Novel

Chapter 3226

Ji Cheng glanced at David, and David took out a pharmacist's token from the storage ring with his backhand!

This pharmacist's token was issued when I was in Jialing County!

Seeing David's pharmacist's token, the female pharmacist nodded and started to take the medicine according to the prescription!

Soon, the female pharmacist grabbed all kinds of medicinal herbs, and then said: "Mr. Ji, most of the jelly herbs needed for the prescription are here, except for the songweed. We don't have this kind of jelly grass here." It is relatively rare and very precious. You need to go to Yaozun."

"You still want to go to Yaozun?"

When Ji Cheng heard this, his expression became a little unnatural!

"What? Doesn't that Yaozun sell fairy grass?"

Looking at Ji Cheng's expression, David asked in confusion!

"Mr. Chen doesn't know. Although the medicine master also sells various kinds of fairy herbs, not everyone can buy them." "

Even if you are a pharmacist, you need to pass his assessment. Only he can pass the assessment." , you can buy the fairy grass in his hand."

"I heard that the evaluation of this medicine master is particularly abnormal, I'm afraid..."

Ji Cheng did not continue, but he was afraid that David would not The method passed the assessment of the Yaozun!

"Take me to see if you can pass the test. Let's try again..."

David was not confident that he would be able to pass the test of the Medicine Master. After all, he can be called a Medicine Master and he is definitely good at refining medicine. What a great accomplishment!

"Okay!" Ji Cheng nodded!

After packing all kinds of fairy herbs, Ji Cheng took David and left the Pharmacist Association, and then walked towards a magnificent mansion behind the Pharmacist Association!

As soon as I walked to the door, I saw a lot of people already there, all wearing pharmacist's clothes!

"Mr. Chen, this is where the Yaozun lives. If you want to meet the Yaozun and buy fairy grass from him, you must pass many tests." "These

people are here for the test. If you can meet the Yaozun, Being a Medicine Master is enough to be praised in the world of medicine masters."

Ji Cheng introduced!

David saw that the people who came here for the assessment were all old pharmacists. After all, they didn't have any rich experience as pharmacists and they didn't dare to come here for the assessment!

"Then let's go in and take a look..."

David said, walking towards Yaozun's mansion!

"Hey, what do you do? Didn't you see so many people? Stop crowding." "

You're a young boy, what are you doing here? Do you want to take the test?" "

This is the test of the Medicine Master, it's not a joke. Yes, you'd better leave quickly."

Many pharmacists taunted David one after another!

After all, David is too young. Even if he has some alchemy or medical skills, he won't be very advanced!

"This is the pharmacist invited by our Ji family. Who said that young people can't take the assessment of the Medicine Master?"

Ji Cheng stepped forward and said!

After all the pharmacists saw that it was Ji Cheng, they all stopped talking!

The Ji family's face still needs to be given!

David saw that no one was talking, so he walked into Yaozun's mansion!

As soon as he walked into Yaozun's mansion, David felt a wave of phantom formation space!

At this time, several dejected pharmacists slowly revealed themselves!

"Hey, this first level is so difficult. Who can pass it..."

"No, this Medicine Master himself may not be able to pass it."

“In this illusion, it is too difficult to identify various kinds of fairy herbs by their shape, color and smell.”

Several pharmacists complained!

After listening, David finally understood. There was a phantom array in front of him. After entering, there would be various kinds of jelly grass, and the pharmacist needed to use the shape, color and smell of the jelly grass to distinguish them.

But this is not difficult for David. You must know that David’s sea of consciousness contains the Supreme Alchemy Record, and there is also the Daluo Golden Code turned into a wordless heavenly book!

Chapter 3227

Just when David was about to walk into the illusory formation, a sudden noise from behind interrupted him!

“Get out of the way, get out of the way, all of them are incompetent and like to join in the fun.”

Following the shouts, a dozen pharmacists wearing white pharmacist uniforms rushed up and held hands to separate a road. !

Then I saw a white-haired old man, with a rather immortal appearance, wearing a gray cloth robe, slowly walking into Yaozun’s mansion!

When they saw this old man, many pharmacists became crazy!

“Yao Zun, Yao Zun...”

“Yao Zun, I love you, I love you...”

“Yao Zun, please accept me as your disciple.”

“Yaozun, can I be your adopted son?”

Many pharmacists roared, and many female pharmacists' eyes shone, wanting to be this old man's wife!

Even when Na Ji Cheng saw Yao Zun, his breathing became a little rapid, and he said with excitement: “I didn't expect to see Yao Zun, it's really great...”

The Yao Zun looked arrogant and looked at There was no change in his expression at all, and it was as if he didn't hear the shouts of the pharmacists around him!

But when he passed by the beautiful female pharmacist, the Medicine Master would smile slightly, and then reach out and touch the female pharmacist's face!

