvious how happy she was!

## **The Ex-Husband's Revenge By Dragonsky Chapter 1560**

“Leon, why are you here?”

Roanne was surprised when she saw Leon walking in with Yuri. She hurriedly put down her watering can and jumped over happily.

“Oh, I came to check on you,” Leon answered with a smile.

He came over to check up on Roanne's condition, as well as invite the Thompsons to invest in Elegante.

However, he was in no rush. He could talk about Elegante with Angus after he checked up on Roanne!

“Yes, thank you,” Roanne smiled sweetly. She was incredibly thankful.

The past few days were the happiest days of her life. She was incredibly thankful to Leon and felt strangely

close to him.

After that, she left the garden with Leon and Yuri, arriving at one of the halls at the back.

At that moment, Angus and his wife rushed right over after hearing that Leon came to check up on Roanne. They met Leon there,

Both sides exchanged some pleasantries.

Leon motioned for Roanne to sit down before he carefully started to check on her.

After a long time, Leon more or less knew of Roanne's overall condition after some careful inspection. After that, he let go of Roanne's arm.

"Mister Wolf, how's Roanne?" Vivian could not help but ask.

"Roanne has more or less fully recovered. I just need to treat her once more, and she will completely recover in two or three days at most," Leon answered truthfully.

"Alright, thank you so much," Vivian said appreciatively.

"You're too kind. It's the least I can do as a doctor," Leon said with a smile. After that, he started to hit a few

of Roanne's pressure points.

The blockages on Roanne's body the last time were the Liver Channel, the Secondary Channel, and the Supreme Channel.

His Eternity Compression

Method was not only able to unblock Roanne's channels, but it would also bolster her energy and spirits.

He first used the Eternity Compression Method to treat her Secondary Channel again. After that, he made sure to nourish her body.

Right after that, he started to treat the other two channels in the same way. That way, Roanne would recover even faster, and nothing would happen to her!

After over an hour, Leon was finally done with Roanne's treatment.

"Alright, it's all settled!"

Leon let out a deep breath before he stopped the treatment.

"Leon, will I be able to go outside in the future?" Roanne could not help but ask with a hopeful look on her

face.

"Yes, of course, you can! Your body is already recovered. From now on, you can go wherever you want without any restrictions," Leon said with a smile.

"That's great! I can finally go outside!"

Roanne was ecstatic. She had a radiant smile on her face. It was as if she was filled with endless hope and eagerness for the outside world.

However, before she could even finish feeling happy, something happened.

"Who's hiding outside so sneakily? Come out right now!" Angus had a dark look on his face at that moment

as he immediately looked over at a corner of the living room with a sharp look on his face.
