Chapter 3116

Jump in

David watched the guy struggling desperately without any expression change on his face!

In the end, the servants of the Zhou family were burned to ashes by the flames, and even their souls disappeared in smoke!

At this moment, for David, killing people has no burden on his heart!

In the world of heaven and man, there is almost no right or wrong, no good and evil!

Some just stand in my way and die...

David glanced at the crowd who were still trembling with many evil spirits, and then slowly walked towards the dark bottomless pit!

David stood at the entrance of the cave and looked, and found that the black mist was billowing inside, and a group of strong Yin evil air was circulating, forming a series of whirlwinds that continuously spewed out!

Moreover, the surrounding air is extremely cold, and the inside of this cave is like an ice cave!

The evil spirits are still pouring out, and the whirlwind they generate makes the surrounding space turbulent!

David took a deep breath, he didn't know what he would encounter after jumping off.

But he knows that often opportunities are always accompanied by dangers!

If he didn't jump down, he might be safe, but he had no way of knowing what was really sealed!

There is no way to meet a more powerful evil spirit so that Zhongli can recover!

After hesitating for a moment, David gritted his teeth and jumped into the bottomless pit!

Surrounded by aura, David fell down quickly!

However, a large number of evil spirits poured out continuously, and the evil spirits collided with David, causing chaos in the cave!

These evil spirits didn't expect that someone would jump in directly. Isn't this courting death?

But David was protected by spiritual energy all over his body, and he also activated the indestructible golden body, these evil spirits couldn't do him any harm at all!

Weird noises started to come out of the cave, and the evil spirits outside heard the noise, stopped fighting one by one, and went back into the cave in an instant!

The sudden disappearance of this evil spirit made everyone look at each other in blank dismay, not knowing what happened!

No one saw David jumping into the hole!

Ji Lianzhan led the people to continue to pick out valuable weapons and various items, which can be exchanged for money!

"Mr. Chen, Mr. Chen....."

Ji Yun shouted loudly, he didn't pay attention just now, but now David is gone!

At that time, Zhou Tai was also looking for David, and just now he sent someone to take advantage of the chaos to kill David!

But now, his people are gone, and so is David!

"Master, could it be that the two of you died together?"

said a servant of the Zhou family!

"It's possible, that kid might jump over the wall in a hurry and blew himself up."

Zhou Tai nodded!

After all, there is no trace of David now, and there is no news of his own people, so there is a great possibility that they will die together!

And at this moment, another group of people rushed over, it was Ye Fengqing and others, among them was the Demon Mountain Ghost Elder! Seeing the worn-out weapons scattered all over the ground, Ye Fengqing

frowned and said, "Did a fight happen here just now? What happened?"

The natal weapon to eliminate evil spirits!"

Zhou Tai hurried over and said flatteringly!

Although the Zhou family has strength, but compared with the Seal of Demons, it is far behind!

"Evil spirits?" Ye Fengqing was taken aback: "Could it be that you have wiped out all the evil spirits?"

"That's right, they all ran into the hole!" Zhou Tai pointed to the bottomless pit, and then told the story of what happened just now!

"Things that can be sealed here must be good things, but I don't know what is sealed inside."

Ye Fengqing looked at the bottomless pit with his head, feeling the gloomy atmosphere coming out of it, Ye Fengqing was very curious, but Don't dare to go in rashly!

"Where's Mr. Chen?" Ji Yun asked in front of the old Devil Mountain Ghost!

"It was still there just now, but when we followed the evil spirit, it disappeared."

Ji Yun said!

"Disappeared?" The old Moshan ghost frowned, and then a very special breath emanated from his body!

With the spread of breath, Moshan Guilao's eyes looked at the bottomless pit!

Chapter 3117

“Old Ghost, did Mr. Chen fall into that hole?”

Ji Yun asked nervously!

“It probably didn’t fall in, but he jumped in by himself. He must have felt it. There must be something good in this cave.” After the old devil mountain ghost finished speaking, he

jumped and jumped down!

No matter whether David is Feng Mo’s disciple or not, it’s impossible for Moshan Guilao to watch David take risks alone!