The female pharmacist who was touched trembled with excitement, and some even fainted on the spot!

David looked at this scene and felt a sense of déjà vu.

Isn't this the secular world, when big stars appear, that's what it's like!

Many fans shouted crazily, and female fans even showed their love crazily...

It's just that this medicine master is a bit too old. David doesn't understand why these beautiful female medicine masters love this old guy!

“What are you doing? Why don't you get out of the way quickly...”

Seeing David still in Yaozun's residence, a pharmacist immediately scolded him!

David didn't make a sound and wanted to step aside, but the Medicine Master noticed David, so he frowned and said: “You are here to take the test at such a

young age. No wonder it is so noisy in front of my mansion. It will be too much in the future." Young pharmacists cannot take exams."

"Treat my place as a vegetable market. Anyone can come in and take exams..."

After saying that, the Medicine Master winked at the white-clothed pharmacist next to him. The white-clothed pharmacist immediately understood and shouted to David: "Leave immediately, you are not qualified to take the test now!" "

What are you fighting for? Why can't you take the test if you are young?" David frowned!

"There is no reason. Even if you say you can't do it, you still dare to contradict me?"

The pharmacist in white suddenly said angrily!

"Yao Zun, this is the pharmacist invited by our Ji family. I want to buy some fairy grass from Yao Zun, so I have to come for the assessment."

Ji Cheng saw this and hurriedly stepped forward to explain!

The Medicine Master glanced at Ji Cheng coldly, and then waved his hand to make the white-clothed pharmacist retreat!

"For the sake of the Ji family, let him take the test once, but it will be in vain, he can't pass." After

Yaozun finished speaking, he stepped forward and continued walking!

Behind him, the white-clothed pharmacists and the female pharmacist who had just been touched by the Medicine Master followed!

Those female pharmacists were all extremely excited, they knew they were chosen!

Maybe you can achieve success!

Looking at the excited female pharmacists, David felt a little sad in his heart. These female pharmacists were just playthings, and they would be thrown away after they had enough fun!

It's ridiculous to really think that you can change your destiny and rise to success!

At this moment, David was extremely contemptuous of this medicine master. However, he needed the fairy grass in his hands, so he could only leave it for assessment!

"With this kind of virtue, he is worthy of becoming a Medicine Master. It's really a great experience."

David muttered in a low voice!

But just this whispered word made the Yaozun who was leaving suddenly stop!

Chapter 3228

Yaozun slowly turned around and looked at David, and then asked: "What did you just say?"

"I said your virtue is not worthy..."

David didn't tolerate this old guy at all, so he retorted directly!

David's words instantly frightened Na Jicheng!

The pharmacists around him were also stunned and looked at David in disbelief!

"Where did this guy come from? How brave is he to talk to Yaozun like this?"
"It's true that

newborn calves are not afraid of tigers. I dare to say that Yaozunde is not worthy of his position." "

It's over. Even the Ji family may not be able to save it now. This kid is here."

Many pharmacists were talking about it, ready to see David's joke!

"Yao Zun, he..." Ji Cheng wanted to put in a good word for David!

But before he finished speaking, the Medicine Master waved his hand and stopped him!

Then he looked at David coldly and said, "You said my virtue is not up to par?"

"Not bad?" David said without changing his expression!

"Do you know who you are talking to?" Yaozun narrowed his eyes slightly!

"I feel like you have to show your appearance. As for the tests you set, I'm afraid you won't be able to pass it yourself?"

David looked at Yaozun provocatively and said!

The reason why David said this was to resonate with many pharmacists!

Because many pharmacists think that the assessment is too difficult, and even the Medicine Master himself cannot pass it!

Sure enough, when David said these words, he instantly caused a commotion among many pharmacists!

"I also feel that it is difficult for Yaozun himself to pass the test."

"That's right, this test is too difficult. It's almost an epic level of difficulty." "

Finally, someone dared to bring it up. I don't know how this medicine master will deal with it."

Everyone was talking, but the discussion was not at all. Not bad, everything reached Yaozun's ears!

Listening to everyone's discussion and seeing David's provocation, Yaozun's face turned ugly!

"Boy, what do you mean? You want to compete with me?"

Yaozun asked with a cold face!

"What's wrong with comparing!" David smiled lightly!

"If you want to compete with me, I'm afraid you are not qualified yet. If you want to compete with me, you must pass this test first!"

Yaozun waved his hand, and the illusion array in front of him became clear!

Everyone only saw a patch of flowers and plants faintly appearing in the void. These were the various fairy grasses in the illusion array!

The content of the assessment is to use the fastest speed to identify the types of grass jelly by taste, shape and color!

"If you want to compete with me, then go in..."

Yaozun snorted coldly!

David smiled lightly and walked into the illusion formation without any hesitation!

