

Mistaken Marriage, Unexpected Love

Chapter 111

Chapter 111 Jumping Into The Sea

Camila shook off Isaac's hand in a fit of anger

If he had already made an appointment with this woman, why was he still pretending to like her?!

This man should be an actor. After all, he had impeccable acting skills! "Isaac, you liar!" She was so mad that she stormed upstairs and

banged her feet loudly against the floor. Suddenly, she stumbled on one of the steps and almost fell down.

Perhaps this was due to her leg

not being fully recovered, or the fact that she was running so fast, or simple because her mind was so clouded by rage that she couldn't

think of anything else. Either way, she managed to grab the handrail just in time and stopped herself from completely falling down

After this setback, she felt even more annoyed. Not only did she make a

fool out of herself in front of Isaac, she also did it in front of his woman! "Something's wrong with the design of the stairs!" Camila

complained

"What a shabby villa!"

Isaac slightly narrowed his eyes at her and said, "Okay, then. I'll ask

someone to demolish it and rebuild it exactly how you like it."

Camila turned around and stared daggers at Isaac
This goddamned man was flirting with her again!

"Shut up! Just go to the hotel and check in!" After Camila said that, she continued running upstairs

Seeing her in such a furious state, Isaac couldn't hide his smile

Was she acting like this because she was jealous?

If that were the case, that meant she cared about him, right?

Just the thought of it made Isaac's face light up

Suddenly, his mood softened. As a result, his expression turned friendlier as well. "Did Willie ask you to say that?"

he said to Fidelia

Meanwhile, Fidelia was still stunned by everything that had just happened that she didn't realize Isaac was talking to her. As soon as she did,

she nodded frantically and replied, "Yes, he did."

However, the truth was that Willie didn't

Willie had asked her to deliver the documents with the intention of making Camila see her

Then, it was Fidelia herself who had decided to ask Isaac whether he wanted to go to the hotel with her

She wanted Camila to break up with Isaac! ™

"I see. You can go back now." Isaac's tone was cold and indifferent. Then, he turned to Glenda and ordered her to see the guest out

Fidelia didn't say anything more

She just followed Glenda obediently

After that, Isaac called Willie and asked him to come to the villa

Although Willie's idea seemed to have helped him, Willie had done it behind his back. If it hadn't worked, it might've made the situation even worse! 4

Isaac wouldn't tolerate such brazenness!

After hanging up the phone, Isaac went upstairs

Meanwhile, Camila had buried her head into her quilt. Her mind was starting to clear up

Had she just overreacted a while ago?

What would Isaac think of her?

As these thoughts dawned on her, a feeling of shame began to gnaw at

her heart

How could she do such a shameful thing?!

What a shame!

She felt so embarrassed that she wanted to dig a hole in the earth and hide there forever!

Even if she was really angry, she shouldn't have shown it in front of Isaac!

Right now, Isaac was probably laughing at her and her stupidity

Shortly after that thought crossed Camila's mind, Isaac pushed the door open and saw Camila lying on the bed.

When he saw this, his eyes

lit up and his lips curled into a smile

He couldn't help but notice how cute this woman was!

He entered the room and made sure that his footsteps made no sound

As soon as she noticed that someone had come in, Camila immediately sat up from her bed. When she saw that it was Isaac, she sneered.

"Why are you here in my room instead of the hotel?"

Isaac's expression remained calm and cool. He just looked at her like a cute pet acting out

This only further infuriated Camila. "I'll never be fooled by you again! So don't even try!"

Slowly, Isaac opened his mouth and asked, "Are you angry?"

"Angry?" Camila scoffed. "Why would I be angry? I want you to be with that other woman! I—"

"No need to lie to me, okay?" Isaac interrupted her
Camila's body leaned back, as though his words had just offended her

Even though it was already very clear, she still refused to admit her true

feelings. "Lie? I'm telling the truth! I only want to divorce you—"

Before she could finish her words, Isaac's lips shut her up. He grabbed the back of her head and continued to push himself closer to her

He no longer wanted to hear the word "divorce" ever again!

As Isaac's kiss grew deeper and deeper, Camila kept pounding his shoulder, trying to push him away. "Isaac! Let go of me!"

Isaac pulled away and looked deep into Camila's eyes.

"Mila," he said, holding both her hands. The look on his face and the tone of his voice

were serious. "I don't have a relationship with other women."

Camila gnashed her teeth and rolled her eyes. "You're still lying to me? You—"

"I'm not lying to you," Isaac cut her off. "Willie arranged for that woman to send me documents with the intention of making you see me with another woman. He said that if you became jealous, that meant you liked me."

Isaac squeezed Camila's palms. Then, in a soft voice, he said, "Do you know how happy I was when I saw you get angry?"

Camila bit her lower lip

Had she just fallen into his trap?

She immediately sank her head and hid her face from him. Now, she felt even more embarrassed than before!

Isaac pinched her chin and forced her to look up. "Don't ever mention the word divorce to me again. Isn't it better for both of us to just stay like this?"

As Camila stared into Isaac's eyes, she clearly knew that this man was manipulating her emotions and taking advantage of the fact that she

liked him. Slowly, her eyes started to water with tears. "I..."

