

A Man Like None Other Novel

Chapter 3092

“What is this?”

Ji Yun moved his head curiously, staring at the orb in David’s hand!

David shook his head. He didn’t know what the Holy Turtle brought, but it must be a treasure!

“Fixed Wind Orb? Is this the Fixed Wind Orb?”

At this moment, Moshan Guilao came up to him, staring at the orb in David’s hand with bare eyes!

Hearing the old man of the Devil Mountain speak of the Dingfeng Orb, David became even more puzzled. He didn’t know what the Dingfeng Orb was!

But when the other monks heard this, they became restless!

“What? This is the Wind-fixing Orb? Impossible?”

“It is rumored that the Wind-fixing Orb is the treasure of the ancient Fengpo. Could it be possible that there is a Wind-fixing Orb?” “

It is absolutely impossible. How could the Wind-fixing Orb be so small! “

Many monks squeezed over to watch, and they talked a lot!

Some people believe that this is Dingfengzhu, some people don't believe it!

However, when David saw this, he hurriedly put away the orb, no matter whether it was a fixed wind bead or not, as the so-called wealth is not revealed, looking at the eyes of these people in front of him, he probably wanted to get it!

Seeing that David put away the orb, everyone also dispersed, not many people believed that it was the Dingfeng Orb!

But the Devil Mountain Ghost Elder stepped forward and said to David, "Daoist friend, I don't know if you can sell me that orb. You can pay as much as you want, or I can exchange it with other items." "Sorry

, I won't sell it or exchange it..."

David shook his head, and then brought Ji Yun and Gao Qilan to jump onto the back of the holy turtle!

Seeing that David was about to leave, Moshan Guilao said, "Fellow Daoist, if you don't want to sell this orb, I advise you to stay on the spirit boat, because this is the safest place. After all, you can't use force on the spirit boat. Otherwise, you will become the enemy of everyone."

After David heard this, he turned his head to look at Moshan Guilao, and then smiled and said, "Thank you for reminding me, senior, but I feel that being on this spirit ship is the most dangerous." After David finished speaking, he jumped to his

feet On the back of the Holy Turtle!

But at this moment, suddenly a huge wave surged up in the ink sea, slapping on the spirit boat, and then a strong wind blew up!

The huge spirit ship is like a flat boat at this moment, shaking constantly on the ink sea, as if it will be dumped into the ink sea at any time!

At this moment, all the monks on the spirit ship panicked, and all of them turned pale with fright!

That Ye Fengqing shouted loudly, "Steady the spirit boat, hurry up and stabilize the spirit boat..."

More than a dozen staff members wearing gossip robes began to pinch the magic formula desperately, and the magic circle around the spirit boat kept shining !

But even so, the spirit boat was still swaying left and right in the hurricane.

There were constant monks being shaken and falling into the sea of ink, Gao Qilan was desperately grabbing the fence of the spirit ship, but the power of this hurricane exceeded everyone's imagination!

Fortunately, this spirit ship is the largest, and it can still hold on. If it was those small spirit ships, it would have been blown over or disintegrated by this time!

Seeing the spirit boat swaying more and more, and the surrounding hurricane whipping up huge waves tens of meters high, everyone fell into despair!

They didn't understand why such a huge hurricane suddenly appeared!

"Fixing Wind Orb, Fellow Daoist, quickly take out the Fixed Wind Orb..."

At this moment, the Demon Mountain Ghost looked at David and said loudly!

David was holding Gao Qilan tightly with one hand, resisting the hurricane. Hearing the words of the Devil Mountain Ghost, David hesitated for a moment, but still took out the orb!

When David just took out the orb, the scene of howling wind suddenly became quiet!

I saw that the hurricane started to turn when it was more than ten meters away from the spirit ship, and it seemed that something frightening the hurricane appeared!

The spirit boat quieted down, and everyone recovered from the panic!

Chapter 3093

I saw the orb in David's hand emitting a dazzling light, and around the spirit boat, the hurricane began to revolve around the spirit boat, and finally formed a tornado!

However, at the center of the tornado, there was no wind blowing, and the spirit boat stayed quietly in the center of the tornado, not even a single wave in the sea of ink!

Everyone was stunned by the scene in front of them. They finally believed at this moment that the orb in David's hand was indeed the Wind Orb!

David was also a little surprised at the moment, he didn't expect this seemingly inconspicuous bead to have such ability!

It seems that the dragon absorbing water just now was caused by the fixed wind bead!

No one knew, only the holy tortoise knew, so he swam into the tornado and brought the Dingfeng Orb to David!

Just when David was looking at the Dingfeng Orb in his hand, he found that the light of the Dingfeng Orb began to flicker slowly, and the hurricane around him began to turn into small streams of wind, which were continuously absorbed by the Dingfeng Orb!

About ten minutes later, the sea that was still raging by the wind just now regained its calm, and the raging hurricane was actually sucked into it by this small wind bead!

