

The Ex-Husband's Revenge By Dragonsky

Chapter 2269

Chapter 2269

"That-"

"Mister Wolf, thank you for your generosity," John gratefully thanked Leon.

At the same time, he could not help but lament the fact that Yonas was nowhere near as generous or noble as Leon!

It was very unfortunate for the Thompsons!

Even more regretful was the fact that Yonas was far behind Leon in every way. He was not even worthy of wiping Leon's shoes!

Otherwise, Yonas would not have done something so stupid!

Thinking about Yonas's stupidity, John could not help but sigh.

"Mister Thompson, what is it? Do you still have anything else you want to say?" Leon could not help but ask when he saw how John was acting.

"Mister Wolf, you don't know this, but Yonas has always been quite a petty person. He always tries to get his revenge for everything. You crippled his arm this time. He won't let the matter rest so easily," John said with a wry smile. He looked concerned.

He knew about Leon's situation. Leon was incredibly young, but his abilities and his strength were unfathomable!

Even the notorious Southern Boss failed to do anything to Leon, let alone Yonas!

He was not worried about Yonas being able to harm Leon at all!

What he was really worried about was if Yonas was stupid enough to continue making an enemy of Leon because of this. If the matter got big, it could cause the Thompsons' relationship with Leon to crumble!

That would do Leon or the Thompsons no good!

"Mister Thompson, forgive me for being straight with you. Even if I didn't break Yonas's arm just now, do you think he would let me off easily?!" Leon laughed as he said.

It was not easy for him to reach where he was at that moment from his situation in Springfield City. He went through many trials, and witnessed how nasty humans could be!

Yonas wanted to seize Elegante's shares. Even if Leon held back, there was no way Yonas would give up so easily.

Yonas would only get worse!

Rather than that, it was better to teach Yonas a lesson he would not forget!

If Yonas were worried about him, then Yonas would not provoke him so quickly in the future!

At the very least, it would spare him some unnecessary trouble!

"That-" John was speechless!

He knew that Leon was right. With Yonas's personality, Yonas would not let Leon go so easily for the sake of Elegante's shares even if Leon did not cripple his arm!

Leon considered things even better than he did on that front.

"Mister Wolf, I'll let the elder know about how Yonas tried to take your shares this time. Don't worry, the moment the elder finds out, he will stop Yonas from continuing this," John said seriously.

The Thompsons were a righteous and honorable family. They were very careful with their name.

Yonas trying to steal Elegante's shares with such crude tactics was already enough to damage the family's reputation!

As long as he reported the matter to Arthur, Arthur would not allow Yonas to continue!

As for the problem between Leon and Yonas, John was just a subordinate. He was in no position to meddle!

All he could do was leave it to Arthur and Angus!

"Mister Thompson, thank you!" Leon said with a smile, not rejecting the offer.

"Let's go! We should go back to the family and report this incident," John said to Roanne.

"Yes, alright," Roanne answered. After that, she left the company with John as they both headed home.
