### Chapter 3132

The whole island is covered with dark clouds, and the bottom is dark!

Those who stayed on the small island, and the people on the spirit boat, looked at the thunder cloud that suddenly appeared in the sky, all of them were frightened!

They don't understand who breaks through and triggers such a terrifying thunder cloud!

The water in Mohai was also affected at this time, violently tumbling, as if the doomsday had come!

Booming...

One after another thick lightning bolts shuttled through the clouds of thunder and calamity, and the terrifying aura kept rising, and they might strike down at any time!

Lei Jieyun continued to condense thunder and lightning, planning to blast out the most powerful blow!

David's body is still like a shooting star, rushing upwards quickly!

The silver-feathered eagle desperately chased after him, looking like he would never stop dying!

And those evil spirits also attacked David. Countless evil spirits surrounded David, but they couldn't cause substantial harm to David at all!

The power of the indestructible golden body kept these evil spirits out, not to mention that David's body was now stronger. Even without the indestructible golden body, these evil spirits wanted to hurt David. That is also impossible!

As David got closer and closer to the entrance of the cave, the thunder clouds in the sky seemed to be boiling!

Rumbling...

Finally, after a long time of preparation, a thick thunderstorm crashed down, heading straight for David!

With a dazzling brilliance, Lei Jie cut through the sky in an instant, illuminating everyone's shocked expressions!

Seeing this, David couldn't help frowning!

He was still in the cave at this time, unexpectedly, Lei Jie couldn't help bombarding it down. In this way, he blocked in front, and couldn't cause much damage to the silver-feathered eagle at all!

After all, the entrance of the cave was not very big, and the damage was blocked by himself when the Thunder Tribulation struck down.

But since this is the case, David can only resist this thunder disaster head-on, thinking that when he breaks through, there will be more than one thunder disaster.

David let out a low shout, and the original stars of thunder and lightning in the original space flickered!

At the time of the breakthrough, David actually wanted to rely on the power of this thunder calamity to gain more insight into the origin of thunder and lightning!

The Thunder Tribulation suddenly bombarded David's body, causing David's body to burst out with terrifying thunder and lightning power!

This lightning calamity caused David's body to sink suddenly, and several pieces of scales were knocked off the not bad golden body!

The evil spirits that were surrounding David and constantly attacking David were killed by the thunderbolt in an instant!

Countless incomplete weapons or magic weapons fell down one after another!

Ji Yun and the others below began to dodge one after another to avoid being injured, while Ji Lianzhan's eyes lit up, and he hurriedly searched for valuable items among the incomplete weapons and magic weapons!

Seeing this, the Silver Feather Eagle who had been chasing David stopped instantly!

He didn't expect that under such circumstances, David would choose to break through and suffer such a terrifying thunder calamity!

Seeing that David was directly bombarded by the thick thunder and fell down for a certain distance, the Silver Feather Eagle watched from the side!

Even if he doesn't do anything now, it is estimated that David will not be able to withstand the bombardment of the thunder disaster, and will be wiped out in ashes!

But in this way, it's a pity that David's energy that has just been fused!

After the thunder disaster, David was not harmed!

Taking advantage of the fact that the second lightning tribulation was still gathering, David's body rushed up again, passed through the hole in an instant, and was still improving!

Seeing David flying towards Lei Jieyun, Silver Feather Eagle couldn't help being surprised!

"This guy, are you looking for death by yourself?"

Silver Feather Eagle was very puzzled, he didn't understand why David tried his best to get close to that Lei Jieyun!

You must know that the closer you are to the Thunder Calamity Cloud, the more terrifying it will be to be bombarded by the Thunder Calamity!

Silver Feather Eagle also followed, he wanted to see what David wanted to do!
