Chapter 3055

Haha, your arrogance is ridiculous, who do you think you are? Even if I stand here and you hit me, you won't be able to hurt me."

Huo Sha yelled coldly, not seeming to care.

But he counterattacked, while retreating quietly, distanced himself from David.

David's state was very strange. He was clearly at the fifth rank of the Composite Body Realm, but the aura he exuded was as powerful as the ninth rank of the Composite Body Realm.

This sudden change made Huo Sha doubt David, so he became more cautious.

"You're not as arrogant as you appear to be, and you're considered calm, but it's useless no matter how far you run. You hurt Miss Gao, so you're dead."
David looked cold, and his eyes were full of killing intent

.

Huosha must die.

David put away the Dragon Slaying Sword and then raised his hands high, and the world instantly became dark!

"Ben Lei Palm..."

David shouted loudly, and a black cloud appeared in the sky instantly, and then turned into a huge palm!

In the palm of the hand, lightning flashed and thundered, making bursts of noise!

Huo Sha looked up at the palm prints in the sky, frowned suddenly, and ran away!

It's a pity that the Thunderbolt Palm crashed down and landed directly on Huo Sha's body!

Booming...

In an instant, a huge palm print appeared on the ground, and Huo Sha's body was deeply imprinted in it!

Bang, bang, bang...

The Thunderbolt Palm kept falling from the sky, and slapped Huo Sha fiercely!

In the end, Huo Sha's body was forced into the ground more than ten meters by the Thunderbolt Palm!

Huo Sha only felt that all the bones in his body were broken, and blood was gushing out of his mouth!

His eyes were full of panic, he never expected that David's Thunderbolt Palm would be so powerful!

After a lot of effort, Huo Sha slowly crawled out of the deep pit!

But as soon as he got back to the ground, he saw David looking at him with the dragon-slaying sword in his hand!

The dragon-slaying sword was raised suddenly.

Then, David closed his eyes.

A breath as vast as the sea erupted ferociously.

hum!

A huge amount of spiritual power poured out, pouring into the long sword along the arm, causing the dragon sword to tremble suddenly and violently.

“Nine Shadows Sword Art!”

David yelled loudly, recalling the shocking sword that the ancestor of the ancient body-refining clan used his own body to slash.

David also wanted to give it a try, to see how he would perform this trick.

Soon, phantoms suddenly appeared in the void, standing behind David.

They held long swords and their clothes fluttered, just like David.

The seven clones erupted with the same aura as David.

“Chop!”

David yelled angrily, and the dragon-slaying sword was pointed at Huo Sha in an instant, and the long swords in the hands of all clones were swiped, and they all pointed in the direction of Huo Sha.

Several breaths were aimed at one person, that kind of momentum was like a mountain pressing down on the top, and a tsunami was approaching, permeating Huo Sha in the blink of an eye.

“How is it possible, how is it possible?”

Huo Sha’s eyes were tearing apart, he only felt his scalp tingling and a strong sense of crisis emerged, and he didn’t even dare to think of resistance.

"Flee, I can't catch this sword. If I take it, I will definitely die."

Under everyone's shocked gaze, Huo Sha gave up his pride and self-esteem, turned around and ran back.

He knew that he couldn't take this sword no matter what, the ten palms just now almost killed him, how could he take this terrifying sword... But

when Huo Sha ran hundreds of meters away.

David suddenly opened his eyes, and there was a cold glow in them.

The Dragon Slaying Sword burst out with three sword glows.

bang.

The long swords in the hands of these avatars had already been ready to go, and at this moment they flew out suddenly, like a thunder coming out of the world, and went straight to the fire.

The scene was huge.

Ten sword beams streaked across the void like shooting stars, heading straight for Huo Sha.

Seeing that he couldn't escape, Huo Sha roared unwillingly, using flames to form a shield around his body.
