Chapter 2209

Chapter 2209

"Um, sure! We'll take you up on your offer, then, Mister Glasbey!" Zack hesitated for a moment, before agreeing.

"Scott, go make arrangements for the feast. Oliver, Abraham, take Zack and the others to rest!" Alfred commanded.

"Yes!" Scott responded, before leaving.

Oliver and Abraham led Zack and all the other Dragon Guards to somewhere else to rest.

Soon, the crowd dispersed, leaving Leon and Alfred alone in the yard.

"Leon, come join us in the feast later! I have to celebrate your accomplishment!" Alfred said with a smile.

"Um, I'm afraid I can't, Mister Glasbey. I have something else to attend to later, so I can't come to the feast," Leon said hesitantly.

"Something else to attend to? Is it something important?" Alfred was shocked as he did not expect Leon to refuse participation.

Leon nodded. "Yeah, it's really important."

He took a Dragon Pill to deal with the Scarlet Thief and its effect was going to end soon. Leon would shortly be in a recovery phase, so he would not be able to attend the feast. However, the Dragon Pills were one of his secret weapons, so he could not explain the truth to Alfred.

"I see! Alright, then. If you're busy today, we shall have another feast to celebrate your accomplishments another day!" Alfred said in disappointment.

Leon accomplished what no one ever fulfilled by killing Asmodeus, the Poisonwielder, and the Scarlet Thief in a row. Alfred wanted to take the opportunity to celebrate Leon's accomplishment and praise him in front of everyone. However, since Leon had other matters to attend to, he could only give up.

"Mister Glasbey, there's something else I'd like to talk to you about," Leon changed the subject.

"What is it?" Alfred asked.

"Firstly, I'm in debt of two-thousand contribution points over the Nine Suns Flower, so I want to use the Scarlet Thief's body to make up for what I owe, " Leon explained.

Back when Leon eliminated the Poisonwielder, he obtained a little over eight-hundred points, and a Nine Suns Flower required three thousand points, so he was in the Dragon Corps' debt.

"Sure. I'll handle that for you later!" Alfred said.

Leon managed to kill the Scarlet Thief on his own and earned five- thousand points for it, so there were more than enough points to pay the debt he owed.

"Secondly, I want the Dragon Corps' help to search for a Fairy Fruit and any herbs that contain light energy like the Sunlit Herb," Leon continued.

The Dragon Pills were made from Fairy Fruits and since Leon had only a few Dragon Pills left, he intended to seek the Dragon Corps' help in searching for a Fairy Fruit. On top of that, he needed herbs that contained light energy to produce the Sun Pill.

In order to secure his position in the southern region, he needed to collect a few herbs that contained light energy to produce more Sun Pills.

He already sought Roanne's help to search for the herbs when she asked for more Sun pills on the Thompsons' behalf. However, such herbs were scarce and the Thompsons might not be able to find any.

Hence, Leon decided to seek the Dragon Corps' help as well for safekeeping.

If both ends managed to find herbs, that would be ideal as Leon could only benefit from obtaining more herbs that contained light energy
