

The Ex-Husband's Revenge By Dragonsky

Chapter 1367-1375

Chapter 1367

“H–how is this possible?!” After landing on the ground, Tony clutched his broken arm and looked at Leon in disbelief.

He thought that Leon was only at the intermediate Innate State, and that he would easily be able to defeat Leon!

Yet, he never expected would have dreamed that Leon would not only be able to take

his one strike from him at full force but even break his arm as well!

It was obvious how shocked he was!

“Tony, you had an easy way out, but you didn’t take it! Since you want to die so badly,

I’ll grant you your wish!” Leon said coldly. After that, he walked right toward Tony.

Every step he took felt like a hammer striking right at Tony’s heart.

“Brat, w–what are you doing?” Tony paled. He started to show a shocked and scared expression on his face.

“What do you think? I came here to sincerely talk to you about buying your company.

It’s one thing for you to not want to be ethical, but you tried to forcibly take the women

here. You’re just crossing the line! I’ll cripple you right now so you’ll remember this

lesson,” Leon said coldly. He radiated killing intent.

Back then, he tolerated everything because he did not want to cause Otis any trouble.

He tried to just let it go.

Yet, Tony refused to back down and got worse and worse. So, things got to the point where force had to be used.

Since that was the case, he no longer planned on showing Tony any mercy!

“D—don’t come closer,” Tony stammered. After that, he looked like he thought of something and shouted out, “Brat, I’m warning you. I’m related to the ancient martial arts family, the Libertons. If you dare to harm me, I’ll make sure you die a horrible death after this!”

“The Libertons?”

Leon looked stunned, “Could the Libertons you’re talking about be Willie Liberton’s family?!”

“That’s right!”

“Willie is my cousin. He’s a direct descendant and the heir of the family! With his power and influence, it will be incredibly easy for him to kill a country bumpkin like you!” Tony said arrogantly.

The moment he mentioned the Libertons and Willie, he suddenly gained some confidence!

“It’s him! What a coincidence!” Leon could not help but laugh.

After what happened the day before, he just beat Willie to a pulp. He could not believe

he met Willie’s cousin. the day after!

It seemed like the Libertons were not just an enemy of the Scammells.

They were naturally his enemy as well!

“Brat, what are you laughing at? Are you getting scared now?!”

Tony thought that Leon was scared away by the Libertons’ name when

he saw how
strange Leon's
expression was. He suddenly felt incredibly confident. He regained his
earlier
arrogance.

"Willie is nothing in my eyes! He's not worthy of making me scared!"
Leon sniffed. His
eyes were full of
disdain.

"Preposterous! Who dares to throw their weight around in our
territory?!" Right after
that, a cold voice was suddenly heard.

A young man in a wheelchair came over with two impressive-looking
guards.

That young man was Willie Liberton!

Chapter 1368

"Willie, you're here! This is great!"

Tony was elated to see Willie appear. After that, he hurried over like he
met his savior,
kneeling in front of
Willie.

"Tony, what happened here?!" Willie said in a serious voice.

Tony was related to the Libertons by his mother, and Medicare
Pharmaceuticals was

one of the smaller businesses the Libertons own. Tony's father and the
Libertons both
had shares in the company.

So, the moment Tony heard that someone was planning on purchasing
the company,

Tony immediately
contacted Willie.

He hurried over to check out the situation and stumbled upon what was
happening.

However, there were too many people in the room, so he did not notice

Leon there
just yet.

“It’s like this. I was beaten up by a country bumpkin from Springfield City. You have to get revenge for me,” Tony pointed at Leon and said viciously.

“It’s you!” Willie looked toward where Tony was pointing, and his expression changed when he saw Leon.

“Willie, you know him?” Tony was shocked and uncertain.

“I don’t just know him, my legs were broken by him too,” Willie’s eyes reddened as he gritted his teeth.

“What?” Tony was shocked. He looked down and finally noticed that Willie was in a wheelchair.

“Willie, I can’t believe we meet again so quickly! I guess enemies do attract each other!” Leon teased.

