Chapter 2206

Chapter 2206

"You don't have to come to the National Security Department! I've brought the Scarlet Thiefs corpse over!"

Just then, they all heard someone hurrying over and Captain Scots strode in with two other employees following closely behind, carrying the Scarlet Thiefs body on a stretcher with a white fabric covering it.

It became clear that Captain Scots verified the body's identity and came to report to Alfred.

"Good sirs, this is the Scarlet Thief's body!" Captain Scots waved his hand, signaling the two employees behind him to lower the stretcher, before lifting the fabric to reveal the body.

"It's the Scarlet Thief! How's this possible?!"

Jaws dropped and Zack and the others from the eastern region were incredibly stunned as they thought Leon was only bragging.

To their bewilderment, Leon told the truth and he indeed eliminated the Scarlet Thief.

It was so surreal that they would never believe it to be true if they did not see the body with their own eyes.

"Captain Scots, what are the results? Is this body the Scarlet Thiefs?" Alfred asked hastily.

The Scarlet Thief's information was publicized a long time ago, so Alfred recognized the corpse almost right away. However, modern technology was far too advanced and the Scarlet Thief was too skilled in hiding, so he needed a DNA test to ensure that they killed the Scarlet Thief instead of someone else.

"Yes! Mister Glasbey, here are the results. According to the test, the body's fingerprint and physical characteristics match the Scarlet Thiefs profile. I can say for sure that this body belongs to the Scarlet Thief," Captain Scots said as he handed the report to Alfred.

"Good!" Alfred glanced through the report and burst out laughing.

Though Leon mentioned that the Scarlet Thief was eliminated, Alfred was still slightly concerned that there might be some sort of mistake. However, after reading the detailed test results, he was relieved.

"Zack, why don't you and the others take a look at this?" Knowing that Zack and the others had their doubts about Leon, Alfred handed them the report as well.

Zack accepted the report and read through the pages intently, and according to the data shown on the report, they all confirmed that the corpse belonged to the Scarlet Thief.

"Mister Wolf did this?!"

"How did he manage such a thing?!"

Zack and the others were stunned.

They knew how capable the Scarlet Thief was as the Southern region Dragon Corps were not able to hunt him down; the Dragon Corps from the eastern region even went as far as to send one Dragon Guard in the Advanced Almighty State along with several martial artists in the Intermediate and Initial Almighty States.

Even so, they were not confident that they could eliminate the Scarlet Thief, yet Leon managed to accomplish the impossible all by himself.

It was a miracle and they were all shaken to their cores
