

Mistaken Marriage, Unexpected Love

Chapter 126

Chapter 126 Whose Child Is It

When Glenda saw a little baby in Camila's arms, she walked over curiously

"Whose baby is this?"

She looked at Laura and guessed, "Is it Miss Ballard's?"

Laura looked at Camila with a soft smile on her lips and said, "I've not been blessed that way yet."

Glenda looked at both women in confusion. "Then whose is it?"

"Mine," Camila said in a low voice

Glenda's eyes went wide. "Mrs. Johnston. You mean... Your child?"

Glenda was still in a daze but managed to ask, "Is it Mr. Johnston's?"

"No," Camila said honestly

"What?" Glenda exclaimed. "If it's not Mr. Johnston's, then whose is it? You have a child with another man?"

"Yes." Camila nodded

"Mila!" called a deep angry voice from behind her

Camila stiffened before turning around and meeting

Robin's pale face. He was standing on the steps in front of the door with a walking

stick. He must have heard what she just said. "Come with me," he said coldly and walked into Isaac's study. @

Stevie was looking at Camila coldly, as if accusing her of being ungrateful

Robin always had a great admiration for Camila. He had great hopes for her too

She didn't expect her to do something so despicable. @

Camila handed the baby to Laura and said in a low voice, "You guys should

head up to the room first."

Laura nodded and took Joe to the room

Glenda gave Camila worried look. "Mrs. Johnston..."

Camila just shook her head gently to stop her. Sooner or later, Robin was going to find out. She just had to face it

She took a deep breath and went into the study. Stevie closed the door behind her

"Come here," Robin ordered from behind the desk

Nervous, Camila walked to the front of the desk

"Did you really cheat on Isaac?" Robin looked at her seriously

He already knew about it, but seeing the proof before him made it more real and unsettled him

He felt even more devastated because he was the one that arranged the marriage between Camila and Isaac. He

had done wrong by his eldest son and Isaac

Camila didn't give an answer, but it was obvious

Livid with anger, Robin hit the desk hard with his tight fist

The loud sound startled Camila until she took a step back and stiffened

This was the first time she was seeing Robin so angry

He had always been very kind to her

So, if he was acting this way, Camila understood that she had gone overboard

"I'm sorry..."

"How will sorry help?" he shouted in anger

Stevie walked over to him and patted Robin on the back comfortingly. "Calm down, sir. You might hurt yourself again if you get too worked

up."

Robin had been very angry when he found out about her cheating on Isaac. But seeing the child in this house, and in Camila's arms was not

only a humiliation to Isaac, but also a betrayal to Robin.

He had trusted Camila and even cured her mother

How could she repay him like this?

"You are nothing like your grandfather!" Robin spat out.

He could never forget

that her grandfather had saved him

That was why he was holding himself back so much

After a moment's pause, Robin looked at her seriously and stated, "You can not be with Isaac anymore."

Camila wasn't surprised by this

However, things were a little different between her and

Isaac now. They both had feelings for each other

"Grandpa..."

"Don't call me Grandpa!" Robin snapped. "Since I set up the marriage, it's only right that I end it too."

Camila felt like she couldn't breathe anymore. She gulped, but it hurt

"What? Are you going to refuse?" Robin asked, seeing her pale face. "Do you want that bastard to call Isaac dad? Do you really think that's

possible? Do you think Isaac will accept such? What of me? Did you really think I will give my consent?"

Camila began to realize that Robin was right. She had ignored some important details

Isaac was the successor of the Johnston family and his wealth was immeasurable

The more powerful the clan was, the more cautious and serious they were about their bloodline

Even if Isaac didn't mind raising the child as his own, would Robin let it? The old man knew that the child had no blood ties to his family

If this had been an ordinary family, it wouldn't have been an issue

But no, it wasn't an ordinary family. The Johnston family was rich and powerful

Standing in front of that desk, Camila saw all her dreams come crashing down before her eyes

She had been so focused on her and Isaac that she didn't stop to think of all

the other external factors

She also didn't think of how hurt the child would be growing up in such an unhealthy environment where he would always feel unwanted

She thought about herself and didn't even consider the life she was giving her child

Her child deserved a stable and comfortable living environment to grow up in

Instead, she had been ready to drench him in such a complicated family

"I'm going to leave," she finally said in a low voice

Robin nodded, satisfied with her decision. "Good. I won't make things difficult for you. Since I registered your marriage certificate with Isaac, I can easily register the divorce too."

"Okay, grandpa." Camila lowered her head sadly and added in a voice that broke, "You helped me save my mother. But... but I let you down."

"You don't have to say all of that. It's of no use. I just don't want to see that child in this family anymore. You need to do one more thing for me too," he said gruffly, no longer the gentleman he had always been around her

Since this was Camila's mess, he thought it was only right that she helped him

"What will that be?" Camila had no reservations helping him. He had saved her mother after all

If she did something for him, she wouldn't have to feel guilty

"There is a woman named Fidelia with Isaac right now. I want her to replace you and become his wife. However, Isaac doesn't want to

divorce you. I need you to make him hate you." @

Camila wasn't expecting that at all. But she schooled her features and asked, "Can you ask for something else, grandpa?"

She knew she had to leave, but she didn't want to leave in such a way

"Well, yes. There is another option." Robin nodded and said, "You can make a match between Isaac and Fidelia."

Camila found it difficult to keep a poker face after he said this. This one was

even worse than the first one

How did he expect her to make a match between the man she liked and another woman?

"What's that face for? Can you not do it?" Robin asked coldly

Yes, she didn't want to do such a thing. She cleared her throat and said, "Grandpa, you know Isaac's temperament. Do you really think I can make him do something he doesn't want to do? I can only promise to do my best, but you can't blame me if it doesn't work out." Since she

couldn't blatantly refuse to do it, that was all she could say Besides, she did have to return the favour Robin did her by saving her mother

If not, he would always bring it up in the future, and she didn't want to owe him anymore

Robin sighed and nodded in agreement. "It's true that Isaac isn't someone that can be controlled. But you have to try your best."

Then he turned to Stevie and said, "Make sure no one tells Isaac what happened today."

Stevie nodded and immediately went out to deal with it

Robin then glanced at Camila coldly and warned, "Isaac should never find out about this conversation." @

"I know that." Camila wasn't stupid. She knew how these things worked

Robin harrumphed and left, satisfied to have dealt with everything

Camila also went out, but she was too weak. She leaned onto the handrail and walked down slowly, one step at a time

Laura had been worried about Camila all along. As soon as she spotted Robin leaving, she came over and held Camila. "Are you okay?"

"I'm fine." Camila nodded, but it wasn't very convincing. She tried her best to put on a brave face and asked, "Where's Joe? Is he still crying?"