“Brat, don’t be so pleased with yourself! You broke my legs yesterday. I’ll make sure you pay it back ten times over!” Willie said furiously, wanting to rip Leon to shreds.

“Haven’t you already lost to me? What a joke!” Leon sniffed.

“You...”

Willie’s face reddened in anger, but there was nothing he could say to that.

After the exchange from the day before, Willie already knew that Leon was stronger than him. With his skills, it would be very difficult for him to get revenge on Leon!

“Willie, even you can’t beat this guy?” Tony was completely shocked when he heard Willie and Leon’s conversation.

He knew how strong Willie was. Willie was already at the Semi–

Overlord State!

He thought that Willie was incredibly strong and that Willie would be able to deal with

Leon incredibly easily.

Yet, he never expected Willie to already have fought Leon before. Willie even had his feet broken!

It was obvious how shocked he was.

“Tony, don’t worry! Even though I can’t beat this guy, I brought two guards at the intermediate Overlord State with me today. It’s going to be very easy to deal with him!

I’ll kill him today for revenge!” Willie said with a cold glint in his eyes.

Ever since he had his legs broken by Leon the day before, he made sure to get two

stronger guards as a precaution!

Sure enough, it was the right choice!

In just one short day, he stumbled into Leon again!

The two guards who prove to be very useful!

Chapter 1369

“Is that so? That’s great!” Tony was elated to hear that!

Even though he did not know how strong Leon was, he could easily guess it. Among

the younger generation of direct descendants in the ancient martial arts families, most

of them were at the Semi Overlord State or the initial Overlord State!

Any young man who was able to even reach or exceed the intermediate Overlord

state was practically a super genius. They were all incredibly famous young men!

Leon was just an insignificant man from Springfield City. On top of that, Leon was

young as well. No matter how strong Leon was, there was no way Leon could go

against two guards at the intermediate Overlord State!

“Brat, you’re going to die today!” Willie smiled coldly.

do After that, he turned to the guards and ordered, “Help me cripple this guy. As long

as you don’t kill him, whatever you can!”

Willie knew that Leon was a relative of the Scammells. If he killed Leon, the

Scammells would not let the matter rest!

So, to avoid provoking the Scammells, he needed to make sure Leon was alive for the

moment.

“Yes!”

With Willie’s order, the guards immediately went forward, flanking Leon from the front

and back.

“You’re trying to deal with me with these two minions? Willie, you are an idiot!” Leon

mocked, not bothered by the guards at all!

It was true. With his skills and all his ways to protect himself, two guards at the

intermediate Overlord State were not enough to be any threat to him!

“Brat, are you looking down on the two of us?”

“You’re dead!”

The two guards were furious.

Even though the Overlord State was not that significant in the Southern region, they

could still be regarded

as strong!

In particular, those at the intermediate Overlord State were exceptionally rare amongst

the younger generation!

Yet, Leon was just an insignificant young man. The fact that he was

speaking so arrogantly and looking down on them was not something they could tolerate.

After that, they wasted no more time as they started their attacks. They struck forward with immense power, attacking Leon from two sides.

“Perfect,” Leon said coldly.

He stepped forward and struck out with a ferocious might, immediately targeting the guard that was in front of him.

“You’re just suicidal!” The guard sneered. There was a cold glint in his eyes.

Since Leon did not have any energy fluctuations, he could not feel how strong Leon was!

However, from Leon’s speed and explosiveness, he could vaguely tell that Leon should not be at the Overlord State!

With that difference in skill, there was no way he would regard Leon highly!

Right after that, his attack got stronger as he unleashed his full might, preparing to cripple Leon in one blow!

“You ignorant fool! Just die!”

Willie and tony smiled at the sight. They had incredibly happy smiles on their faces.

The two of them could tell that Leon was not equal to the guards in speed or explosiveness.

If Leon tried to stall for time, he would probably have been able to survive a few exchanges.

Yet, Leon was just too stupid. He tried to face them head-on!

It was just suicidal!

If there were no surprises, Leon would probably be crippled by the next blow!