Her voice cracked as soon as she spoke

"If you're still mad at me about the miscarriage and your leg injury, then beat me and scold me until you're satisfied. Or you can ask

anything from me and I will do it. Just don't bring up divorce ever again." Isaac's gaze

at Camila grew more intense the more he spoke

Camila looked away and sniffled. "I do hate you. But..."
But she couldn't
help falling in love with him
However, instead of saying that, she bit her lower lip and
asked, "You don't care that I've had sex with another man
before?"
Isaac shook his head. "I don't care."
He knew the truth clearly in his heart
Camila was a pure woman. 2
The first time she gave herself to him, she was pure!
After some hesitation, Camila added, "What if I give birth
to that man's
child, would you care?"
If he could accept this, then everything would be fine.
However, if he couldn't, then their relationship was
doomed to begin with
She didn't want to be with him if it would only end in hurt
and misery for the both of them
Isaac didn't fully understand what she had meant. He
thought she was
referring to her lost child
So, when he thought of that, his face turned gloomy. "If
your child is
still alive, then I'll treat it like my own and love it as much
as I can." "Are you sure you can do it?" she asked again
"I never lie," Isaac answered decisively
"Okay. Then let me tell you..."
Before she could finish her words, a loud bang cut her off
The door was suddenly pushed open, and just outside the
threshold,

Willie was standing, catching his breath. "Mr. Johnston, I have bad news! Debora is about to board the ship to another country!" 2

Whatever Camila had to say was lost as soon as Willie arrived

Isaac's attention diverted to Debora. He asked in disbelief, "Did you let her run away?"

"No!" Willie vehemently denied. "As we speak, our men are chasing after her. However, it's only a matter of time before she's in the middle of the sea. Once she gets there, there's little to no hope for us to catch her!"

After a while, there was a lengthy silence as Isaac stared at Willie, who was starting to sweat bullets

"You're useless!" Isaac snapped as he gnashed his teeth.

"Let's go and find her as soon as possible!"

He was about to step out when he suddenly remembered Camila. "Stay here at home. I have to do something," he told her

"Why did Debora run away?" Camila asked curiously

"She did something wrong," Isaac replied with a vague answer

Camila didn't bother prying further. She just nodded and said, "Okay. Go and do your work."

Debora had done an amniocentesis on Camila, which caused the child's death. Was this Debora's way of getting her retribution?

As Isaac walked out, he barked orders at Willie. "Tell our men to stop her no matter what!"

"Okay."

"Is there a boat that we can board now?" Isaac asked

"There's a yacht," Willie answered

"Okay. Let's go!"

Isaac walked out of the villa as fast as he could. @

Together with Willie, he drove straight to the dock

Even though it was already a bit late for them to set off,

Willie had already asked the stalkers to stop Debora

When they arrived, the two sides were already fighting

The ship was in utter chaos. Some people were even

falling into the sea

Willie drove the yacht close to them and stopped beside

the boat. Then, he asked his men to lift the deck. After

stepping onto the deck,

Isaac

boarded the boat

As soon as Ryder spotted Isaac, he squinted. "Debora is

my woman! For

my sake, let her go!" he cried

Isaac stood on the deck. Even though the sea breeze blew

his hair and made his clothes flutter, he remained

incredibly still

His legs were rooted to the floor. No amount of force could

move him

He snorted at Ryder and said, "No way." Then, he turned

to Willie and ordered, "Go find where she is!"

"Okay!" Willie responded with a nod

When they came here, they had brought some people

along with them

Now that they had joined the fight on the deck, Ryder's men were now at a disadvantage and were about to retreat. Seeing this, Ryder began to panic. "Do you really have to be my enemy?" Isaac spat, "It's you who want to be my enemy." Suddenly, Debora appeared from out of the blue and ran behind Ryder, using him as a shield. "No! I would rather die than go back to prison!" she cried desperately. From the sound of her voice, it was obvious that she was afraid of being caught again. During her stay there, she was constantly mistreated. Her life was a living hell there. "Ryder, you must save me!" Debora pleaded. She grabbed both Ryder's arms and squeezed them tight with no intention of ever letting them go. One by one, Ryder's people started to fall down. Finally, there was no one else around to help him. "Ryder, hand over Debora," Willie threatened with a cold look. "Or do you want us to beat you first before you do? My men are tough. They won't go easy on you. If ever you get hurt, don't say I didn't warn you!" 4 Ryder looked around. Seeing he had no choice, he let out a sigh and told Debora, "I'll try to save you again." Debora's eyes widened in horror. "Are you giving up on me?"

Ryder gnashed his teeth and looked away. "It's not that I want to give up on you. It's just that given the current situation, there's nothing that I could do to help you." Indeed, Ryder was left with no choice in the face of Isaac's strong force. The only thing he could do right now was prepare for the future.

Deborah's face turned pale with despair. Then, she began chuckling maniacally. If she was taken back this time, there was no way Isaac would give Ryder another chance to save her. She would rather die than be tortured! With this in mind, she pushed Ryder off her and plunged herself into the depth of the sea.
