Chapter 2244

Chapter 2244

"Miss Young, you're just too pretty! I wonder how Leon got so lucky to gain your affection!" Yonas' eyes lit up as he looked at Iris.

He saw Leona and Iris during the sales drive a few days ago, and he already saw that Iris was an amazing beauty!

Looking at her up close, Iris looked even more beautiful. She had a proud and noble air about her as well, looking like an angel amongst mortals!

Suddenly, he could not help but praise Iris in his heart.

"Yonas, are you saying she's prettier than me?" feeling Yonas ' eyes staring right at Iris, Fiona acted like she was jealous.

She grabbed Yonas' arm and pinched him cutely!

"Ahem."

"Baby, you're very beautiful too," Yonas coughed, regaining his composure as he felt a shot of love at Fiona!

Even though Fiona was not as beautiful as Iris, Fiona had a unique aura and allure about her. It was like she was born to attract men!

Her cute voice in particular gave him intense feelings. It caused his whole body to shiver!

It was precisely because of that, that he did not abandon Fiona after that whole night. Instead, he wanted even more novelxo of her!

So, he confessed to Fiona right after that, and the two of them became boyfriend and girlfriend!

"Mister Thompson, did you come here for something?" Iris was in no mood to look at the two of them flirting, so she hurriedly went straight to the main point.

"I came here for Leon! Call him out. I want to chat to him face to face!" Yonas ordered.

"Leon is busy today, he's not at the company. Maybe you should go back and come another day," Iris said with a frown.

She thought that Yonas had something important he needed to talk to Leon about. So she wanted to give Leon a call and have Leon come over.

However, Yonas was acting incredibly arrogantly, and there was a tone of disrespect towards Leon. It left a very bad impression!

So, she could not be bothered with Yonas, and wanted to chase Yonas away with the excuse that Leon Was not there!

"Leon's not around? Then give him a call right now. Have him come over here to see me right now!" Yonas ordered.

"Mister Thompson, I already said it very clearly. Leon's busy at the moment. How about this? If you have something urgent, let me know for now. I'll tell him when I can," Iris was more and more unhappy with Yonas.

However, Yonas was still a Thompson in the end. She could not be too rude to him!

"Alright! Then help me tell Leon that I want thirty percent of Elegante's shares!" Yonas said coldly.

"What? W-what are you saying?!" Iris was shocked to hear that. She immediately stood up.

It was obvious that she never expected that to be Yonas' reason to be there!

It caught her completely off guard!