Seeing the Devil Mountain ghost jumping down, Ji Yun also started to worry about David, so he jumped and jumped down too!

“Son.....”

Seeing this, Ji Lianzhan chased after him without caring about picking up those broken weapons!

Zhou Tai, Ye Fengqing and others looked at the Devil Mountain ghost, Ji Yun and the others jumped into it one after another, and they were all stunned at first!

“Master Ye Tuo, are these guys dying?”

Zhou Tai asked in bewilderment!

No one knows what is inside this bottomless pit. Anyway, those evil spirits came out of it, and they all went back. If you jump in, you will definitely be attacked by those evil spirits!

“It’s not that they don’t want their lives, but there must be treasures in this cave that are worth taking risks for them!”

After Ye Fengqing finished speaking, he also jumped down!

Seeing this, the eyes of many monks around were full of greed, and finally jumped down one by one!

They came to Mohai to hunt for treasures, hoping to meet opportunities.

Now that the opportunity has come, how can we give up for the sake of danger!

As many monks continued to jump down, Zhou Tai couldn't help it anymore, and then jumped down too!

There are very few monks left on the ground. These people have not been able to overcome their fear and jump into this bottomless pit!

But at this time, David, who jumped into the cave, could only feel the whistling wind in his ears, and evil spirits kept attacking him, but they couldn't hurt David at all!

David himself didn't know how long he had been falling down. Anyway, there was always darkness in front of him. He couldn't see anything except the evil spirits passing by, and he didn't know how big the hole was!

David breathed out suddenly, wanting to suspend in mid-air, check the situation, and then fall down. If this continues, I don't know what danger will happen!

But when David wanted to stop, he realized that he couldn't control the space around him, his body didn't obey his commands at all, and he fell down involuntarily!

David was startled, and hurriedly mobilized his spiritual power to concentrate on his feet, trying to levitate, but it was useless!

"Forbidden field?"

Cold sweat broke out on David's forehead!

He knew that it was impossible to fly above the sea of ink, and there was an inexplicable force that bound him, but that small island was not bound by this force!

But I didn't expect that after jumping into this hole, I couldn't fly again!

There is also that inexplicable force in the cave, which restricts David and prevents him from flying!

David stared at the bottom tightly, his body fell rapidly, and he panicked!

If he knew that there was a restriction, David would never jump in so recklessly.

David desperately exuded his consciousness, trying to check the surrounding situation, but found that even his consciousness was imprisoned.

The current David is like a bird without wings, allowing his body to fall freely!

What David can do at this time is to desperately improve the shields around his body, and the indestructible golden body has been brought to the extreme!

If you don't fall down and get killed, it would be a shame!

In this way, David fell for another stick of incense, but it still didn't end. This made David's face full of astonishment. He didn't understand how deep the hole was!

Plop.....

Suddenly, David's feet softened, and then he fell into the water, and huge waves were aroused! ! !

Chapter 3118

David emerged from the water, and then looked up, and found that the top of the head was dark, there was no light at all, and even the entrance of the cave could not be seen!

However, there was a faint light on the surface of the water. With the help of the light, David found that the water he was in was not black, but a kind of light red, and the water surface was still shining!

"Isn't this in the sea of ink?"

David was a little puzzled. After all, the small island was above the sea of ink. If he fell from the hole, he might pass through the island and fall directly into the sea of ink!

But looking at who's color now, it doesn't look like being in the ink sea. After all, the color of the ink sea water is black, and there is an unpleasant smell!

But the water is light red and looks very clear, and David's body is soaked in this water, and the pores on his body are naturally opened, absorbing the spiritual energy to his heart's content, and his whole body is warm!

The water here seems to have a power to cleanse the soul, which shocks people's spirits!

"It's really strange that this water contains such a strong spiritual energy. Where is this place?"

David's eyes were full of surprise. It's not water at all, it's simply spiritual liquid!

However, even if it was comfortable to soak here, David still swam towards the shore. After landing, David saw that the ground was full of fist-sized pebbles!

It looked like a shoal, but he obviously jumped into the hole from an island, how could he land on the shoal?

Could it be that this is the inside of the island, and the entire island is hollow?

