### The Ex-Husband's Revenge Chapter 1071

“Well, George, you never thought I’d have backup, did you? I’ve already allied with the Fields—otherwise, why would I dare to attack Leon and risk going against you—the Collins?” Harold cackled.

“Harold, you crook!” George’s heart sank as he took in a deep breath. He was in such a rush that he only managed to bring a dozen or so martial artists with him, but the Fields were different—they brought most, if not all, of their best fighters with them! Besides Walter, another one of the Fields’ master martial artists, Denzel, who was also at the Overlord State, joined the battle, along with a few other warriors at the Semi Overlord State.

With the Fields, Harold, and Melvin combining forces, the three of them could easily take down any of the major families in Springfield City!

Fortunately, Leon managed to capture Jacob, God knows how!

With Jacob as a hostage, and with George, who was already at the Intermediate

However, now, Harold already blocked off all their escape routes, and Leon would never be able to run away even if he wanted to!

"Let me warn you, Leon Wolf—let go of my son right now, or else I'll make sure you, Iris, and the rest of her family die alongside him!" Harold snapped, his expression ruthless.

"Let go of Jacob? In your dreams! I've already told you—I will kill your son right before your eyes so that you'll be able to taste for yourself just how it feels to lose a loved one! I'm a man of my word!" Leon scoffed as he lifted Jacob off the ground by his neck.

"Don't you dare, Leon Wolf! If you do so, my father will rip you into shreds!" Jacob exclaimed, writhing as he gazed at Leon with a look of pure hatred. Now that Harold

George let out a cry, then sent out a punch in retaliation straight toward Harold without a second thought.

“Old George, you should be fighting us instead!” Walter scoffed. He and Denzel sprang into action, leaping right into George’s path.

“Leon, what are you standing there for? Run!” Ruth screamed in frustration, then reached out to grab hold of Leon, but he did not budge.

“Harold, now that Jacob’s dead, you’re next!” a glimmer of malice flashed through Leon’s eyes and he sprinted straight toward Harold, his arm cocked back in a fist. “Die, you twat!” Harold yelled with bloodshot eyes. He knew that Leon was only at the Peak Supreme State and could never withstand his Thunder Strike! Now that Leon willingly stepped up to the battle, this was exactly what Harold wanted. Neither of them ever thought, not even in their wildest dreams, that not only would Leon survive Harold's attack, he even managed to injure him instead!

Harold already attained the Overlord State, and yet he fell victim to Leon!

One could only imagine the immense shock everyone was experiencing now!

The entire place fell into an eerie silence.

Even George, Walter, and Denzel, who were engaged in combat up until now, stopped to stare in Leon's direction, unable to believe their eyes.

"Harold, are you okay?" Daisy was the first to break out of her stupor. She quickly sprung into action and quickly helped Harold up.

"This isn't possible!" Harold staggered to his feet, trying to stifle the pain in his chest. Despite managing to get back on his feet, he felt as though his entire mind was stirred upside down by this.

He could not believe that he, a warrior in the Initial Overlord State, lost to Leon!

James wrote the cultivation method of Sacrilegious Ascension and handed it to Yuvaan. Upon scrutinizing it, however, his face darkened.

“What is this?”

Stunned, he asked, “Is this how you cultivated Sacrilegious Ascension?”

James nodded and said, “That’s why I said you won’t be able to cultivate it even if I give it to you.”

“Are you playing tricks on me?!”

Yuvaan’s expression darkened, and powerful True Energy gathered in his palm. Then, he struck James in the chest, sending him flying and crashing against the wall. James collapsed heavily to the ground and vomited a mouthful of blood.

After all, a warrior of the Overlord State was not an easy opponent to go up against in battle, and Leon was still young and thus had plenty of potential for his future!

If he continued to go against Leon, there was the risk of Leon surviving and coming back to get revenge on them once he gained power in the future!

"Master Young, are you worried that the rest of the Youngs won't be able to match up against Leon?"

Don't worry-he's only just attained the Overlord State, and the reason I lost to him was because I still carried some old injuries from my previous fight, and I severely underestimated him! he's all of his own, and with the help of your fellow martial artists, you can defeat him easily!"

Harold added. He was not an idiot, and could easily deduce that since Leon just attained the Overlord State, there was no doubt he was yet to gain full control over his powers and was thus vulnerable.

However, the last time he ambushed Leon, he suffered serious injuries as a result of George's attacks and was yet to fully recover from them.

Leon's tone was as cold as ice.

Seeing that Melvin was still Iris's relative after all, he finally decided to give them another chance, and this was the last act of kindness he could offer to them!

"Well, I guess you're right!" Melvin realized that Leon was right. If Leon managed to get rid of Harold as he promised, the Youngs would easily be able to reclaim everything that was theirs!

Since then, why did he need to help Harold defeat Leon? This would just be wasting his time and energy!

Seeing that Melvin began to get swayed, Harold quickly added, "Master Young, don't believe any of Leon Wolf's lies! Have you forgotten that you've been trying to kill him since the beginning? Do you think he'll forgive you so easily once he rises to power?"

"Um," Melvin was speechless at this. He knew that Harold was right; he attempted to kill Leon many times. In the past, including the last time Harold tried to ambush Leon. It was Melvin's son, Jonah, who tricked
