Chapter 2277

Chapter 2277

'Finlay, he was fine just now. How did he suddenly die? W-what exactly happened?'" Norm grabbed onto Finlay's arm as he spoke. He was in such a panic that even his eyes reddened.

'Based on what I see, the vital point around Mister Thompson's chest suffered a severe hit. His heart was injured, and that's why he ended up dying," Finlay explained briefly.

Since the Fourth Apostle had used a secret technique to damage Yonas' heart, Finlay did not find out that Yonas' death was because he suffered a second attack!

He was only able to guess that Yonas passed away due to an injury to his chest that had affected his heart!

'C-could it be that Leon was too heavy-handed and caused Yonas' injuries to worsen to the point that he died?!' Fiona immediately concluded that Yonas' death was related to Leon!

"Yes, that must be it!"

'Leon killed him!'"

Norm and Sully both looked like they just had an epiphany!

Both of them knew that Leon had injured Yonas!

On top of that, Fiona deliberately used Finlay's medical evaluation to guide their thoughts in that direction!

The two of them immediately jumped to the conclusion that Yonas must have died because Leon had injured him too heavily!

They could not think of any possibility other than that!

'Norm, let's hurry up and make a call back home. We need to tell the elder and the second master about this,' Sully said.

The second master they were referring to was Yonas' father, the direct descendant of the second line, August Thompson.

Yonas was a direct descendant of the Thompsons. He was an incredibly important person!

The two of them naturally needed to report the fact that Yonas had been killed by Leon to Arthur and August as soon as they could!

After that, the two of them took out their phones. They were just about to make their calls when something happened!

'Yonas, I know you're hiding in there! What did you do?! You're a complete embarrassment to our family!'"

At that moment, an angry shout was heard outside.

Right after that, some frantic footsteps were heard slowly closing in from afar.

'It seems like the elder is here!" Norm and Sully could tell that it was Arthur's voice.

After that, the two of them did not dare to delay. They hurriedly opened the bedroom door and walked out.

At that moment, Arthur, Angus, and a few others had just entered the living room from the outside, bumping into Norm and Sully right there.

When Yonas had left Elegante with everyone else, Roanne and John had immediately hurried back to the Thompsons to tell Angus and Arthur about how Yonas had tried to seize the shares from Elegante Group!

When he found out about it, Arthur was absolutely furious!

He knew that Yonas was quite average in many ways, so he did not ask much of Yonas. Normally, as long as Yonas did not do anything particularly evil, he would not admonish Yonas that much!

However, Yonas actually abused the power of the Thompsons as part of his despicable plan to steal the shares of Elegante. It was very damaging to the reputation of the family, and was a smear on their honor!

To put things more frankly, Yonas' actions were no different from those of a bandit!

On top of that, Leon was a friend of the Thompsons. Both sides had a very good relationship with each other!

Both Arthur and Angus had agreed to let Roanne continue staying with Leon partly because the two of them wanted to help Leon stand up against the Southern Boss!

On the other hand, they wanted to use Leon to push the Southern Boss back as well!

As long as Leon remained strong, the Southern Boss would never be able to pose a threat to the Thompsons!

On the other hand, if Leon were to fall, then the Southern Boss' ambitious and greedy nature would mean that Arthur and Angus would definitely be the next targets!

In the end, Leon was incredibly important to the Thompsons. They were mutually relying on each other!

Nevertheless, Yonas had not only acted dishonorably, but he had even tried to use despicable means to push Leon down and ruin their friendly relationship!

It was a completely idiotic move!

It was obvious how furious Arthur was at that moment!

So, he immediately brought some men over to Yonas' private villa, planning on properly teaching Yonas a lesson so that Yonas would know to stop!

He did not want Yonas to continue angering Leon and ruin their relationship, potentially causing them to become enemies!

That would be of no good to Leon or the Thompsons!
