Chapter 1191

“Old Geoffrey, that’s enough!”

Before Leon could block the attack, Francis leaped into action and protected Ruth from Daniel’s power.

“Old Hunt, think twice before you act! Will the Hunts declare war against the Geoffreys and the Durkans?”

Daniel roared.

“Did he just ask the Geoffreys and the Durkans to kneel to him?”

“Has he gone mad?”

The people around them gaped in disbelief as they stared at Leon.

Though they all saw with their own eyes that Leon reached the Semi–Overlord State, Daniel and Owen were both martial artists who reached the Intermediate Overlord State years ago.

The difference in power was far too great and the two could easily crush Leon, yet Leon dared to challenge them to a fight.

Both Daniel and Owen were enraged, but as the top martial artists of Seacove City, they were far too proud to attack Leon together.

"How's this happening? Could it be? Kid, are you in the Advanced Overlord State?!" Owen struggled to stand up from the ground and stared at Leon in terror.

If Leon could defeat a martial artist in the Intermediate Overlord State, he had to be in the Advanced Overlord State.

“What?!” The people around them gasped.

“So he’s not a Semi–Overlord! He is in the Advanced Overlord State!”

“Can he block Elder Geoffrey’s attack?”

Someone in the crowd asked and everyone held their breaths as they stared at Daniel and Leon unblinkingly.

They all realized that Leon might be in the Advanced Overlord State, but some still needed to be convinced as Leon was simply too young to be capable of such accomplishment. On top of that, Daniel snuck up on Leon and Leon might not be able to wield his full strength in such a hurry.

If Leon was not in the Advanced Overlord State or relied on certain tricks, he would meet his demise.

"Don't you dare!"

The other Geoffreys sobered and leaped toward Leon.

"Know your places!" Leon scoffed and sent two waves of energy from his hands in two directions at the dozen martial artists hurrying toward him.

The Geoffreys were in a hurry to rob Leon of his treasure and Daniel only took two Semi-Overlords and dozens of martial artists in the Realm of Supreme Master with him.

The other Overlord and Semi-Overlords of the family were left to guard the Geoffrey Mansion.

"Running away so soon? Dream on!" Leon sneered and leaped into the air. Just as he was about to go after Daniel and Owen, the martial artists of the Geoffreys and the Durkans stopped him.

Knowing that they could not rival with Leon, they combined their actual energy to form a powerful attack against Leon.

"Anyone who stands in my way will die!" Leon launched the Double Attack with both his fists at them.

Jaws dropped all around them as they watched how Leon forced Daniel and Owen back to where they were. Everyone was stunned by Leon’s absolute strength.

“How can this happen?!”

Daniel and Owen paled in despair.

Daniel suffered far more severe injuries compared to Owen as one of his arms broke and while Owen might survive a few of Leon’s attacks, he was on the brink of collapsing.

“Stay down!” Sensing that Daniel was at his limits, Leon turned his focus to Daniel and darted toward him.

“It’s over!” Daniel hastily acted to counter Leon’s attack.

“Damn it!” Owen’s expression darkened, knowing that Daniel was not capable of fending Leon off and that once Daniel was defeated, he would be next on Leon’s list.

"Who said that I'm killing you?" Leon sneered in contempt.

He still remembered how he was captured by the Dragon Corps after killing Harold. Out of respect for
the Dragon Corps, Leon, who did not have the habit of killing people, never intended to kill anyone, to
begin with.

Since Daniel and Owen only wanted to steal his possession out of greed, death did not seem to be a just
punishment.

"Good!"

Both Daniel and Owen sighed a breath of relief once they learned that Leon did not intend to kill, but

Chapter 1200

“Well!” Francis’s heart wavered momentarily as he could barely contain the excitement when he heard what Daniel and Owen promised.

As the leader of the Hunts, it was his lifelong goal to lead his family to the very top of the food chain in Seacove City, surpassing even the Geoffreys and the Durkans.

A chance to have these two families submit to the Hunts was rare and it was extremely difficult for Francis not to be tempted. However, he only met with Leon a few times and was not particularly close to Leon, so he turned and shot Quinton a knowing look, hoping that Quinton could convince Leon into letting Daniel and Owen go.

Quinton hesitated, before stepping forward. “Mister Wolf, you’re a forgiving man. Since Elder Geoffrey and Elder Durkan admitted that they were wrong, please have mercy and spare them.”

“But—” Leon scowled.