David looked at the Dingfeng Pearl, and the sound of the wind in the Dingfeng Pearl became more obvious!

At this time, David became excited, because he could feel the breath of wind from the fixed wind bead. If he could use this fixed wind bead to feel the origin of wind, it would be great!

However, David didn't show it, because the more excited he was, the more envious the people around him would be. At that time, envy would turn into hatred, and he might become the target of public criticism!

"It's really a fixed wind bead, this is really a fixed wind bead..." "

There must be a lot of wind breath in the fixed wind bead, if you happen to be practicing wind skills, get this fixed wind bead, It will double your strength."

"Envy, I'm really envious..."

The eyes of many monks are full of envy, and some of them are about to drool!

After all, this Dingfeng Orb is an ancient artifact, and its value is immeasurable!

And the breath of wind contained in it is the rarest kind of invisible breath.

Looking at the greedy and envious eyes of many monks, Gao Qilan was a little scared, so she pulled David and said, "David, let's go..."

Gao Qilan was afraid that if they stayed any longer, these people might go crazy, and then they would not hesitate The price is to snatch this fixed wind bead!

“My fellow Taoist, can you give me the Wind-fixing Orb? I don’t think you’re practicing wind-type skills. The Wind-fixing Orb won’t be of much use in your hands.” “And what I practice is

precisely Wind element technique, if you give me the fixed wind bead, just ask what you want, and I, Fengmomeng, will always owe you a favor.” Just as David was about to leave, Ye Fengqing slowly

blocked In front of David!

Behind Ye Fengqing, there are more than a dozen staff members wearing gossip robes!

Seeing that Ye Fengqing was going to fix the wind bead, the others retreated one after another, and the atmosphere on the scene began to be a little different!

After all, Ye Fengqing is the sub-master of the Fengmomeng, if he wants to fix the wind beads, then others will definitely not have a chance!

However, Ye Fengqing’s words also made many monks look enviously at David!

Other things are easy to talk about, but a favor from the Demon League is really priceless!

Everyone knows the strength of the Fengmomeng in the entire celestial world!

Even some sect nobles can’t compete with Fengmomeng!

Ye Fengqing, as the sub-head of the Sealed Demon League, must have a lot of weight in the Sealed Demon League, so his promise is very valuable!

Although the fixed wind bead is a priceless treasure, if it is not a wind-type skill, it will not bring much benefit!

Chapter 3094

But Ye Fengqing's promise is different. If he can curry favor with the Fengmomeng, it may be changed for the rest of his life!

Many people felt that David would definitely agree!

If it were their own, they would agree without hesitation.

After all, with the strength of the Sealed Demon League, no one dares to refuse, and there is no way to refuse!

"I don't need the favor of the Sealing Demon League, what I need is this Dingfeng Orb..."

David refused without hesitation, and he refused very simply!

David knew what the Fengmomeng was like, and he had a feud with the Fengmomeng, so how could he give this fixed wind bead to the people of the Fengmomeng!

Everyone was taken aback when they heard David's refusal, even Ye Fengqing didn't expect that David refused without hesitation!

The atmosphere suddenly became weird, and Ye Fengqing's face became gloomy!

"Is the favor of the Demon League not worth this Fengzhu?" Ye Fengqing said with his eyes narrowed!

"In my eyes, the favor of the Sealed Demon League is worthless..."

David said calmly!

Wow...

David's words immediately caused an uproar among the monks present!

None of them expected that David would say that, even if he didn't want to sell Fengzhu, he could put it another way and discuss it with Ye Fengqing!

But what David said was obviously looking down on the Fengmomeng. Isn't this playing a big knife on the head of Lord Yan, looking for death?

"Worthless?"

Ye Fengqing's face was gloomy and terrifying, and the aura on his body burst out in an instant, "No one has ever said that, you are the first." "But let me tell you, what

I want from the Demon League There is nothing you can't get, do you understand?"

Obviously, Ye Fengqing was threatening David. If David dared to say no, he would do it immediately!

"Really? No one can take away from me what I don't want to sell..."

David's expression also turned cold!

Seeing David being so stubborn, Ye Fengqing was very angry!

But everyone else thought that David was crazy! "This guy is

a fifth-grade cultivator of the Composite Body Realm, and he challenged the Tribulation Transcendence Realm. Is he stupid? "Awesome, it's the first time I've seen the Composite Realm clamoring after the Crossing Tribulation Realm." Many monks never thought that David, a small fifth-grade monk in the Composite Realm, was stronger than David on the spirit ship There are many, even these people dare not speak big words like Ye Fengqing! But David, a little monk, actually challenged Ye Fengqing, which is obviously courting death! "Boy, you are the first to talk to me like this..." After Ye

Fengqing finished speaking, he grabbed David with his palm! Seeing this, David's aura exploded instantly, ready to strike at any time! "Master Ye Rudder, as the actual controller of the spirit ship, you are also an expert in crossing the tribulation realm, don't you know that if you do something on this spirit ship, we will all suffer?" the old devil mountain ghost said ! Ye Fengqing frowned, "Old Demon Mountain Ghost, do you want to help him?" " I'm not helping him, I'm helping myself. If you fight, this spirit ship is bound to suffer. Wouldn't we all be buried with him?" What?" "I have to be responsible for myself, whoever puts me in danger, I will let him have a hard time!" Said Moshan Guilao!