David looked around, and there was no sign of the evil spirits. Those evil spirits seemed to never appear after David fell to a certain height, and attacked David again!

At that time, David was only thinking about not falling to his death, and he didn't care!

David tried to spread his spiritual consciousness, but he still couldn't detect it. It was as if a taboo had been set up here!

David could only walk forward step by step on the cobblestones, hoping to find something!

But as he walked, David always felt that something was wrong under his feet, so he bent down and picked up a stone to take a look.

After seeing this, he was stunned.

What kind of stone is this? It is clearly a skeleton, because it has turned into a stone after a long time!

Looking at the skeletons that had turned into stones all over the floor, David couldn't help but feel his scalp go numb!

With so many skeletons, how many people died?

Thinking that this place used to be an ancient battlefield, it seems that none of these dead people were ordinary people!

As David continued to move forward, the shapes of many skeletons could be distinguished, which proved that no one has disturbed this place for so many years!

Skeletons criss-crossed, no matter whether they were immortals or demon cultivators, they all turned into dead bones at this moment!

There are quite a few beast skeletons among them. These beast skeletons should be mounts. Whether it is a fairy or a demon cultivator, they all had their own mounts at that time!

David couldn't help sighing, he didn't understand how the war between gods and demons was caused, and it caused such a catastrophe!

The demons have almost disappeared, and other groups have also suffered heavy losses!

Why is this necessary?

Just when David was thinking wildly, he suddenly felt his body tense up, as if a kind of breath was calling him strongly!

This feeling made David's heart pound, just like meeting a girl he likes!

David frowned slightly, and began to move forward bit by bit towards his own feeling!

David didn't know how big this place was, and his spiritual sense couldn't spread out, and he couldn't detect it, and the surrounding light was also very dark, so it was difficult for David to see far away!

But just as David continued to walk for a certain distance, he was instantly stunned by the sight in front of him.

Chapter 3119

David saw that there were countless giant dragon corpses on the ground in front of him, surrounded by endless dragon aura, which only David could feel!

It was precisely because of this breath that David was summoned!

The dragon aura surrounds this area, and it doesn't appear to spread out to the surroundings. In the depths of David's soul, he seems to hear the roar of a giant dragon in the dragon aura in front of him. The sound seems to come from General from ancient times!

It seems that David is going to take David to that ancient battle, let David personally visit the battlefield at that time!

David took a deep breath, suppressing the shock in his heart, step by step into the cloud of dragon energy, standing in front of many dragon corpses, David's heart was extremely shocked!

He didn't understand what was going on in the battle between gods and demons back then, and he didn't even understand what happened to the dragon clan, so that so many dragons fell in this ancient battlefield!

When David stood in the ball of dragon energy, his body began to absorb the dragon energy unconsciously, and the dragon crystal in David's body was also flickering frantically!

And when David was immersed in it, suddenly a faint white light flashed from the dragon's air, and then this white light turned into the shape of a person!

The figure became more and more clear, and finally David could see that the figure in front of him was a middle-aged man in his fifties, wearing a white robe, but the white robe was stained with a lot of blood!

What impressed David very much was that the middle-aged man had two dragon horns on his head!

“You... who are you?”

David was very surprised when he saw the person in front of him!

“Who am I? Do you still need to ask? Could it be that you can't tell or feel my breath?”

The middle-aged man smiled slightly!

David was silent, and then said: “Are you from the Dragon Clan?”

“Hahaha, it's nonsense. If you are not a dragon, how can you enter here? How could you find this place.”

The middle-aged man laughed loudly!

“Senior, since you belong to the Dragon Clan, do you know my identity? I also have the blood of the Dragon Clan.” “Do you know

who my father is?”

David excitedly asked the middle-aged man in front of him!

The middle-aged man looked at David, then shook his head and said, “I don't know who your father is, but I know that you have the purest and noblest golden dragon blood.” “Maybe it's God's will that you can come here.

””

“Pure? Noble?” David was a little confused: “Senior, don't the dragons have the same blood?

” Even after hundreds of thousands of years of development, the entire dragon clan has thousands of clans, and there are tens of thousands of branch clans below, how could it be a bloodline.” “

Our dragon clan values bloodlines the most, and only the purest and noble bloodlines are They will be respected.”