Various fairy grasses in the magic array swayed in the wind, and the voice of the Medicine Master rang in David's ears!

"You have to find the lotus seed heart, Han Gongqiu, wild mugwort, gentian, Qianli and..." "

Remember, you only have ten minutes from these fairy grasses. , If you can't find these fairy grasses within ten minutes, it will be considered a failure."

"You are not qualified to compete with me..."

Yaozun named more than a dozen kinds of fairy grasses in succession, which were obviously more powerful than me. The number of other people's assessments was much higher, and they were only given ten minutes, which was too short!

"Are you kidding? It's impossible to find more than a dozen kinds of fairy grass in ten minutes." "

Even the Medicine Immortal cannot complete this level of difficulty." "

This is simply an impossible test. It seems that the Medicine Immortal can't complete it. I can't afford to play anymore."

Everyone was fighting for David. This was not an assessment, this was just bullying!

No one can find these dozen kinds of fairy grass in ten minutes!

But David didn't say anything. He looked at the patch of grass in front of him, his eyes were like radar scanning!

Countless types of fairy grass passed through David's sea of consciousness. The Daluo Golden Code in David's sea of consciousness began to flash, and each type of fairy grass began to be accurately positioned!

I saw David walking forward calmly and starting to pick the grass jelly without looking!

Chapter 3229

as if he already knew where the fairy grass was.

David found more than a dozen kinds of fairy grass in this field of flowers and plants without even using them for ten minutes!

David showed this to everyone!

After looking at the dozens of kinds of fairy grass in David's hand and finding them completely without mistake, all the pharmacists were stunned!

Even the Medicine Lord frowned and his expression became a little unnatural!

"Damn it, what... is this situation, cheating?"

"What are you thinking about, how can you cheat in this illusion formation, but this is too outrageous." "

I didn't expect that this young man is really a bit With such ability, no wonder you dare to challenge Yaozun."

Everyone's eyes widened, staring at David in the illusion formation, and their jaws almost dropped in shock!

David slowly walked out of the illusion formation, smiled faintly at Yaozun, who was still a little shocked, and said, "Am I qualified to compete with you now?" The muscles on Yaozun's face jumped a few times, and then

he He snorted coldly and said: "Okay, I will compete with you, but do you need to bet a little before the competition?"

"What do you want to bet on?" David asked!

"Bet your life!" Yaozun's face was full of ferociousness!

David dared to challenge his majesty in front of many pharmacists, and the Medicine Master would never let him go!

When he heard about the fate of the bet, Ji Cheng panicked and wanted to say something, but David waved his hand to stop him!

The other pharmacists all took a breath. They didn't expect that the Medicine Master would play so hard and risk his life!

Everyone looked at David, wondering if they dared to gamble!

"No problem, if you win, you can take my life as you please."

David said without caring!

"This is what you said. So many people can testify, so let's start the competition!"

Yaozun's eyes shined with confidence on his face!

"Wait a minute, what if you lose?" David asked!

"I can't lose." Yaozun said with great confidence!

"What if you lose? You can't let me pay the bet myself, right?" David stared at Yaozun and asked!

"If I lose, you can make whatever conditions you want."

Yaozun said!

"Okay, if you lose, I don't want your life. I just want your mansion and all the fairy grass in it."

David glanced at the magnificent mansion and said!

Yaozun was slightly startled, but did not immediately agree to David!

"What? You don't dare to agree, are you afraid that you will lose?"

"I dare to bet my life, and you only have this little thing, don't you dare?"

"If you don't dare, just give in, and I will take what I need. Leave, this mansion is still yours, and you are still the sought-after medicine master." "You

continue to play with those beautiful female pharmacists who are confused by you..."

David's words were full of ridicule!

"Nonsense, who says I don't dare? If I lose, I'll give you everything."

Yaozun said angrily!

"Well, whatever you say, I'll accompany you!"

David made a very gentlemanly gesture of invitation!

Seeing David being so arrogant, the Medicine Master lost his grace and said through gritted teeth: "As pharmacists, the best way to demonstrate our strength is in elixir refining. We are now refining the same elixir. Let's see who can refine it." Fast and good!"

"No problem, what kind of elixir should I refine?"

David asked!

I saw Yaozun taking out a porcelain bottle from his arms, pouring out a pill from it and saying: "Then let's compete in refining this Yuqing Pill..."

Seeing Yaozun compare with refining Yuqing Pill Dan, many pharmacists were immediately in an uproar!

"This Yuqing Pill is Yaozun's famous work. It would be a bit unfair to compare it like this, right?" "

Yaozun is really impatient. He has done this." "

Using his best elixir to compete with others. It's really out of character."

Everyone sneered at Yaozun's approach, but they only dared to say it secretly and did not dare to question it openly!
