### The Ex-Husband's Revenge Chapter 251

Leon was shocked to feel that the spiritual energy at the peak of the mountain was already almost completely drained.

Thankfully, he did not need to train on Mistcloud Mountain, so it was fine even if the spiritual energy was drained.

Furthermore, spiritual energy was not something that would not come back. In less than three months, the spiritual energy on the peak of Mistcloud Mountain would recover.

Not using it was just a waste!

After gathering the morning dew, Leon started to leave the mountain.

Now that he dealt with the procurement of materials and the dew, the problems with production would be resolved as well.

The most important part of those products were the dew.

If Ashwin found out that he overstepped and interfered with procurement as well, Ashwin would be furious!

“What exactly do you want to say? Why are you being so hesitant?!” Iris looked at Leon strangely, not understanding what Leon tried to do.

“I wanted to say that the Shear Group is the biggest provider of herbal medicines in Springfield City. We should look to work with them. There’s no need to work with Life Pharmacy...” Leon mustered the courage to say.

Even though he did not like Ashwin that much, he still felt bad that he kept on overstepping and taking away Ashwin’s responsibilities.

“I can definitely show you the agreement, but we’ll have to make a bet first!” Leon said calmly.

“What bet?” Ashwin asked.

“You don’t believe I have an agreement with the Shear Group, right? If I manage to produce an agreement, then don’t bite me!” Leon knew that he overstepped his responsibilities, so he preemptively shielded himself from Ashwin. He did not want Ashwin to get angry and bite him in the back.

“Why would I bite you for no reason?! You’re crazy!” Ashwin’s expression was incredibly sour. He thought that Leon tried to mock him.

“Alright, you said it yourself. Don’t go back on your words!” Leon was elated. Ashwin fell right for it.

Ashwin waved it off, not wanting to bother wasting time with Leon. He said, “What if you can’t produce the agreement?”

“Then you can do whatever you want!” Leon said firmly.

After listening to what happened, Iris was already sure that the Blue Star of the Sea was genuine!

Most importantly, the Blue Star of the Sea was something incredibly valuable. Leon was not someone with that much money or power, but was willing to give something so amazing to her.

Her heart was always like a cold lake, but the lake suddenly had a few ripples on it.

“It’s not just being lucky, it’s absolutely crazy!” Ashwin’s face soured.

He wondered what kind of relationship Leon could have with the Shears. He finally understood that it was just that Leon happened to be lucky enough to get to know Benedict.

Leon ignored Ashwin and continued, "Yes, it's because of that, that I got friendly with Elder Shear. I gave him a call last night and told him that the company needed some materials, and he agreed to work with us..."

"Miss Young, if there's nothing else, I'll be going to the factory," Ashwin excused himself and left the office,

Looking at Leon leave, Ashwin clenched his fists tightly. His expression was incredibly dark.

A few days ago, Leon took his responsibilities away with production, and now Leon showed him up again. He could not just take that!

"Mister Mercer, you should go back to work!" Iris said calmly.

She kept on feeling like there was no way Ashwin was free of responsibility regarding Micheal scheming against Leon, so she no longer held Ashwin in such high regard.

"Miss Young, there are some things I don't know if I should say..." Ashwin hesitated before stopping

"What is it? Just tell me," Iris raised an eyebrow, wondering what Ashwin was getting at.

"That's impossible! Leon definitely won't betray me. He's not the type of person to do that!" Iris said coldly,  
quickly tossing away her doubts.

Most of the company's recent  
incredible developments were thanks to Leon. Leon was loyally contributing so much to the company, so  
she could not doubt Leon like that!

Leon even saved her life before. He had a great character. If she did not even trust Leon, then who else could

she trust?

"Miss Young, you mustn't let your guard down! Leon doesn't have anything right now, so he's forced to  
rely on you. Once he succeeds thanks  
to you, he might end up betraying you..." Ashwin did not give up as he spoke, but he was stopped by Iris

"Stop it!"

On top of that, she was very beautiful herself, so she quickly attracted quite a few looks at her.

As everyone looked at them, Leon and Janice were led into a room by the waiter. They sat down in front of each other.

After ordering their food, the two of them quickly fell into silence.

They did not see each other for a long time, so they became somewhat strangers to each other.

After a long time.

Cynthia realized that she overthought things.

After all, Leon was just an orphan. He did not have much of a background.

Furthermore, Cynthia was the jewel of the Shears. She's not just immensely beautiful, but rich and powerful as well. She had so many men after her, so how could she have her eyes on the ordinary Leon?  
!

"Janice, what are you working as right now?" Leon asked, wanting to know more about Janice.

"Oh, I went into a big company after I graduated. I got quite lucky, and I'm already a department manager. I make a few thousand a month."

Janice was a bit pleased with herself. After that, she remembered Leon's situation, and she said, "Leon, I remember you mentioning that you're a presidential secretary at a cosmetic company."

"I'll pay by card!" Leon did not care and gave the waitress his card.

There was still more than ten million in that account, so five hundred was nothing to him.

Looking at the card in Leon's hand, the waitress was shocked.

Anyone who could eat at a high-

end restaurant like this was usually someone rich. Quite a few of those rich

heirs would use cards from Rivercity Bank.

Even though she could not recognize the Supreme Card, she still knew the significance of Rivercity Bank!

Suddenly, she was incredibly shocked. She could not stop herself from being thankful that she maintained a polite attitude. If she said anything offensive, she would probably lose her job!

"Leon, you're not in that great of a financial position. You'll need your money for many things in the future. Let me pay for this!" Janice hurriedly took the card back and passed it to Leon. After that, she took out the phone and asked to transfer the money.

"Janice, traffic's quite bad in the city. It's not easy to find any parking, so a bike's more convenient. You can leave your car here for now. Once we're done shopping, you can come back to get it," Leon knew that Janice drove over. It was much less convenient than his bike.

"Oh, alright," Janice nodded. After that, Leon brought her away.

Fuller Mall was a shopping mall that was close to the restaurant.

After Leon parked his bike, he walked into the mall with Janice.

Both of them shopped around.

Seeing a large clothing brand, Janice pulled Leon inside.

The shop was not a big international brand, but it was still well-known within the country. It was a mid- to high-end brand.

It was a very large place, split into both the men's wear area and the women's wear area.

Janice dragged Leon into the

asked at the restaurant earlier. She planned on transferring the money to Leon, but she was worried that

Leon would not have enough clothes anyway. I really should be buying
