The Ex-Husband's Revenge Chapter 791

Ariel sighed. She was in love with Leon and since she could not bring herself to leave him behind, she could only stand by his side.

"Don't worry. Like I said, it's going to be fine," Leon smiled, but did not elaborate further.

Twenty minutes passed and they heard footsteps approaching.

"Baam!"

Following a deafening sound, the door was kicked open and Jacob strode in with a few bodyguards.

"Mister Lowe!" Ashwin and the others were overjoyed and crawled their ways toward Jacob.

"I told you that I found a company with a partner and that's Cynthion Group," Leon explained.

"I see!" Ariel said. She recalled Leon mentioning it and thought that Cynthion Group was merely a small company. However, since Jacob knew about Cynthion Group, she realized that it might be a famous company after all and was confused as to why she never heard of it in the past.

Ashwin and Mister Mabre felt the same. Since neither of them heard of Cynthion Group, they assumed that it was an insignificant company.

“So, he’s the Chairman of Cynthion Group!” Unlike Ariel, Ashwin and Mister Mabre, Dexter and Warren gaped.

Jacob was filled with jealousy.

Ever since his father made a marriage proposal to the Youngs on his behalf to marry Iris, Iris was determined to turn him down and he realized that she was still in love with Leon; Iris was only forced to give

up on Leon because Leon started seeing Cynthia.

Iris

and Cynthia were two of the Four Beauties with one ranking at the very top and the other ranking after her. Both women were goddesses that all men in Springfield dreamed about.

Ashwin and Mister Mabre, too, noticed the dark expression on Leon's face and were both excited.

'Forget what they say about him being the best of his generation. Looks like Mister Lowe is far more powerful, after all!' They thought to themselves.

"Leon, why don't we call it quits now? We can't afford to cross the Lowes. If they want Elegante Group, just let them have it," Ariel said.

She could tell that Leon did not stand a chance and since he tried his best, she did not want him to get himself killed over Elegante Group.

The Lowes were so powerful that Leon was bound to suffer and she did not want to be a witness to that.

"Leon, I've given you plenty of chances, yet you continue to challenge my patience. I haven't had the chance to deal with you yet, and here you are giving me the chance to do so. I'm going to make you pay for every single thing you did right here and now!" Jacob sneered.

"Make me pay? You? As if!" Leon smirked in contempt.

Upon consuming the Dragon Pill, his power level rose to the Peak Supreme State with just a short distance away from the Semi-

Overlord State; even if he was facing two martial artists at the Peak Supreme State, he might still stand a chance in winning.

"You're all talk! Ralph, Rocco, break his legs and bring him down on his knees before me! Let's see if he can continue being so stubborn then!" Jacob commanded the men behind him.

"Leon, you win this time! You can have Elegante Group if you want! I am a busy man and I don't have time to waste with you!" Jacob forced a smile and turned to leave reluctantly.

Since Leon reached the Peak Supreme State, he had no means to defeat Leon and staying would only give

If that was the case, Leon saw no point in showing mercy to Jacob.

At the moment, he did not have an army that could fight the Northern King so he would not act too rashly, as he could not afford to enrage Harold. If Jacob kneeled and apologized, Leon decided that he could forgive him; however, if Jacob refused to do so, he would proceed to break his legs to teach him a lesson.

"Very well! Leon Wolf, do you really think that you can boss me around? Dream on!" Jacob laughed and shot Ralph and Rocco a pointed look.

Ralph and Rocco immediately got the signal and immediately charged toward Leon.

“You’ve already lost to me once. Know your places!” Leon sneered and extended both his arms once again to counter Ralph and Rocco’s attack.
