The Ex-Husband's Revenge Chapter 71

"I'll be frank with you, Mister Wolf. Your two imperial greens are pure and transparent, which makes them incredibly valuable. Such items are a rarity on the market, so I can't give you an estimate of the specific market price. If you intend to sell it, we are willing to pay nine million for it!" Kai said in a heartbeat.

Top-quality jadeite such as imperial greens was very hard to come by, and if their store was able to obtain one, they could turn it into the store's good luck charm!

The only fly in the ointment was the small size of that imperial green, and it was cut in half by Leon at the center. If it was whole, it would have been more valuable!

"But..." Leon was stunned. He never dreamed that the jadeite which he assumed to be pea-greens were extremely precious and rare imperial greens!

Before Leon could answer, a voice suddenly called out from behind, "I'll give you ten million!" An old man in his 70s entered the shop along with several well-dressed bodyguards.

The old man was full of vitality despite his old age and had an almost majestic aura when he walked. At a glance, one could see that he spent all his life at the top of the food chain, as evidenced by the imposing grandeur that he exuded.
