I am a quadrillionaire chapter 2296-Perhaps they had the same idea.

“I don’t have a say in this, I will have to hear from Mr. David. After all, he’s the most authoritative person in the Star Kingdom.” Sid still did not agree.

He mentioned he wanted to consult David.

In fact, he already knew that David would not bother about such a small matter.

He only wanted to shut everybody else up with David’s name.

“But... Lord Sid, we shouldn’t disturb Master David on such a small matter! He is spending all of his time cultivating recently, we can’t be causing more trouble for him knowing that there is nothing we can do to help him right? Since he has already appointed you to handle the matters of the kingdom, you have the right to decide whatever happens here,” Zenon said casually.

He was already secretly cursing in his heart.

Of course, he understood Sid’s intentions.

‘He’s just trying to use David’s name to suppress me.’

‘I agree to not disturb Master David. He is already racing against time to cultivate, how can we cause him more trouble? This is basically telling him how incapable and inconsiderate we are.’ One of the six Sacred Saints, York,

from the Ginger family, spoke up.

The four other Sacred Saint masters also leaned toward what Zenon had mentioned.

The elites needed to be transferred.

Yet, David did not need to know about this.

This relates to the continuity of the families in the kingdom.

None of them could sit out of this.

“Sigh...There’s something that you all need to know. Although Mr. David has ordered me to manage the Star Kingdom for the time being, he also mentioned that if there are any important decisions to be made, he must be informed. I am certainly not brave enough to turn against him. If any of you dare to, why don’t you bear the responsibility if he asks about this?”

Everyone kept quiet the second these words came out of Sid’s mouth.

‘What a joke.’

‘Who dare to disobey the words from a partial Divine Realm master?’

‘Unless you wish to die young.’

Although the crowd doubted the credibility of Sid’s words.

None of them dared to take the risk of offending David.

They knew that they would not be able to stay in the Star Kingdom if they lost the bet.

Everyone fell into deep silence.

Sid noticed that his goal was achieved and he was about to say something else.

‘Huh?’

‘What’s going on?’

‘Where did two come from?’

One was sitting in an empty spot with both their legs on the conference table and the other standing behind him.

Sid thought that he was hallucinating.

He rubbed his eyes hard to make sure he did not see wrongly.

His facial expression immediately darkened.

“Who are you and why are you here?”

Zenon and the rest turned.

A stranger then came into sight.

The one who was behind Sid looked familiar.

Everyone was surprised.

'Who are these two?'

'When did they show up?'

'How did no one notice them?'