Yet, before they were done being happy, they were completely shocked at what happened next!

Chapter 1370

Bang!

With an intense clash, the guard from the front immediately got past the spiritual

energy on Leon's first strike and slammed right into Leon's chest.

Leon did not panic at all, moving slightly to take the blow with the Mirror of Sovereign.

At the same time, he took advantage of his opponent having spent all his strength to

use his second strike. A wave of energy at the level of the intermediate Innate State

surged out of his fist, flammng violently on his opponent's chest!

The guard looked like he was dealt a heavy blow. He spat out blood immediately, and

his body flew several meters away, slamming on the ground!

Right after that, there was intense pain in his chest. At least a few of his ribs were

broken by Leon.

"H-how is this possible?!"

Willie and Tony both widened their eyes at the sight. They were completely shocked.

They thought that Leon would die, but they never expected Leon to get out of it

unscathed and even manage to heavily injure the guard who was at the intermediate

Overlord State!

"How did this happen?"

“Could this guy already be stronger than the intermediate Overlord State?”

“But he’s so young. How could he be so strong?!”

Willie and Tony were both stuck in their shock.

Even though they did not know how Leon won, they knew something very well. The

fact that Leon could defeat the guard who was at the intermediate Overlord State

meant that Leon was probably at least stronger than the intermediate Overlord State!

Leon was only about twenty–five years old, but he was already so strong. It was unbelievable!

That was not the most important point. The most important point was that Leon was

their enemy. The stronger Leon was, the worse it would be for them!

If Leon could defeat both of the guards, nothing good would be waiting for them!

With that in mind, both of them shuddered. Their hearts sank and they felt incredibly

hopeless!

“Brat, it’s time to die!”

Just as they were feeling hopeless, a cold shout suddenly woke them up.

The guard behind took advantage of Leon defeating his companion. His attack was

already very close as he

aimed a strike at Leon’s back!

“Alright!”

“Beautifully done!”

“Get rid of him!”

Willie and Tony were elated to see that. Their hopelessness was completely gone!

Even though both of them realized that Leon was incredibly strong, the two guards

were not weak either!

Leon was focused on the guard in front, leaving his back completely exposed. It was the perfect chance for the other guard! That caused Leon to be in a desperate situation! If the guard from behind landed his attack, Leon would fall no matter how strong he was! Then, they would immediately have turned the tables!

Chapter 1371

“Careful, Leon!” the four girls screamed in warning. Even though all of them knew that

Leon was a powerful fighter, they still could not help being worried when seeing Leon in imminent danger!

“You’re dead!” Leon scoffed. He did not have the time to retaliate and instead had no choice but to spiral around and angle his chest toward the attack, preparing to take it in stride.

“You’re the dead one, you punk!” the guard sneered as he cast Leon a disdainful glance.

He could not believe this idiot chose to take on his attack with his chest without even trying to defend himself.

Then, without a single moment’s hesitation, the guard pressed a firm punch against

Leon’s chest with all his might.

“It’s finally over!”

“That punk is dead, for sure!” Willie and Tony were both delighted to see Leon being

struck, and it was as though a weight was lifted off their shoulders.

They both knew that no matter how powerful Leon was, he was still a human, after all,

and now that he took on that great punch with his chest, there was no doubt he would suffer greatly, especially since the impact struck him squarely where his heart sat.

However, before they could even finish this thought, what happened next shook them both to the core!

“Thud!”

With a deafening slam, Leon blocked the attack with the Mirror of Sovereign, and his entire body remained firmly planted on the ground, without a flinch. At the same time, he channeled his spiritual energy and sent a surge of power barreling straight toward the guard’s chest.

“What’s this?” the guard could not believe his eyes. He thought he could injure Leon

with this punch, but never dreamed that even at the Intermediate Overlord State, Leon would be able to evade his attack without even a single scratch!

One could only imagine his shock!

Not only that, but since he spent all his power in that punch, he could not possibly

dodge Leon’s retaliation. in time, and had no choice but to watch as Leon’s attack

landed squarely in the middle of his chest!