The words of Moshan Guilao also resonated with many monks. They are all in the same boat. Although David's life and death follow them, it doesn't matter, but once a fight starts, the spirit boat is destroyed. In this vast sea of ink, they have only one way to die. up.

"You can't do anything on the spirit ship, or we're all finished." "

No, you can't do anything on the spirit ship. Isn't this a rule? How can you violate it?"

"We all have to be united, who is on the spirit ship Do it, whoever is the enemy of all of us."

For their own safety, many monks also shouted!

Chapter 3095

Ye Fengqing's expression became very ugly when he saw that everyone and the Demon Mountain Ghost Elder were standing on David's side, preventing him from doing anything!

"Just this guy, I just need to slap him to death. Where did the fight come from?" "If

I kill him, it's like crushing an ant. It won't affect the spirit boat at all."

Ye Fengqing said loudly !

If two people were equal in strength, the spirit boat would not be able to withstand the landslides and landslides in a fight, but there was a huge gap in strength between him and David, there was no such thing as a fight at all!

He felt like he had slapped David, a little fifth-grade monk in the Composite Realm, to death with one slap!

When everyone heard it, they felt that what Ye Fengqing said was reasonable, so they shut their mouths!

"Master Ye is right. This guy is only at the fifth rank of the Body Fit Realm. Not to mention Master Ye, even if I make a move, I can slap him to death.

" The boat was damaged."

Zhou Tai stood up and helped Ye Fengqing speak! He

was already dissatisfied with David and others, and he was blocked in the Lingchuan, so now he happened to use Ye Fengqing's hand to kill David, so that he could breathe a bad breath !

This time, no one was blocking Ye Fengqing, so Ye Fengqing looked at Moshan Guilaodao, "Moshan Guilao, no one speaks now, are you still going to stop me?" "As I said, I won't be threatened by others.

" No matter if you kill him, the spirit ship will be damaged or not, even if there is a ten thousandth possibility, I will not agree."

Moshan Guilao said with a serious face!

Ye Fengqing saw that the Demon Mountain Ghost didn't give him any face, so he said angrily, "Hmph, I'll give you face, that's why I asked, and now I'm going to kill him, let's see who dares to stop him." "If you dare to do it, then the

spirit The ship must be wrecked and sunk, and then we will all die..."

After finishing speaking, Ye Fengqing didn't care about the Demon Mountain Ghost Elder, and slapped David with one palm!

With this palm, Ye Fengqing didn't dare to use all his strength, after all, he didn't need to use all his strength to kill David, a fifth-grade monk of the Composite Body Realm!

What's more, as a person in the Tribulation Transcending Realm, if David dies with all his strength, then the spirit ship will definitely be damaged!

"David..."

"Mr. Chen..."

Seeing this, Gao Qilan and Ji Yun wanted to rush over to help!

Although the two of them were just a drop in the bucket in the past, and their strength was not enough to face the Tribulation Realm, but they couldn't just watch David get killed!

"You don't want to come here, you just cross the Tribulation Realm, you can't kill me..."

David looked confident at this moment!

Because as soon as Ye Fengqing made a move, he found that Ye Fengqing did not transition to the second rank of Tribulation Realm. Although David's current strength could not beat Ye Fengqing, it would not be so easy for Ye Fengqing to kill himself!

What's more, Ye Fengqing underestimated David and didn't use his full strength, so this palm wanted to kill David, it was a fantasy!

Everyone heard that David, a mere fifth-grade monk at the Body Fit Realm, even looked down on him at the Tribulation Transcendence Realm, and all cast contemptuous glances!

"Huh, death is imminent, and you are still bragging!"

"He just crosses the tribulation realm, he doesn't know, can crossing the tribulation realm make him die without a place to bury him?" "The young people

of today, the strength is not high, but the arrogance is not small!"

Everyone dismissed David's words, thinking that David was just bragging!

After all, the fifth-grade monks in the fit state look down on the monks in the cross-tribulation state, this is nonsense!

Ye Fengqing was also amused by David's words, and the corner of his mouth raised, "I've never seen a little monk in the Composite Realm look down on someone in the Tribulation Transcendence Realm, but today I'll let you experience it, between you and me gap between."

"I won't slap you to death with one slap, I will let you die in despair and pain..."

Ye Fengqing said, and actually weakened the power of this slap again. He was really afraid that David would be slapped if he exerted a little force. died!