“And some branches of the dragon clan, in order to strengthen their own bloodlines, do not hesitate to marry with other clans, making the bloodlines of many dragon clans more and more complicated.” “

Our truly powerful dragon clan bloodlines do not need to marry with any clans Yes, and there is no need for the protection of the subsequent ethnic group.” “

And those branches of the dragon clan who are not strong enough know that their blood is not pure and their practice is restricted, so they will marry with other ethnic groups to seek a breakthrough in blood.” “In

our Among the bloodlines of the dragons, the bloodlines of the Golden Dragons are the purest. Even if they already have the bloodlines of the Dragons, the Golden Dragons have all transformed from snakes into pythons, from pythons into jiao, and from jiao into dragons. The step-by-step transformation does not rely on one’s own dragon blood and sit back and enjoy the success!”

Chapter 3120

“It is precisely because of the requirements of the Golden Dragon Clan that the blood of the Golden Dragon Clan has been kept the purest, and the Golden Dragon Clan is also known as the Emperor of Ten Thousand Dragons.

” The bloodline is the most noble and sacred, so they will not marry with other ethnic groups, even if they are also other branches of the dragon clan, the golden dragon lineage will not look down on them at all, let alone pollute their own bloodline!” The middle-aged man told David

carefully Tells about the past of the Dragon Clan!

But what David heard was a little confused. If his father is from the golden dragon clan, but his mother is a human being?

If it is not the blood of the Jinlong clan, can it not be married to other ethnic groups?

My mother is a human being, so it is impossible for my dragon blood to be pure!

Thinking of this, David asked suspiciously: “Senior, you said that I have the blood of the golden dragon, the purest blood, but my mother is a human being, not a golden dragon?” “What? This is impossible...

“

The middle-aged man was full of disbelief, and then waved his hand, a soft light shrouded David's whole body!

The middle-aged man was examining David's body.

But with the deepening of the middle-aged man's investigation, his expression also began to change!

From doubt at the beginning, to surprise, to panic, and finally to excitement!

“Hahaha...hahaha...I got it, I got it...”

“God's will, this is God's will, God will not kill my Dragon Clan, The sky will never die, my dragon family.....”

The middle-aged man suddenly became crazy, and then fell to his knees in front of David!

This time, David was quite frightened, he thought this middle-aged man was crazy!

“Senior, what are you doing? You and I are of the same clan, and you are older than me, so I should kneel down and worship you.” Chen

Ping stepped forward and hurriedly helped the middle-aged man up!

“You can't bow down to me, I can't bear it, I know who your father is now.”

The middle-aged man said excitedly!

“Who is my father?” David looked expectant!

“I can't tell you, because you need to work hard to find out by yourself. Didn't I say that the golden dragon lineage needs to grow in constant bloody battles and tempering, and you, as the golden dragon lineage, are no exception. “

The middle-aged man shook his head and said!

Seeing that the middle-aged man didn't tell him, David seemed a little disappointed, but he was also prepared, after all, many people knew who their father was, but they just didn't tell him!

“Senior, can you tell me what’s going on in this war of gods and demons? So many people have died, and so many dragons of our dragon clan have fallen, who killed them?” “When I am strong

enough , I will definitely take revenge...”

David asked the middle-aged man!

When the middle-aged man heard this, he couldn’t help but wryly smiled: “How could I possibly know the truth about the war between gods and demons? In the great war, countless ethnic groups participated, so what am I, and how could I know about it.” “

However, in this battlefield, the fall of us dragons has nothing to do with anyone, but is caused by killing each other... ..”

“Cannibalism?” David was stunned for a moment, “How can we kill each other, how could this happen?”

He thought about countless possibilities, maybe these giant dragons were all killed by the demons, but I never thought it was caused by cannibalism!

“Didn’t I tell you that the dragon clan has thousands of big clans and tens of thousands of branches, and I don’t know how many big clans want to replace the golden dragon clan.” “Disputes are definitely inevitable, and there are good and bad

dragon clans. You don’t know it now, but when you really grow up, you will know.