Leon’s spiritual energy was far more powerful than true energy, and the guard who

received the blow spat out mouthfuls of blood as his entire body was propelled

backward, finally hitting the wall behind him and sliding into a crumpled heap on the ground.

An excruciating pain shot through his chest. It seemed as though he broke five or six

of his ribs—a far more severe injury than his predecessor!
“How’s this possible?” both Willie and Tony were stunned by this and could not believe their eyes.

They witnessed Leon getting attacked with their own eyes, and genuinely thought that Leon would not be able to survive this, but now, not only did Leon come out the other side without even a single scratch, he even managed to retaliate and attack his opponent!

This was unbelievable!

None of them would have believed this was possible if they did not see it with their own two eyes!

Chapter 1372

“How can this be?” both Willie and Tony’s faces were ashen at this realization.

Hope only set one up for disappointment. Just now, when that guard ambushed Leon, the two of them thought they could turn their fate around and defeat Leon, but the cruel face of reality was like a slap across their faces.

At this moment, the hope that ignited within them dissipated!

“Master, you better run! That punk seems to have some sort of protective treasure on him. I couldn’t hurt him at all,” The guard muttered as he spat out another mouthful of blood. He put two and two together, and it did not take long for him to figure out what Leon had.

He was already at the Intermediate Overlord State, and yet Leon sustained barely a

scratch when faced with his attack. There were only two possible explanations for this—one, that Leon’s true power level far surpassed the Overlord State and possibly even reached the Emperor State, or second, that Leon possessed some kind of protective armor on him that could easily shield him against attacks of all kind, even those from the Intermediate Overlord State.

The guard was correct; Leon indeed had the Mirror of Sovereign with him as his shield, but on top of that, Leon’s sage arts were also at the Intermediate Foundation

Phase, and anything at the Intermediate Overlord State or less could not harm him even an inch!

“What? Does he have treasure with him? that’s no wonder!” both Willie and Tony were stunned to hear this.

“We’d better run, Willie!” Tony was the first to snap out of his stupor. He grabbed hold of Willie’s wheelchair and quickly ran away.

Now that two of their guards lost to Leon, it was safe to say that they would become Leon’s next target, and none of them would stay around to find out what would happen!

“Trying to get away? Not so fast!” Leon snickered, then leaped into the air and unleashed a surge of energy that roared straight toward Willie and Tony like a wave.

“No-” Tony, who was only at the Initial Supreme State, not to mention he already broke one arm from Leon’s attack just now, shrieked in fear knowing that they were no

match for Leon at all.

Before he could even react, Leon's energy swept him from his feet and hurled him several feet away.

He spat out a mouthful of blood as his body landed on the ground in a crumpled heap.

This took out almost every last ounce of energy within him, and he did not even have

the strength to sit up.

"Your turn, Willie!" Leon scoffed as he started walking in Willie's direction.

"You-" "The color drained from Willie's face.

The truth was, he and Leon were both in the Semi Overlord state, and even if he

could not defeat Leon, he still stood a chance of escaping if he were in his usual state.

Unfortunately, both his legs were broken by Leon just the day before, and there was

no way he could escape in his wheelchair-bound state!

Chapter 1373

"If we go down, we go down together!" Willie gritted his teeth, then unleashed a surge

of powerful energy that barreled straight toward Leon's direction.

"Tsk, you wimp!" Leon scoffed at this. Instead of retreating, he lunged forward to meet

Willie head-on and unleashed his Double Attack in Willie's direction.

"Haha, you fell for it, you idiot!" all of a sudden, Willie pulled back.

It turned out he unleashed his attack just to trick Leon into retaliation, and now that

Leon used up his Double Attack, Willie pushed on his armrests, propelling his body

into the air and, stifling the excruciating

pain that shot through his legs, lunged straight toward Iris!

"You rat!" the color drained from Leon's face as he realized that Willie

targeted Iris all
along!

