Chapter 2249

"Roanne, that woman with Mister Thompson is a bit problematic. She keeps on pushing him and is trying to damage our relationship. You need to be careful," Iris changed the topic and she said softly.

As the president of Elegante, she saw quite a few schemes in the business world before. She was much more experienced and sharp than Roanne!

She could vaguely tell that Fiona seemed to be fanning the flames the whole time!

So, she was immediately on guard, and made sure to tell Roanne!

"What? So that's it!" novelxo

Roanne was shocked to hear that.

Even though she was more naive at heart, she was also a smart person!

After Iris' reminder, she finally understood that Fiona had bad intentions!

"Yonas, who's that girl by your side?" Roanne asked Yonas. After that, she immediately looked at Fiona with an unfriendly look in her eyes.

"She's Fiona, my new girlfriend," Yonas did not bother to hide his relationship with Fiona!

"Yonas, there's something wrong with your girlfriend! She keeps on trying to damage our relationship. You mustn't trust her words," Roanne said straightforwardly.

"Nonsense! Roanne, Fifi is my girlfriend. She could very well be your family in the future! How could you just insult and slander her like that? You're crossing the line!" Yonas said unhappily.

The last night, he defeated Rodney and saved Fiona from Rodney!

He was already sure that Fiona was just a weak girl who was bullied by Rodney. There's no way she was a bad person!

Furthermore, after what happened the night before, he was abnormally obsessed with Fiona. He was captivated by her!

No matter what Roanne said, there was no way he would believe her!

"Miss Thompson, it's wrong for you to interfere with someone's relationship! I was just trying to give you some advice so you would not make that mistake anymore! It's one thing for you to not listen to me, but why are you insulting me as well?" Fiona deliberately put a sad look on her face when she saw that Iris and Roanne already saw through what she was doing. She looked like she was the victim of all this!

"What nonsense!"

Roanne was furious at Fiona!

"I'm not speaking nonsense. This is all the truth! The

Thompsons are a famous family in the southern region. Your name has always been admired by everyone! As the daughter of the family, you're out doing nasty things with a wild man outside! Isn't that just going to ruin your family's name?" Fiona mocked.

"You-"

"Shut up!" Roanne was furious.

With her noble status, she was spoiled since she was young. There was no way she could accept Fiona's insults!

Not only that, Fiona even said Leon was a wild man!

It thoroughly angered her!

Right after that, she did not even think about it as she slapped Fiona right in the face!
