I am a quadrillionaire chapter 2480-At the same time, she was trying to remember these places so that she could ask David to buy the food for her after she found him.

Whenever she thought of the days after she found her big brother, the little girl would break into a happy smile on her dirty face.

This might be the only motivation for her to carry on looking.

Time was passing by little by little.

One day and three months later, Pebbles came to a big store in the center of Amber City and she sat in the corner of the store entrance.

She smelled something she liked inside.

She wanted to go in and smell it up close, but she was afraid of being discovered.

At this time, the sound of conversation came from inside the shop and the sound was getting closer.

It seemed like someone was coming out.

The little girl hurriedly got up and hid aside. She then curled her small body tightly into a ball.

“Mr. Rosher, we’ve had such happy cooperation this time. If you have any good things in the future, you must come to me, brother, and you can’t sell them to others.”

“You don’t have to tell me twice. Since you are so sincere and you always propose such a high price, I will definitely sell it to you first if I have something good, Mr. Rivers!

Anyone who doesn’t want to earn money is stupid. We are all businessmen, so who dislikes money?”

“That’s true! Mr. Rosher, don’t worry, I will always give you the highest price no matter when you come to me and I will not let you suffer any losses.”

“Mr. Rivers, we have a deal!”

“It’s a deal! By the way, Mr. Rosher, I heard that some time ago, you sent some people to develop the city down south. Can you tell me how is the progress?”

“Mr. Rivers, you are so well-informed! Haha...”

“Nah, I got wind of that from hearsay and I don’t know how accurate it is, so I want to ask you to confirm it personally.”

“Mr. Rivers, to tell you the truth, after that incident, there are not many good things in the eight main cities. Even if there are, they are all in the hands of big forces and will never be sold. On the contrary, the cities down south have not been affected. There are still many good things there and so as long as you are willing to pay the price, you can get your hands on many precious treasures.”

“So, are you saying that you’ve gained a lot this time?”

“Of course! During this period, I wandered around to see which place I could afford. When the time comes, I will ship the treasures back and deal with them together at the same

time. After I get the money, I can continue purchasing. I will take advantage of this once-in-a-lifetime opportunity to buy and sell a few more times to earn some pocket money.”

“Then, are you satisfied with the price I offered?”

“Of course! I am very satisfied! So as soon as the items arrive, I’ll send them to you directly. Mr. Rivers, you only need to prepare the money.”

‘Thank you, Mr. Rosher, for your trust. Don’t worry, I’ve already prepared the money so no matter how much you bring me then, I can buy them all with no problems.”

“Haha! It’s good that you say that. I was worried that you won’t have enough money then.”

“Mr. Rosher, what are you saying? Although I, Thor Rivers, just arrived in Amber City not long ago, I can be regarded as experienced in the business circle. How will I dare to come to Amber City to develop without any strength? I might as well just tell you, Mr. Rosher, in fact, I am just an employee. My master is the real boss! It’s just that he can’t show his face, so he left everything to me.”

“I understand! I understand! Haha! Mr. Rivers, I look forward to our pleasant cooperation again.”

One of these two persons walking and talking was Thor, who had been following David for a long time.

Now, he had made a name for himself in the Amber City business circle.

With the protection of Arian, the captain of the Amber City

law enforcement team, as long as he did not offend the three major forces, he could basically do whatever he wanted in Amber City.

The other was a businessman who conducts business with Thor.

He was quite strong and he was one of Thor's major clients as he had provided him with many treasures.

Businessmen were all chasing profit.

Thor's price was the highest in Amber City and he had a strong backing. So, in less than a year, he made a name for himself in the Amber City business circle.

Many businessmen were willing to do business with him.

Who did not want to be able to sell higher and make more money?

No one would say no to money.

Of course, by doing this, Thor also threatened a lot of people's interests. If Arian did not help him from behind, he would have been destroyed a long time ago.
