The Ex-Husband's Revenge Chapter 82

Ariel made her displeasure known.

The Elegante Group was involved in the fashion business, so there were many bright and attractive young women within the company. That Ariel could stand out from the crowd and be known as the second-most beautiful woman in the company was a testament to her excellence in all aspects!

Going by her appearance and beauty alone, there were very few people who could surpass her within the entire Springfield City!

Michael was still very far behind her in terms of stature!

More importantly, Ariel's preference in men leaned heavily toward the dominant and assertive kind. Michael, on the other hand, was a mere pretty-faced individual who was not manly enough for her.

Pigs would probably take to the skies before she would ever be attracted to Michael!

"Yes, of course..." Michael smiled awkwardly. He glanced at Leon, who stood beside Ariel, and his expression changed as he remembered something. "Isn't this Mister Wolf from by the president's department?"
