Chapter 2250

Chapter 2250

Smack!

Fiona was caught off guard by the slap.

Luckily, Roanne was a kindhearted girl. She did not add that much force to the slap!

Even so, Fiona was still sent to the ground by the slap. There was a fiery pain on her face!

"H-how dare you to hit me!?" Fiona clutched her face painfully, stunned by the slap.

After that, her eyes reddened as she rushed into Yonas's arms.

"Yonas, look at that! I was just giving Miss Thompson some advice, but she did this to me! You have to stand up for me," Fiona cried as she said.novelxo

"Roanne, you are crossing the line!" Yonas was furious.

Fiona was his woman, and Roanne slapped her in the face right in front of him. It was the equivalent of slapping him in the face!

It was obvious how furious he was!

Right after that, he did not even think about it as he slapped Roanne right in the face!

"Sir, you can't!" John was shocked at the sight.

After that, he stepped forward and stood in front of Roanne immediately. He blocked the slap from Yonas with his true energy.

Bang!

Yonas was only at the intermediate Emperor State. He was far from John's Almighty State!

He was caught off guard and had to take a few steps back thanks to John's true energy. His feet almost stumbled and he almost fell!

Thankfully, Fiona was fast enough to help him.

"John, h-how dare you to attack me! Are you trying to rebel?! " Yonas was furious after he regained his footing. He looked at John furiously!

"I wouldn't dare. I was just in a panic and accidentally attacked. Please forgive me," John said respectfully.

Even though he was older than Yonas, he was not a direct descendant of the Thompsons. His position was far lower than Yonas's in the family.

He did not dare to do too much in front of Yonas.

"As if you would dare! I'm warning you, make way right now. I'm going to teach Roanne a lesson! I'll make sure she knows that my woman isn't to be bullied!" Yonas said angrily.

"Sir, please forgive me, but I'm here to protect her. I can't let you hurt her. On top of that, if you attack her for an insignificant girl, the family head will punish you when he

finds out," John said.

"That-" Yonas was at a loss for words.

Even though Fiona was his girlfriend, they were not married. Fiona was still not a part of the family!

If he did anything to hurt Roanne because of Fiona, whether it was Angus and Yuri or his grandfather, none of them would forgive him easily!

It would do him no good!

However, there was no way he could accept just standing back!

"Yonas, are you going to just let me get slapped like that?"

At that moment, Fiona could see Yonas's hesitation. She looked at Yonas with a wronged expression, acting as pitifully as she could.
