I am a quadrillionaire chapter 2482-Not only were her eyes similar, but her dirty little face was also similar.

The only difference was that she was younger.

Back then, Thor remembered Pebbles very well because the little girl would only steal treasures.

Since he was worried that the little girl's family would come back for revenge, they did not do anything to her. He, and the bosses around him, did not have a strong background.

So, they allowed her to do anything she wanted. In the end, David showed up.

To be honest, Thor did not expect the little girl to stop after he called out Pebbles' name.

The two stayed silent for a while.

The little girl asked with a childish voice, "Who are you? How do you know my name?"

Thor was stunned. Then, he asked, "Are you also named Pebbles?"

"Yeah, were you calling me just now?"

"Um, I'm sorry, honey. I got the wrong person. I have a friend also named Pebbles too so I thought you're her," Thor explained.

"Does your friend look a lot like me?" The little girl was curious.

“Similar, especially the eyes. They look very similar.

However, she’s much older than you.”

“I see. If there’s nothing else, I’ll take my leave,” the little girl said and was about to leave.

She would not get close to Thor after just a few words.

The only person she could trust unconditionally was her big brother.

No one else could earn her trust.

When Thor saw Pebbles leaving, he went to stop her, “Wait!”

“Can I help you with anything else?”

“Honey, if you don’t have anywhere to go, just follow me from now on,” Thor proposed.

He did not know why he said that.

Perhaps he was influenced by David.

It was pretty nice helping others and doing good if he had the ability.

Judging by how dirty this little girl was, she must have been wandering for a long time.

Moreover, she was so sensible and looked so similar to Pebbles that he believed Master David would like her.

Thor thought the little girl would happily agree, but unexpectedly, the other party directly rejected him.

“Thank you for your kindness, but I can’t go with you, I have to find my big brother.” The little girl shook her head.

As soon as she mentioned her big brother, there was a strange light in her eyes as if this was the only motivation for her to persevere.

'Big brother?' Thor wondered.

His eyes widened in disbelief.

He figured, 'This can't be such a coincidence, can it?

'This little girl's name is Pebbles and she also has a big brother.

'Moreover, she looks like Pebbles when she was a child!

'No wonder she feels so familiar to me.'

Various indications proved that the little girl in front of him was probably Pebbles who left not long ago.

"Kid, what's your big brother's name? Maybe I know him!" Thor asked quickly.

Now, he had to confirm the identity of the little girl.

If she was really the same Pebbles who left, that would be a big deal.

When Pebbles left, she was already in her teenage years. How did she suddenly become a little girl of four or five years old?

She also forgot a lot of people and things. She did not even remember Thor, only Master David.

This must be caused by her soul being severely injured.

Thor could not imagine how mad David would be if he saw Pebbles like this. Pebbles was severely injured and had lost her memory. Moreover, she was homeless and wandering all

over the place like a beggar.

How many people would endure Master David's anger?

Wouldn't Master David destroy the person who dared to hurt Pebbles like this?

"Sir, do you know my big brother?" The little girl's eyes lit up.

Finding her big brother was her only aim now.

As long as she could find her big brother and stay with him, she would not need to worry about anything else.

Not only would she have all the food she could eat, she could even sleep in David's warm embrace.