He quickly pulled back and tried to channel his energy into saving the girls, but by the time he did so, already too late—Willie already reached Iris’s side!
it was

“Come here, my dear!” Willie cackled as he reached toward Iris, sending a powerful

wave of energy her

After their encounter at Antique City the day before, Willie figured out that Iris was

Leon’s girlfriend, and once she fell into his hands, he would be able to threaten him

and perhaps turn their fate around!

way.

“Careful, Iris!” all of a sudden, Ruth shoved Iris out of the way, sending a wave of

energy toward Willie in retaliation.

“Thud!”

With a deafening slam, Willie’s attack tore Ruth’s true energy apart, leaving its

remnant barreling straight

toward Ruth.

Ruth knew that she was no match for Willie at all and quickly retreated in an attempt

to dodge his attack, but unfortunately, she was only at the Advanced Supreme State,

which was a far cry from Willie’s power level. Although she retreated just in time, she

still did not manage to dodge Willie’s attack entirely, and his energy struck her

squarely on her shoulder.

With a slight grunt, Ruth staggered backward as her face turned pale and a drop of

blood seeped out of the corner of her mouth. Fortunately, she managed to save Iris

just in time, and managed to stall some precious.

seconds for Leon to retaliate!

“You bastard!” Leon yelled at the top of his lungs when he saw that Ruth got hurt. He

leaped at the chance and unleashed another powerful surge of energy while Willie’s

back was turned, which struck him sharply in between his shoulder blades.

“Rats!” the color drained from Willie’s face. He was just mere seconds away from

getting his hands on Iris, but that wretched Ruth got in his way!

However, now was not the time to get angry over this—he could feel that Leon’s attack

was surging toward him at the speed of light, and it was too late to try to capture Iris

again!

He turned around and directed his attack straight toward Ruth instead!

He knew that Ruth was Leon’s companion, and if he got his hands on her, he would

probably be able to use

Chapter 1373

her against Leon as well!

2/2

“Oh no!” Ruth’s heart sank at this realization. She barely escaped from Willie’s wrath

and was yet to fully recover from her injury. As much as she wanted to dodge, she

could not muster the strength to do so and had no choice but to watch in horror as

Willie’s attack barreled straight toward her.

Claim

her against Leon as well!

“Oh no!” Ruth’s heart sank at this realization. She barely escaped from Willie’s wrath and was yet to fully recover from her injury. As much as she wanted to dodge, she could not muster the strength to do so and had no choice but to watch in horror as Willie’s attack barreled straight toward her.

Chapter 1374

All of a sudden, Leon raised his arm, and a few needles flashed through the air,

gleaming in the sun as they sped straight toward Willie!

“What’s this?” Willie was stunned by this. He never thought that Leon would have

prepared secret weapons, and since they were so close to each other, by the time he

snapped out of his stupor, it was already too late!

Thankfully, he was not too far off from Leon’s power level, and he managed to shift a

few inches to his side. at the last possible minute, barely dodging Leon’s needles.

At the same time, Leon followed up with his attack, channeling his energy into a

powerful wave that surged toward Willie’s back.

Willie had no choice but to turn around and retaliate by sending a punch toward Leon.

“Thud!”

With a loud slam, Leon’s first wave of energy managed to stop Willie’s attack,

whereas his second wave of energy pushed past the first and struck squarely in the

center of Willie’s chest.

Willie spat out a mouthful of blood as his entire body was propelled backward and

landed in a heap on the ground.

Leon retaliated with a vengeance, without a single hint of mercy in his attack. Willie was not sure how many of his ribs were broken during this process, but it was clear he suffered significant internal injuries.

“Oh, thank God!” Ruth could not help letting out a sigh of relief after her near experience with death.

“Ruth, are you okay?” Iris, Snow, and Cynthia approached her. Iris was the most concerned out of them—Ruth stepped in to save her, and as grateful as she was for Ruth’s help, she could not help being worried about Ruth’s injury.

“I’m fine, just hurt myself a little bit over here. Don’t worry!” Ruth said, smiling. The three of them let out sighs of relief when they saw that she seemed to be her usual self.

