The Ex-Husband's Revenge Chapter 291

Joseph smirked smugly.

He went to plenty of bars and clubs and it was his first visit to the Blue Moon Bar, so he did not hear of Mister White; Nonetheless, he just showed his strength off in front of everything and was at the hype of excitement, so he would not have cared even if he heard of Mister White.

"I don't care who started it. This bar has its rules! Since you didn't mean it, I'll give you a chance. Get down on your knees, apologize, and compensate double the losses, and I'll let you go! If you refuse, I'll break a limb on your body! Make your choice!" Mister White said coldly.

"Mister White, we're willing to apologize and compensate..." Ricky sighed a breath of relief. He and his men fell to their knees and compensated for the losses.

"Now, it's your turn!" Mister White turned to glare at Joseph.

Joseph stood up for Louisa, so he treated the group as Joseph's accomplices.

Disappointed by Joseph's performance, the crowd erupted in a heated discussion.

"I thought he was a skilled fighter. How could he lose after just one move?" Louisa was stunned. She thought that Joseph was a rare talent, only to realize that he bragged all along. "Damn it! He's a liar. I almost fell for it!" She muttered angrily, her admiration toward Joseph

vanishing with no trace. When she thought of how she was fooled, she felt so frustrated that she wished she could kick Joseph in the face.

“I told you not to be fooled, and you just wouldn’t listen! He is just trained in external power, so he is in no way a match for an expert in internal power! How could he be a martial artist?” Leon snorted.

Enraged, Leon retorted, “and if I refuse?”

“Lewd, you...” Louisa was

shocked. She did not expect Leon to stand his ground in the face of someone like Mister White despite seeing how Joseph was defeated and was rather impressed.

“Good. Very well!” Mister White laughed, “brat, seeing how courageous you are, I’ll give you another chance! These beautiful ladies are still young, so it is a shame to break their limbs! How about this? Take one for the team. I’ll break two of your limbs and we’ll call it a day!”

He did not sense any flow of true energy from Leon earlier and determined that Leon was merely a fighter that wielded external power like Joseph.

Since

Leon was not even a martial artist, as a man in the Advanced Acquired State, Mister White had nothing to fear.

"Lewd, watch out!!!" Louisa paled and screamed, agreeing with the others that Leon would not survive Mister White's attack because it was not realistic to assume that he could.

"Once the Descending Tiger gets here, he's going to get killed!"

The crowd gasped and turned to look at Leon sympathetically.

Mister White studied Leon with a cold, smug smirk. From what he could sense, Leon just reached the Innate State and Master Shelton would be able to defeat Leon with ease given his level of Intermediate Innate State.

They all thought that Leon would be left with no choice but to get down on his knees and apologize once the Descending Tiger arrived; what they did not expect to see was the Descending Tiger, Master Shelton, kneel

instead.

'Wh- What is going on? Has the Descending Tiger lost his mind?' Everyone thought as silence loomed over the crowd, shooting one another strange looks as they gaped.

"Master Shelton, what are you doing? This brat..." Mister White muttered in disbelief.

Mason interrupted him immediately. "How dare you?!" He got up and slapped Mister White in the face. "Do you know who this is? He's Mister Wolf! How dare you call him a brat? Kneel and apologize! Beg for Mister Wolf's forgiveness!"

He noticed that it was a personal grudge, and though he did not want to get involved, Mason was technically his subordinate so he could not stand idly by. All concerns aside, his level was approaching that of the Intermediate Innate State and with Mason's help, they should be able to defeat Xander.

"That's great!" Mason was overjoyed. He thought that Leon was a Supreme Master and with his help, Xander would not stand a chance.

"Wow, more drama! Annie, Lacey, let's go and check it out!" Louisa said excitedly. She always appreciated chaos and refused to miss the drama. She grabbed Annie and Lacey's hands and hurried out of the bar after Mason and Leon.

Sensing what was about to happen, some of the customers hastily paid their bills before leaving, while some of the braver ones headed outside, including Joseph.

The Ex-Husband's Revenge Chapter 298

As Mason's territories overlapped with some of Xander, there were conflicts between the two for years as they fought over territories.

Mason had eight areas under his control at first, but his power level stopped growing ever since he was injured by Xander six years ago, which Xander saw as an opportunity to slowly eat up half of Mason's territories over the years. In the present, Mason was merely left with three major areas to his name.

Fortunately for him, he had the Southern King's protection and Xander could only move slowly to take over his territories instead of killing him right away.

However, due to the shrinking of his territories, the profit Mason was capable of offering to the Southern King declined and as he failed to grow any stronger throughout the years, he was no longer as important to the Southern King. He was merely a man who worked for the Southern King and without any value to offer, he became a pawn that could be easily cast aside.

He finally understood why Mason acted so lowly in front of Leon. It was because Leon was a Supreme Master at such a young age.

Apart from Mister White, everyone else was confused. Being ordinary people with no in-depth knowledge of martial arts, they had no clue as to what a Supreme Master was. It sounded intimidating, but they would not know anything unless they saw it with their own eyes.

Louisa, on the other hand, beamed as she stared at Leon heatedly.

“Mason, did you just say that this brat is a Supreme Master?” Xander pointed at Leon with an odd look on his face, before bursting into laughter.

He obtained all details about Leon and knew that Leon was an orphaned good-for-nothing and that he was not even a martial artist. Considering Leon’s age, if he was truly a Supreme Master, he would be well-known as a rare talent amongst people his age, yet Xander never heard Leon’s name.

He never expected Mason to reach the level of Intermediate Innate State and was caught off-guard.

“Mason, you sure have hidden your true power well throughout the years. Seems like I’ll have to do my best today!” Xander’s expression darkened as the murderous urges in his eyes intensified.

Mason reached the same level as him and he had to eliminate Mason immediately, or he might risk Mason growing even stronger in the future.

“Mister Wolf, I’ll leave Xander to you!” Mason blurted out as he forced the two men to back away. As a martial artist in the Intermediate Innate State, he could deal with two men in their Initial Innate State with

ease. So long as Leon helped

to defeat Xander, Mason was confident that he could turn the table entirely.

“But I...” Leon muttered. At this point, it was too late for him to run. Unfortunately, he was close to reaching the Intermediate Innate State and he simply needed to stall Xander with all his might, so that Mason