Leon felt as though a weight was lifted off his shoulders. Then, being reminded of how Willie attempted to ambush Ruth, a fiery rage ignited within him, and he strode toward Willie.

“What! What are you doing, you punk? Don’t come near me!” Willie shrieked in horror when he saw the rage in Leon’s eyes. An expression of fear and terror crossed his face.

“You bastard, Willie Liberton! Not only did you bully innocent people over and over, but now, you even tried to attack them behind their backs! This is against the basic principles of the Gangster World, and I will make you pay the price for this! I shall rid you of your power level right here and right now!” Leon snarled, the

anger in his eyes
so evident it was as though he wanted nothing more than to kill Willie
right on the spot.
However, murdering people was not something to be proud of, and since
Leon always
held his integrity high, he chose not to do so, and instead decided to rid
Willie of his
power level to teach him a lesson.
“What? No, you can’t do that!” Willie was terrified to hear this.
Although Leon broke
both his legs and rendered him wheelchair-bound the day before, he
could easily
recover from that with a few months’ rest,
and this was not too big of a deal at all.
However, if Leon were to rid him of his powers and render him utterly
powerless, not
only would he lose the right to his family’s inheritance, but he would
also lose his
status and influence!
This was a consequence that he could not bear!

Chapter 1375

“I understand my mistake now, Leon, and I truly apologize for what I’ve
done. Please
forgive me, and show me mercy—just this once,” Willie pleaded, no
longer caring
about how this would reflect on his status as master of the Libbertons
anymore.
“What were you doing all this while, if you only managed to realize
your mistake now?
people like you don’t deserve mercy! You’d better think about your sins
and ask God
for forgiveness instead!” Leon snarled, then, without a moment’s
hesitation, he raised
his arm, intending to rid Willie of his powers right then and there.

“Stop!” all of a sudden, someone yelled.

Then, within a few seconds, a few men dashed toward them from afar.

The two middle-aged men at the lead were none other than Wade Liberton, Willie’s

father, and Ted Jones, Tony’s father.

They were followed closely behind by a few of the Libertons’ master martial artists, all

of them emanating auras of power that shunned any who laid eyes on them.

Although Tony was the general manager of Medicare Pharmaceuticals, Ted was the

president. Ted had three major businesses under his name, and Canary Pharmaceuticals was just one of them. A few years ago, he handed the business over

to his son, but despite that, he still held a majority of the shares under his name.

Therefore, the higher management who witnessed Leon injuring Tony contacted Ted

about this once they sensed something was amiss. At that time, Ted was in a

business meeting with Wade, and they rushed over to the scene with a few of their

best martial artists as soon as they heard.

“Father, please save me!” Willie was delighted to see them and quickly cried out for

help.

Leon could sense that Wade and the others were not opponents he wanted to cross,

and before they could even approach him, he grabbed hold of Willie by his collar and

lifted him off the ground as though he weighed nothing.

“Who the hell are you? Let go of my son!” Wade’s expression darkened at this. What

he heard was that Tony was injured, so it came as a shock for him to see that his son

got involved in this as well!

“Father, this man’s name is Leon Wolf. He’s a cousin of the Scammells.

He was the

one who broke my legs yesterday,” Willie explained through gritted teeth.

He was forced to plead and beg for mercy in the face of Leon’s power, but now that

his father appeared, he grew more confident and immediately his attitude changed

almost entirely!

“The Scammells! How dare you, a distant cousin of theirs, break my son’s legs and

stir up so much trouble in our territory? I don’t know whether you’re fearless or just

stupid!” wade was utterly outraged to hear this.

“Shut up, old man! Give me your terms, and I’ll consider whether I should let your son

go!” Leon said coldly. Despite that, he still could not help frowning at this. He already

witnessed the power and influence of major families back in Springfield City—they

were a pestering presence that constantly cropped up to stir up trouble as soon as

one of their members got hurt.

The man standing before him was Williw’s father, and one of the most powerful men

of the second generation here in Sky County. He was certainly no easy opponent to

defeat, and this troubled Leon greatly!
